Of Time and Memory Don J. Snyder, 2011-08-31 Don Snyder knew nothing about his mother aside from the terrible fact that she died at the age of nineteen just sixteen days after giving birth to him and his twin brother All his life Don had been too shy too deeply pained to ask his father or grandparents to tell him the story of the lovely girl named Peggy Snyder what delighted or troubled her who her friends were how she fell in love what cut short her brief life But then nearing his fiftieth birthday and compelled by his father's failing health Snyder embarked on a quest to find his mother He traveled many times from his home in Maine down to his mother's small Pennsylvania town to trace her childhood and adolescence He tracked down Peggy's high school friends spent time with her teachers probed the memories of the girls now elderly women who had been her bridesmaids Detail by detail Don pieced together the harrowing story of Peggy's final year her passionate love affair with her husband the unexpected pregnancy the sudden illness that consumed her and the impossible choice she was forced to make A heartbreaking overwhelmingly beautiful book Of Time and Memory is a story of remembering and reclaiming the fragile mystery of a beloved life **BONUS** This edition includes an excerpt from Don J Snyder's Walking with Jack NOTE This edition does not include photos

used darkness as a spiritual tool for breaking with their pasts prior conditioning and the limited reality of their societies Spiritual seekers from many traditions Celtic Eastern indigenous North and South American Tibetan and African have used darkness as a tool for spiritual enlightenment Heaven and Buxton show how experiencing complete darkness even for only a period of hours brings about a remarkable clarity and mental stillness and thus provides a springboard for creativity intuition and spiritual development They include exercises that explore lucid levels of dream consciousness drawing both from their experience as teachers of this method and from the many cultures that include this practice in their spiritual traditions Darkness Visible shows how deprivation of sight can truly teach us to see *I'll Never Leave You* Nancy A. Goodwin, 2024-04-16 The 1 New York Times bestseller from America's historian in chief New York magazine An Unfinished Love Story A Personal History of the 1960s by Doris Kearns Goodwin one of America's most beloved historians artfully weaves together biography memoir and history She takes you along on the emotional journey she and her husband Richard Dick Goodwin embarked upon in the last years of his life Dick and Doris Goodwin were married for forty two years and married to American history even longer In his twenties Dick was one of the brilliant young men of John F Kennedy's New Frontier In his thirties he both named and helped design Lyndon Johnson's Great Society and was a speechwriter and close advisor to Robert Kennedy Doris Kearns was a twenty four year old graduate student when selected as a White House Fellow She worked directly for Lyndon Johnson and later assisted on his memoir Over the years with humor anger frustration and in the end a growing understanding Dick and Doris had argued over the achievements and failings of the leaders they served and observed debating the progress and unfinished promises of the country they both loved The Goodwins last great adventure involved finally opening the more than three hundred boxes of letters diaries documents and memorabilia that

Dick had saved for more than fifty years They soon realized they had before them an unparalleled personal time capsule of the 1960s illuminating public and private moments of a decade when individuals were powered by the conviction they could make a difference a time like today marked by struggles for racial and economic justice a time when lines were drawn and loyalties tested Their expedition gave Dick s last years renewed purpose and determination It gave Doris the opportunity to connect and reconnect with participants and witnesses of pivotal moments of the 1960s And it gave them both an opportunity to make fresh assessments of the central figures of the time John F Kennedy Jacqueline Kennedy Martin Luther King Jr Robert Kennedy Eugene McCarthy and especially Lyndon Johnson who greatly impacted both their lives The voyage of remembrance brought unexpected discoveries forgiveness and the renewal of old dreams reviving the hope that the youth of today will carry forward this unfinished love story with America

Estrangement Lisa P. Z. Spinazola,David F. Purnell,2022-05-09 The stories in Narrating Estrangement Autoethnographies of Writing Of f Family demonstrate the pain anguish and even relief felt by those who contemplate estranging or who are estranged whether by choice or circumstance Despite the social assumptions persisting about the everlasting nature of family relationships when people make the complicated and often difficult decision to disconnect from family members they experience shame stigma and isolation because of social pressures to maintain those relationships at all costs Each contributor uses the act of storytelling and the autoethnographic mode of scholarship and writing to find clarity in their individual unique and complex situations Several authors explorations restore some of what they have lost through estrangement such as a sense of identity emotional health and well being and feelings of belonging due to the breakdowns in social and family support systems meant to be unconditional and permanent The stories display the wide array of reasons why family members become estranged delving into different types of estrangement permanent and or intermittent In doing so the writers in this book demonstrate that family relationships are neither easily categorized nor neatly ended their impact on an individual s life continues and changes even in and through estrangement This book adds to the ongoing scholarly

conversations about family estrangement for students and researchers interested in autoethnography and qualitative inquiry in a wide range of disciplines in the social sciences healthcare and communication studies

One Man's Love Story - A Near-Death Experience Jason Hughes, 2005-08 This memoir is based on my experiences in this world Bob Marley Princess Diana His Holiness the Dalai Lama Mother Theresa Deepak Chopra Oprah Winfrey John F Kennedy Martin Luther King Jr have all talked about essentially the same thing that there is One Universal Love that flows inside us all And yet life is often about harmonizing with the co existence of opposite values We constantly strive for balance within ourselves between life and death being happy or sad up and down love and fear pain and growth and light and dark One cannot exist without the other Together and individually we all travel this vast spectrum at our own rate of speed and in our own unique ways Experiencing these opposites is what often makes this journey interesting Only by keeping our focus on the positive as much as possible can we achieve and enjoy a healthy balance But if life is an inevitable balance between up and down and good and bad are we all at the mercy of the changing tides How do we directly impact our experience Why do so many of us wait for something bad to happen in our lives before we actually wake up and begin to move through life seeing clearly as Nature intended All too often we must go through many forms of pain before we discover the true growth that was intended for us My own conscious contact came about as a result of a devastatingly painful experience after which I began to realize that nothing is impossible and that only together can we realize this truth I began to understand how much we all share in this life and I realized we are clearly meant to work through our pain collectively Together we will discover happier states of existence It is only with the true caring and sharing of so many that I was able to survive a potentially insurmountable ordeal and I am here today to share with you all I have learned And this is my story of how I came to experience embrace and be transformed by that Universal Love that great men and women before me have also discovered My goal is to connect and relate with you my reader on the most important and meaningful levels I have learned that love is the answer and when we open up to the many ways we can receive love every moment of our lives together then life takes on a whole new meaning one that will be better than anything we can imagine It is my sincere hope that this book helps to heal and promotes goodness in a world that can often be a tough playing field

Memory, Love and its Discontents Rod Myer,2023-02-01 There was a foundation myth I craved connection to as a child that had a kind of quiet but powerful hold over me At times I would look beyond those granite hills seeking the Russia my paternal grandfather had come from which an instinct told me contained some reality that would help form me I wondered what the villages fields and forests would look like Rod Myer has had an unusual and interesting life A member of the celebrated Myer family he had an adventurous spirit and explored his identity through travelling and research A farm kid born in Kelly country he had premonitions and yearnings which led to mustering cattle with Aboriginal people in the Top End He worked in politics and journalism and discovered family secrets which led to revelations about his Jewish roots in Eastern Europe something that altered his life completely That past I believe stays with us as life is not a linear progression It is more a series of spirals drawing on a spiritual world to nourish our progress through our own reality That reality is built on the past and the present concurrently and at times I feel the honour of my forebears touching and inspiring me now
