Stephanie J. Smith

Of Wonders And Wise Men Religion And Popular Cultures In Southeast Mexico 1800 1876:

Of Wonders and Wise Men Terry Rugeley, 2009-03-06 2004 Harvey L Johnson Award Southwest Council of Latin American Studies In the tumultuous decades following Mexico's independence from Spain religion provided a unifying force among the Mexican people who otherwise varied greatly in ethnicity and socioeconomic status Accordingly religion and the popular cultures surrounding it form the lens through which Terry Rugeley focuses this cultural history of southeast Mexico from independence 1821 to the rise of the dictator Porfirio Díaz in 1876 Drawing on a wealth of previously unused archival material Rugeley vividly reconstructs the folklore beliefs attitudes and cultural practices of the Maya and Hispanic peoples of the Yucatán In engagingly written chapters he explores folklore and folk wisdom urban piety iconography and anticlericalism Interspersed among the chapters are detailed portraits of individual people places and institutions that with the archival evidence offer a full and fascinating history of the outlooks entertainments and daily lives of the inhabitants of southeast Mexico in the nineteenth century Rugeley also links this rich local history with larger events to show how macro changes in Mexico affected ordinary people

Volunteering for a Cause Silvia Marina Arrom, 2016-02-15 This thoughtful study challenges a number of widespread assumptions about the role of Catholicism in Mexican history by examining two related Catholic charities the male Society of St Vincent de Paul and the Ladies of Charity of St Vincent de Paul With thousands of volunteers these lay groups not only survived the liberal reforms of the mid nineteenth century but thrived offering educational medical and other services to hundreds of thousands of poor people Arrom stresses the prominence of women among the volunteers showing the many ways that Catholicism promoted Mexican modernization rather than being an obstacle to it Moreover by reinserting religion into public life these organizations defied the secularizing policies of the Mexican government By comparing the male and female organizations collectively the work shows that the relationship between gender faith and charity was much more complicated than is usually believed with devout men and women supporting the Catholic project in complementary ways

Rebellion Now and Forever Terry Rugeley, 2009-06-19 This book explores the origins process and consequences of forty years of nearly continual political violence in southeastern Mexico Rather than recounting the well worn narrative of the Caste War it focuses instead on how four decades of violence helped shape social and political institutions of the Mexican southeast *Rebellion Now and Forever* looks at Yucatán's famous Caste War from the perspective of the vast majority of Hispanics and Maya peasants who did not join in the great ethnic rebellion of 1847 It shows how the history of nonrebel territory was as dramatic and as violent as the front lines of the Caste War and of greater significance for the larger evolution of Mexican society The work explores political violence not merely as a method and process but also as a mold of subsequent institutions and practices

Mexico, 1848-1853 Pedro Santoni, Will Fowler, 2018-08-06 Historians have paid scant attention to the five years that span from the conclusion early in 1848 of Mexico's disastrous conflict with the United States to the final return to power in April 1853 of General Antonio López de

Santa Anna This volume presents a more thorough understanding of this pivotal time and the issues and experiences that then affected Mexicans It sheds light on how elite politics church state relations institutional affairs and peasant revolts played a crucial role in Mexico s long term historical development and also explores topics like marriage and everyday life and the public trials and executions staged in the aftermath of the war with the U S

Forced Marches Ben Fallaw, Terry Rugeley, 2012-10-21 Forced Marches is a collection of innovative essays that analyze how the military experience molded Mexican citizens in the years between the initial war for independence in 1810 and the consolidation of the revolutionary order in the 1940s The contributors well regarded scholars from the United States and the United Kingdom offer fresh interpretations of the Mexican military caciquismo and the enduring pervasiveness of violence in Mexican society Employing the approaches of the new military history which emphasizes the relationships between the state society and the official militaries and unofficial militias these provocative essays engage and occasionally do battle with recent scholarship on the early national period the Reform the Porfiriato and the Revolution When Mexico first became a nation its military and militias were two of the country s few major institutions besides the Catholic Church The army and local provincial militias functioned both as political pillars providing institutional stability of a crude sort and as springboards for the ambitions of individual officers Military service provided upward social mobility and it taught a variety of useful skills such as mathematics and bookkeeping In the postcolonial era however militia units devoured state budgets spending most of the national revenue and encouraging locales to incur debts to support them Men with rifles provided the principal means for maintaining law and order but they also constituted a breeding ground for rowdiness and discontent As these chapters make clear understanding the history of state making in Mexico requires coming to terms with its military past

