Essence of Human Freedom Martin Heidegger, 2002-01-01 Taken from a lecture course delivered by Heidegger at the University of Freiburg in 1931-32 this book presents the German philosopher's views on the problem of human freedom the meaning of freedom and being as reflected in Greek philosophy Kant's treatment of freedom and causality and other concerns central to Heidegger's thought **Philosophical Investigations into the Essence of Human Freedom** F. W. J.

Schelling, 2006-09-28 Jeff Love and Johannes Schmidt offer a fresh translation of Schelling's enigmatic and influential masterpiece widely recognized as an indispensable work of German Idealism The text is an embarrassment of riches both wildly adventurous and somberly prescient Martin Heidegger claimed that it was one of the deepest works of German and thus also of Western philosophy and that it utterly undermined Hegel's monumental Science of Logic before the latter had even appeared in print Schelling carefully investigates the problem of evil by building on Kant's notion of radical evil while also developing an astonishingly original conception of freedom and personality that exerted an enormous if subterranean influence on the later course of European philosophy from Schopenhauer and Kierkegaard through Heidegger to important contemporary theorists like Slavoj Žižek **Human Freedom and the Logic of Evil** Richard Worsley, 2016-07-27 Worsley argues that it is rational to believe in a realist loving God in the face of evil Beginning with a critique of Alvin Plantinga he shows that human freedom is highly complex and so depends upon complex structures in nature These are both necessary for freedom but also sufficient for natural evil He offers close analysis of the evolution of the human brain The book develops a parallel argument that human evil stems from the evolution of personality **Of Human Freedom** Von Wright, 1939

thought pattern that captures attention though very complex yet one cannot resist his arguments to the next page which is a joy to read Michael Ivan PhD Anselm writes with grace and wit about one of the fundamental issues of our time drawn from the most ancient to recent research and arguments He makes the science of old aged issues on human freedom accessible and insightful to contemporary readers Iwueke Charles B Phil Could it be that God views our freedom as a threat to his own powers God and Human freedom Revolution, Idealism and Human Freedom: Schelling Hölderlin and Hegel and the Crisis of Early German Idealism Franz Gabriel Nauen,2012-12-06 In this study I will present the intellectual development of Schelling Holderlin and Hegel during their formative years Because of their similar social origins the early thought of these young Swabians during the 1790 s should be treated as a unit Their experience as roommates at the Stift in Tiibingen and their close intellectual fellowship throughout the nineties made each extremely responsive to the others ideas As members of the political elite in Wiirttemberg their intellectual assumptions were profoundly affected by the crisis of Wiirttemberg and German political society and by the events of the French Revolution in a way explicable only in the light of their Swabian heritage So for example seen in the context of Holderlin s and Schelling s thinking the genesis of Hegel s earliest mature philosophical assumptions appears to be not so much an event in the history of philosophy as a specific solution to the problems raised by the crisis of his society The crucial role of Holderlin in the history of German Idealism should also become apparent as a result of this study For reasons developed in the following Holderlin s thinking bridged the gap not only between Kantianism and the new philosophy which was to come to fruition in Hegel s mature thought but also between the republican and the nationalist phase in the history of German political thought **In Search of Human Freedom** Saleem Noorani,1969 *Milton's Theology of Freedom* Benjamin Myers,2006 At the centre of John Milton s epic poem Paradise Lost 1667 is a radical commitment to divine and human freedom This study situates Paradise Lost within the context of post Reformation theological controversy and pursues the theological portrayal of freedom as it unfolds throughout the poem The study identifies and explores the ways in which Milton is both continuous and discontinuous with the major post Reformation traditions in his depiction of predestination creation free will sin and conversion Milton s deep commitment to freedom is shown to underlie his appropriation and creative transformation of a wide range of existing theological concepts **Human Freedom in the Age of AI** Filippo Santoni de Sio,2024-03-29 This book claims that artificial intelligence AI may affect our freedom at work in our daily life and in the political sphere The author provides a philosophical framework to help make sense of and govern the ethical and political impact of AI in these domains AI presents great opportunities and risks raising the question of how to reap its potential benefits without endangering basic human and societal values The author identifies three major risks for human freedom First AI offers employers new forms of control of the workforce opening the door to new forms of domination and exploitation Second it may reduce our capacity to remain in control of and responsible for our decisions and actions thereby affecting our free will and moral responsibility Third it may increase the power of governments

and tech companies to steer the political debate thereby affecting the possibility of a free and inclusive political participation The author claims that it is still possible to promote human freedom in our interactions with AI This requires designing AI systems that help promote workers freedom strengthen human control and responsibility and foster a free active and inclusive democratic participation Human Freedom in the Age of AI will be of interest to scholars and graduate students working on the ethics of technology philosophy of technology political philosophy design and artificial intelligence

Toward a Concept of Human Freedom Eric J. Valdina,1966 **The Evolution of Human Freedom** Glen Otis Martin,1945 **A Korean Theology of Human Nature** Jung Sun Oh,2005-01-31 This remarkable study articulates a Korean Confucian Christian theory of human nature theory of justification sanctification and salvation by means of a reformed concept of filial piety The book investigates in depth the theological anthropology of Robert C Neville and the inclusive humanism of Tu Wei ming Neville and Tu represent contemporary Christian and Confucian approaches to religious anthropology Furthermore they have engaged in an extended and productive dialogical encounter on the themes of comparative thought and religious renewal in Asia and North America This book argues that Neville s and Tu s insights into human nature have great relevance for a comparative contemporary Korean theology by focusing on the role of a reformed version of filial piety as a new component of Korean theology The articulation of filial piety as a potential key of contemporary Korean theology is an example of creative appropriation of a Confucian theme of the Christian praxis of sanctification and ultimately the soteriology of divine grace and transformation This study construes human nature to be such that any living theology will reflect the creative engagement of Christian theologians as public intellectuals in search of the articulation of the gospel **Of Human Freedom** Raymond English,1959 **Institute for Human Rights and Freedom** United States. Congress. House. Committee on International Relations. Subcommittee on International Operations,1978 Concepts of Human Freedom ,1988 **The Problem of Human Freedom** Brian G.
