Before the innovative work of Zora Neale Hurston folklorists from the Hampton Institute collected studied and wrote about African American folklore Like Hurston these folklorists worked within but also beyond the bounds of white mainstream institutions They often called into question the meaning of the very folklore projects in which they were engaged Shirley Moody Turner analyzes this output along with the contributions of a disparate group of African American authors and scholars She explores how black authors and folklorists were active participants rather than passive observers in conversations about the politics of representing black folklore Examining literary texts folklore documents cultural performances legal discourse and political rhetoric *Black Folklore and the Politics of Racial Representation* demonstrates how folklore studies became a battleground across which issues of racial identity and difference were asserted and debated at the turn of the twentieth century The study is framed by two questions of historical and continuing import What role have representations of black folklore played in constructing racial identity And how have those ideas impacted the way African Americans think about and creatively engage black traditions Moody Turner renders established historical facts in a new light and context taking figures we thought we knew such as Charles Chesnutt Anna Julia Cooper and Paul Laurence Dunbar and recasting their place in African American intellectual and cultural history      *A Cat's Tale* Baba the Cat, Paul Koudounaris, 2020-11-10 A fun fanciful and even informative history of felines as revealed by a very learned tabby with a knack for hunting down facts People Since the dawn of civilization felines have prowled alongside mankind as they expanded their territory and spread the myth of human greatness And today cats are peddled on social media as silly creatures here to amuse humans with their antics But this is an absurd self centered fantasy The true history of felines is one of heroism love tragedy sacrifice and gravitas Not entirely convinced Well get ready because Baba the Cat is here to set the record straight Spanning almost every continent and thousands yes thousands of years Baba s complex story of feline survival presents readers with a diverse cast of cats long forgotten from her prehistoric feline ancestors and the ancient Egyptian cat goddess Bastet to the daring mariners at the height of oceanic discovery key intellectuals in the Enlightenment period revered heroes from World Wars I and II and the infamous American tabbies Baba a talented model in addition to a scholar goes beyond surface level scratches pairing her freshly unearthed research with a series of stunning costume portraits to bring history to life A paws on journey through the feline hall of fame with in depth research and four legged testaments that will make you rethink who defines history *A Cat s Tale* is a one of a kind chronicle that introduces readers to the illustrious ancestors of their closest companions and shows once and for all that cats know exactly what they re doing Almost certainly the most unique cat history book ever published *Smithsonian Magazine*      *The People's Illustrated Dictionary of the English*