Victory on Earth Or in Heaven Brian A. Stauffer, 2019-12 This work reconstructs the history of Mexico s forgotten Religionero rebellion of 1873 1877 an armed Catholic challenge to the government of Sebasti n Lerdo de Tejada An essentially grassroots movement organized by indigenous Afro Mexican and mestizo parishioners in Mexico s central western Catholic heartland the Religionero rebellion erupted in response to a series of anticlerical measures raised to constitutional status by the Lerdo government These Laws of Reform decreed the full independence of Church and state secularized marriage and burial practices prohibited acts of public worship and severely curtailed the Church s ability to own and administer property A comprehensive reconstruction of the revolt and a critical reappraisal of its significance this book places ordinary Catholics at the center of the story of Mexico s fragmented nineteenth century secularization and Catholic revival

Riot and Rebellion in Mexico Ana Sabau, 2022-02-08 Many scholars assert that Mexico s complex racial hierarchy inherited from Spanish colonialism became obsolete by the turn of the nineteenth century as class based distinctions became more prominent and a largely mestizo population emerged But the residues of the colonial caste system did not simply dissolve after Mexico gained independence Rather Ana Sabau argues ever present fears of racial uprising among elites and authorities led to persistent

governmental techniques and ideologies designed to separate and control people based on their perceived racial status as well as to the implementation of projects for development in fringe areas of the country. *Riot and Rebellion in Mexico* traces this race based narrative through three historical flashpoints: the Bajío riots, the Haitian Revolution, and the Yucatán's caste war. Sabau shows how rebellions were treated as racially motivated events rather than political acts and how the racialization of popular and indigenous sectors coincided with the construction of whiteness in Mexico. Drawing on diverse primary sources, Sabau demonstrates how the race war paradigm was mobilized in foreign and domestic affairs and reveals the foundations of a racial state and racially stratified society that persist today.

Catholics and Violence in the Nineteenth-Century Global World Eveline Bouwers, 2023-07-12 This book analyzes violence involving Catholics in the nineteenth century world, revealing the motives for violence, showing the link between religious and secular grievances, and illuminating Catholic pluralism. *Catholics and Violence in the Nineteenth Century Global World* is the first study to systematically analyze the link between faith and violent action in modern history. Focusing on incidents involving members of the Roman Catholic Church across the globe, the book offers a kaleidoscopic overview of situations in which physical or symbolic violence attended inner-Catholic, Catholic-secular, and interreligious conflicts. Focusing especially on the role of agency, the authors explore the motives behind perceptions of and legitimization strategies for religion-related violence, as well as evaluating debates about conflict and discussing the role of religious leadership in violent incidents. Additionally, they illuminate the complex ways in which religious grievances interacted with secular differences and highlight the plurality of Catholic standpoints. In doing so, the book brings to light the variety of ways in which religion and violence have interacted historically. Showing that the link between faith and violence was more nuanced than theoreticians of religious violence suggest, the book will appeal to historians, social scientists, and religious scholars.

Popular Piety and Political Identity in Mexico's Cristero Rebellion Matthew Butler, 2004-06-17 Dr Butler provides a new interpretation of the Cristero War, 1926-29, which divided Mexico's peasantry into rival camps loyal to the Catholic Church (Cristeros) or the Revolution (Agraristas). This book puts religion at the heart of our understanding of the revolt by showing how peasant allegiances often resulted from genuinely popular cultural and religious antagonisms. It challenges the assumption that Mexican peasants in the 1920s shared religious outlooks and that their behaviour was mainly driven by political and material factors. Focusing on the state of Michoacán in western central Mexico, the volume seeks to integrate both cultural and structural lines of inquiry. First charting the uneven character of Michoacán's historical formation in the late colonial period and the nineteenth century, Dr Butler shows how the emergence of distinct agrarian regimes and political cultures was later associated with varying popular responses to post-revolutionary state formation in the areas of educational and agrarian reform. At the same time, it is argued that these structural trends were accompanied by increasingly clear divergences in popular religious cultures, including lay attitudes to the clergy, patterns of religious devotion, and deviancy levels of sacramental participation and commitment to

militant social Catholicism As peasants in different communities developed distinct parish identities so the institutional conflict between Church and state acquired diverse meanings and provoked violently contradictory popular responses Thus the fires of revolt burned all the more fiercely because they inflamed a countryside which then as now was deeply divided in matters of faith as well as politics Based on oral testimonies and careful searches of dozens of ecclesiastical and state archives this study makes an important contribution to the religious history of the Mexican Revolution

