## **Of Heaven Earth Essays Presented At The First Sitchin Studies Day:**

*Of Heaven and Earth* Zecharia Sitchin, 1997-01-01      *Of Heaven and Earth* Neil Freer, 1996 Presents information on Sitchin's theories about the origins of mankind and the intervention of intelligence from beyond the Earth. He and the other contributors offer a scholarly approach to the ancient astronaut theory. Contains the complete transcript of the first Sitchin Studies Day held in Denver, Colorado, on Oct 6, 1996. Following Sitchin's detailed keynote address are six other prominent speakers whose work he has influenced. They include philosopher Neil Freer, UFO expert J. Antonio Huneus, clergyman Father Charles Moore, author V. Susan Ferguson, and two university professors, Madeleine Briskin and Marlene Evans. They agree that certain myths were actual events instead of figments of imaginations. Sitchin's work comprises the early part of a new paradigmone that is already beginning to shake the very foundations of religion, archaeology, and our society in general.

**The History of the Christian Religion and Church During the First Three Centuries** Augustus Neander, 2000-02  
Neander was one of the greatest religious historians to have ever lived. In this abbreviated version of a larger work, he covers the current of Gnostic ideas during the formation of Christianity. This topic is important because it outlines all of the competitive beliefs that were at work at the time and how they affected the Christian struggle in both good and bad ways. This rare book may cause one to never look at Christianity in quite the same way again due to its immense scholarship and interesting array of facts.

**The Malleus Maleficarum of Heinrich Kramer and James Sprenger** Heinrich Institoris, Jakob Sprenger, James Sprenger, 2000. This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts, the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

**Zecharia Sitchin and the Extraterrestrial Origins of Humanity** M. J. Evans, 2016-05-17. An in-depth analysis of Sitchin's revelations about the Anunnaki, early humanity, and Earth's future. Examines Sitchin's research into the Anunnaki arrival on Earth, the lineage of the Nefilim, their space travel technology, and their creation of modern humans. Written by longtime Sitchin friend and colleague M. J. Evans, Ph.D., and draws upon her research and personal discussions with Sitchin. Explores the lust and lovemaking relationships of the Nefilim and suggests we inherited our warlike and love-making tendencies from them. Known for his provocative interpretations of ancient Sumerian and Akkadian clay tablets, Zecharia Sitchin (1920-2010) read the words of our most ancient ancestors as fact, and through decades of meticulous research, showed that these ancient tablets revealed a coherent narrative about the extraterrestrial inhabitants of Earth and the origins of modern humanity. Drawing upon her many conversations with Zecharia Sitchin over nearly 20 years, M. J. Evans, Ph.D., longtime Sitchin friend and colleague, provides an in-depth analysis of Sitchin's revelations about the Anunnaki, focusing on Anunnaki activities on Earth and Earth's future. She

explores the genesis of Sitchin's interest in the Nefilim the leaders of the Anunnaki and the controversy caused by the publication of Sitchin's first book *The 12th Planet* She examines Sitchin's research into the Nefilim family tree the Anunnaki arrival on Earth to mine gold to repair the atmosphere on their planet Nibiru and their creation of modern humans as workers for their mines and to build their civilization on Earth She shows how in the context of 21st century technological capabilities Sitchin's work casts a different light on ancient events with implications for our future The author reveals the details of the love and lust proclivities of the Nefilim gods Anu Enlil and Enki and the goddess Ishtar Inanna and shows how we inherited these tendencies from our Anunnaki creators as well as their use of war for problem solving Concluding with an examination of Sitchin's prediction of a nuclear event on Earth in our modern era she shows how we would be repeating the aggressive warlike behaviors of our Anunnaki creators who may very well become our saviors when Nibiru next returns to our solar system

**Early Buddhism** T. W. Rhys Davids, Paul Tice, 2000 A step by step guidebook to what Buddhism really is and was intended to be perfect for providing a complete overview of Buddhist origins Paul Tice adds a section explaining how Buddhism was not meant to be a form of religious worship but an important system of ethics that can still bring personal salvation

**William Blake** Basil De Selincourt, 2000-01-20 This book outlines Blake's interesting life Some people thought him to be utterly mad others considered him a genius This biography certainly will not be boring to those with an interest in the bold adventures of a unique man who spent his life as a spiritual pioneer

*Reason and Belief* Oliver Lodge, 2000-01-20 Some claim that scientific proof is more valid than spiritual experience Shows that despite physical proof the impact of science has little effect on spiritual matters Science is a helpful tool that at times allows us to reach spiritual answers that have so far not been found but scientists of today often ignore the seers and prophets of the past who have given us great spiritual truths Lodge reveals the mystical and opens us to the larger possibilities around us

**Ancient Pagan and Modern Christian Symbolism** Thomas Inman, 2002-06 An important key to the origins of Christianity and Western religion Contains clear documented images that can be traced to remote times and shown to be in direct connection to certain origins of belief The symbolic connections between Christianity and the cultures of India Babylonia Assyria and Egypt among others are astounding An indispensable reference for anyone interested in early pagan religions and the foundations of Christianity Little known fact During the filming of *The Da Vinci Code* movie this book was special ordered as reading material for all cast and crew

**Highlights of Templar History** William Moseley Brown, Simeon B. Chase, 2003-04 The Knights Templar is a secret society that has existed for many centuries Few books have been written about them from an insiders point of view This book was originally released by the Grand Encampment of Knights Templar United States of America after seven years of historical research by an assigned committee The author Brown was a member of that committee and their purpose was to provide Templars with an accurate history of their organization It was for members only and much of the information is not found elsewhere We've also added from another source their Constitution and Abbreviated By Laws out of print for over 100

years as a service for potential members or for those who desire a better knowledge of the inner workings of the Templars These two works combined together will hopefully shed new light on an interesting and sometimes mysterious organization

