Smith, 2002 African literature like the continent itself is enormous and diverse East Africa's literature is different from West Africa's which is quite different from South Africa's which has different influences on it than North Africa's Africa's literature is based on a widespread heritage of oral literature some of which has now been recorded Arabic influence can be detected as well as European especially French and English Legends myths proverbs riddles and folktales form the mother load of the oral literature This book presents an overview of African literature as well as a comprehensive bibliography primarily of English language sources Accessed by subject author and title indexes *Influences de lectures françaises dans l'oeuvre poétique d'Antonio Aparicio* Fabienne CAMARERO DELACROIX, 2016-03-15 Esta obra colectiva recoge buena parte de las comunicaciones y las ponencias presentadas en el XVII Coloquio de la APFUE la Asociación de Profesores de Francés de la Universidad Española que ha trocado recientemente su denominación por la de AFUE Asociación de Francesistas de la Universidad Española cambio motivado en opinión expresada mayoritariamente de sus miembros por

entender que el término francesista refleja mejor al conjunto de los universitarios que se dedican a los Estudios Franceses en España tanto en la docencia como en la investigación. El volumen da cumplida respuesta aunque dilatada en el tiempo dentro del vasto campo de nuestros estudios al lema que presidió el coloquio *Texte Genre Discours*. A la hora de organizar las distintas contribuciones en lugar de ceder a la tentación de ordenarlas alfabéticamente hemos optado por respetar la distribución en mesas temáticas llevada a cabo en el congreso. Con ello nos atenemos a la coherencia y cohesión exigibles en una edición de esta naturaleza y más si cabe con el asunto planteado. *Literary Anthropology* Fernando Poyatos, 1988. The traditional gulf between the theory and practice of literature and the various areas subjoined under anthropology has hindered the development of some very fruitful perspectives in the realm of poetics and the general theory of literature particularly in its narrative forms. Poyatos' initial idea of literary anthropology as the study of people and their cultural manifestations through their national literatures without doubt the richest source of documentation of human life styles and the most advanced form of our projection in time and space and of communicating with contemporary and future generations has been enriched by the thoughts of a multi-cultural group of scholars from both anthropology and literature who at a first symposium on the subject attempted to define this area leaving the way open to many more research possibilities. **Worlds**

Apart Elizabeth R. Jackson, 2014-10-09. No detailed description available for *Worlds Apart*. *Esotericism and Deviance*, 2024-02-06. The concept of deviance has been central to the academic study of Western esotericism since its inception. This book being the proceedings of the 6th Biennial Conference of the European Society for the Study of Western Esotericism, ESSWE explores the relationship between esotericism and various forms of deviance as concept, category and practice from antiquity until late modernity. The volume is the first to combine incisive conceptual explorations of the concept of deviance and how it informs and challenges the study of esotericism alongside a wide range of empirically grounded case discussions.