Mexico's Spiritual Reconquest Matthew Butler,2024-12-01 Mexico's Spiritual Reconquest brings to life a classically misunderstood p
 caro liberal soldier turned Catholic priest and revolutionary antipope Patriarch Joaquín Pérez Historian Matthew Butler weaves Pérez's controversial life story into a larger narrative about the relationship between religion the state and indigeneity in twentieth century Mexico Mexico's Spiritual Reconquest is at once the history of an indigenous reformation and a deeply researched beautifully written exploration of what can happen when revolutions try to assimilate powerful religious institutions and groups The book challenges historians to reshape baseline assumptions about modern Mexico in order to see a revolutionary state that was deeply vested in religion and a Cristero War that was in reality a culture clash between Catholics

Alone in Mexico Karl Bartolomeus Heller,2007-10-05 The first ever English translation of the memoirs of Karl Heller

Religion and State Formation in Postrevolutionary Mexico Ben Fallaw,2013-01-21 The religion question the place of the Church in a Catholic country after an anticlerical revolution profoundly shaped the process of state formation in Mexico From the end of the Cristero War in 1929 until Manuel vila Camacho assumed the presidency in late 1940 and declared his faith Mexico's unresolved religious conflict roiled regional politics impeded federal schooling undermined agrarian reform and flared into sporadic violence ultimately frustrating the secular vision shared by Plutarco Elías Calles and Lázaro Cárdenas Ben Fallaw argues that previous scholarship has not appreciated the pervasive influence of Catholics and Catholicism on postrevolutionary state formation By delving into the history of four understudied Mexican states he is able to show that religion swayed regional politics not just in states such as Guanajuato in Mexico's central west Rosary Belt but even in those considered much less observant including Campeche Guerrero and Hidalgo Religion and State Formation in Postrevolutionary Mexico reshapes our understanding of agrarian reform federal schooling revolutionary anticlericalism elections the Segunda a second Cristero War in the 1930s and indigenism the Revolution's valorization of the Mesoamerican past as the font of national identity

The Lawyer of the Church Pablo Mijangos y Gonzalez,2015-06 Mexico's Reforma the mid nineteenth century liberal revolution decisively shaped the country by disestablishing the Catholic Church secularizing public affairs and laying the foundations of a truly national economy and culture The Lawyer of the Church is an examination of the Mexican clergy's response to the Reforma through a study of the life and works of Bishop Clemente de Jesús Munguía 1810-68 one of the most influential yet least known figures of the period By analyzing how Munguía responded to changing political and intellectual scenarios in defense of the clergy's legal prerogatives and social role Pablo

Mijangos y González argues that the Catholic Church opposed the liberal revolution not because of its supposed attachment to a bygone past but rather because of its efforts to supersede colonial tradition and refashion itself within a liberal yet confessional state. With an eye on the international influences and dimensions of the Mexican church-state conflict, *The Lawyer of the Church* also explores how Mexican bishops gradually tightened their relationship with the Holy See and simultaneously managed to incorporate the papacy into their local affairs, thus paving the way for the eventual Romanization of Mexican Catholicism during the later decades of the century.

The Conflict Between Secular and Religious Narratives in the United States John Sumser, 2016-06-28. The Conflict Between Secular and Religious Narratives in the United States uses the theory of social construction and the philosophy of Ludwig Wittgenstein to examine the current divide between religious and secular narratives in the United States. Sumser analyzes how Americans apply religious and secular reasoning to contemporary social problems and explains the resurgence of religious worldviews and the simultaneous growth of an assertive form of atheism in America. This book is recommended for scholars of communication studies, religious studies, sociology, philosophy, and history.

