Reading the Way to Heaven Steven Joe Koskie Jr., 2014-11-04 The proliferation of work on the theological hermeneutics of Scripture in recent years has challenged and reimagined the divisions between systematic theology and biblical studies on the one hand and academy and church on

the other Also notable however has been the absence of a full length treatment of theological interpretation from a Wesleyan perspective This monograph develops a Wesleyan theological hermeneutic of Scripture approached as a craft learned from a tradition constituted appropriation of John Wesley s hermeneutics This hermeneutic requires a descriptive analysis of the context grammar and ruled reading of the literal sense in Wesley s interpretive practices as well as critical interaction with the analysis in light of contemporary issues As a result of this interaction continuity and discontinuity between Wesley s and Wesleyan interpretation emerges and is accounted for The Wesleyan theological hermeneutic developed here defines the church as Spirit formed context within the larger divine economy of salvation in contrast with Wesley s emphasis on individual soteriology and underdeveloped ecclesiology Within this community context Wesleyan theological interpretation is a means of grace whereby the Holy Spirit reinterprets the identity of readers into children of God Theological interpretation invites readers on a Wesleyan account to participate in the textually mediated identity of Jesus Christ through the gracious work of the Holy Spirit Wesleyan identity is therefore a figurally created identity based on the literal sense of Scripture Wesley s analogy of faith which rules his reading of Scripture thus gives way to a more explicitly trinitarian rule of faith