Jesus : God, Man, Or Myth? Herbert Cutner,2000 Did pagan mythologies represent Christs miracles in order to convince them to accept the Christian faith Beyond these miracles is there enough evidence to prove there was a Jesus Cutner says no He also says that the Apostle Paul never portrayed Jesus as a man but as a spiritual being To Paul Christ is found in a spiritual sense within oneself as opposed to being an actual historical personage When the Church accepted Paul this inner reflection was outwardly projected by the Church into an actual mana saviour according to Cutner This might be why Paul was almost rejected by the Churchhis views posed a danger to those who might rely on their own spiritual knowledge rather than the authority of the Church Whether Jesus lived or not we still have a lot to learn about ourselves and our true place in the universe This book although critical may be useful in that respect

**The Astral World** Swami Panchadasi,2000 The author an Indian spiritual master has written an incredible classic that covers all aspects of the astral world He reveals much of what is missing from the traditional western perspective A great book for curious beginners and serious seekers alike as it is structured to go gradually from simple to advanced information within the span of 100 pages He has been there and returned providing a useful map in the form of this book By either following the map and engaging in astral travel or simply reading this book as an interested bystander one can be assured of having a rewarding experience

**The Origin and Evolution of Religion** Albert Churchward,2000 Other than Sir James Frazer The Golden Bough Churchward is the only person to have written such a monumental work on religion In it he encompasses the complete evolution of religious ideas over millions of years The first humans from Africa worshipped elemental powers progressed into ancestor worship then finally began to recognize what we could term a Great Spirit Some of our earliest mythological stories are told including tales of Resurrection journeys to the underworld and the first hero stories Also explored are the meanings and true origins of sun worship tree worship phallic worship and serpent worship Ends with something we should all take to heartour religious evolution is definitely not over

**The Social Record of Christianity** Joseph McCabe,2000-04 Includes The Lies and Fallacies of the Encyclopedia Britannica Shows how Christianity has controlled the functions of society Western civilization has been dependent upon the Christian religion for its ethical and moral teachings and ultimately its conduct McCabe demonstrates however that the moral and ethical conduct of western civilization was never good and the chief cause of this has been Christianity The Renaissance was a rebirth or revival of art literature and learning with the major catalyst being Martin Luthers rebellious breakaway from the Church in 1524 It could not get started until the old ways of suppression were shaken and today it has still not happened completely We still hang on to this socially repressive system according to McCabe because it continues to function as an authority The Lies and Fallacies continues this theme documenting an effort by clerical forces to remove certain historical facts surrounding Christianity Shows exactly how and why vital facts were either doctored

or removed from the encyclopedia to cast Christianity into a better social and religious light      **The Key to the Tarot** L. W. de Laurence, 2002-10 One of the most in depth books on the Tarot ever written Any person wishing to conduct readings with Tarot cards will find this book to be highly useful The standard Rider Waite deck is used here but the book can still be useful for other decks Each card is pictured as well as a description of the deeper symbolism of the card and its significance Various layouts and ways to read the cards are provided plus a section on additional meanings is included in the back      **The Historical Jesus and the Mythical Christ, Or, Natural Genesis and Typology of Equinoctial Christolatry** Gerald Massey, 2000 Massey was an Egyptologist who wrote a tremendous body of scholarly work He concluded that much of Christianity and its belief structure was rooted in ancient Egyptian mythology At first this sounds strange but a large number of people have agreed including some scholars and researchers in the field of religious studies A different and compelling view of Christianity and its roots      Matrix of Power Jordan Maxwell, 2000-05 Who really runs the world Who controls the money the politics and almost every facet of life without you knowing a thing about it Is such a thing possible Maxwell grew up in a family that had high ranking insiders in international politics and religion so had access to information that few people could imagine He continued with a lifetime of investigation and is now considered the worlds foremost authority on ancient religions and modern conspiracies He has appeared on three CBS television specials and countless radio shows His work on the true meaning of symbols in politics religion and major corporations is also covered in this highly illustrated book Explore this fascinating subject with a man who has devoted a lifetime of study to uncovering our hidden masters      **Was Jesus Influenced by Buddhism?** Dwight Goddard, 2000 Buddhism began and flourished half a millennium before Jesus was ever born Five hundred years is a long time for a religion to grow so Jesus could have easily been influenced by Buddhist teachings as proposed by this book There were many years in the life of Jesus that remain unaccounted for Goddard reveals evidence that the Essenes of whom Jesus had contact with and may have been a member himself had strong Buddhist influences Reveals that the parallels between Jesus and the Buddha are more than just a coincidence      *Past Shock* Jack Barranger, 1998-11 Alvin Toffler once coined the term future shock when people are overwhelmed by the future Past Shock suggests that events from thousands of years ago strongly impact humanity today It reveals why religion was created what organized religion wont tell you the reality of the slave chip programming that we all have what really happened in the Garden of Eden what the Tower of Babel was and why we were stopped from building it how we were conditioned by gods to remain spiritually ignorant and much more Exposes the pretender gods advanced beings who were not divine but had advanced knowledge of scientific principles including genetic engineering Our advanced science of today has begun to unravel their secrets Learn how to overcome the slave chip conditioning and begin living life as it was meant to be as a spiritually fulfilled being      The Archko Volume , 2000 Historical document or a forgery The Archko Volume contains the testimonies of Jesus contemporaries especially his enemies concerning his arrest crucifixion and resurrection Readers can