Becoming Maya Wolfgang Gabbert, 2022-08-30. In Mexico's Yucatán peninsula, it is commonly held that the population consists of two ethnic communities: Maya Indians and descendants of Spanish conquerors. As a result, the history of the region is usually seen in terms of conflict between conquerors and conquered, that too often ignores the complexity of interaction between these groups and the complex nature of identity within them. Yet despite this prevailing view, most speakers of the Yucatec Maya language reject being considered Indian and refuse to identify themselves as Maya. Wolfgang Gabbert maintains that this situation can be understood only by examining the sweeping procession of history in the region. In *Becoming Maya*, he has skillfully interwoven history and ethnography to trace 500 years of Yucatec history, covering colonial politics, the rise of plantations, nineteenth-century caste wars, and modern reforms, always with an eye toward the complexities of ethnic categorization. According to Gabbert, class has served as a self-defining category as much as ethnicity in the Yucatán, and although we think of caste wars as struggles between Mayas and Mexicans, he shows that each side possessed a sufficiently complex ethnic makeup to rule out such pat observations. Through this overview, Gabbert reveals that Maya ethnicity is upheld primarily by outsiders who simply assume that an ethnic Maya consciousness has always existed among the Maya-speaking people. Yet even language has been a misleading criterion, since many people not considered Indian are native speakers of Yucatec. By not taking ethnicity for granted, he demonstrates that the Maya-speaking population has never been a self-conscious community and that the criteria employed by others in categorizing Mayas has changed over time. Grounded in field studies and archival research and boasting an exhaustive bibliography, *Becoming Maya* is the first English-language study that examines the roles played by ethnicity and social inequality in Yucatán history. By revealing the highly nuanced complexities that underlie common stereotypes, it offers new insights not only into Mesoamerican peoples but also into the nature of interethnic relations in general.

Revolutions in Mexican Catholicism

Edward Wright-Rios,2009-04-20 An investigation into how Catholicism was lived and experienced in the Archdiocese of Oaxaca during Mexico's turbulent late 1800s and early 1900s A Flock Divided Matthew D. O'Hara,2010 A history examining the interactions between church authorities and Mexican parishioners from the late colonial era into the early national period shows how religious thought and practice shaped Mexico's popular politics **Gender and the Mexican Revolution** Stephanie J. Smith,2009-06-01 The state of Yucatan is commonly considered to have been a hotbed of radical feminism during the Mexican Revolution Challenging this romanticized view Stephanie Smith examines the revolutionary reforms designed to break women's ties to tradition and religion as well as the ways in which women shaped these developments Smith analyzes the various regulations introduced by Yucatan's two revolution era governors Salvador Alvarado and Felipe Carrillo Puerto Like many revolutionary leaders throughout Mexico the Yucatan policy makers professed allegiance to women's rights and socialist principles Yet they too passed laws and condoned legal practices that excluded women from equal participation and reinforced their inferior status Using court cases brought by ordinary women including those of Mayan descent Smith demonstrates the importance of women's agency during the Mexican Revolution But she says despite the intervention of women at many levels of Yucatecan society the rigid definition of women's social roles as strictly that of wives and mothers within the Mexican nation guaranteed that long term substantial gains remained out of reach for most women for years to come *Peripheral Visions* Edward D. Terry,2010-03-16 The essays in this collection illuminate both the processes of change and the negative reactions that they frequently elicited Yucatan has been called a world apart cut off from the rest of Mexico by geography and culture Yet despite its peripheral location the region experienced substantial change in the decades after independence As elsewhere in Mexico apostles of modernization introduced policies intended to remold Yucatan in the image of the advanced nations of the day Indeed modernizing change began in the late colonial era and continued throughout the 19th century as traditional patterns of land tenure were altered and efforts were made to divest the Catholic Church of its wealth and political and intellectual influence Some changes however produced fierce resistance from both elites and humbler Yucatecans and modernizers were frequently forced to retreat or at least reach accommodation with their foes Covering topics from the early 19th century to the late 20th century the essays in this collection illuminate both the processes of change and the negative reactions that they frequently elicited The diversity of disciplines covered by this volume history anthropology sociology economics illuminates at least three overriding challenges for study of the peninsula today One is politics after the decline of the Institutional Revolutionary Party What are the important institutions practices and discourses of politics in a post postrevolutionary era A second trend is the scholarly demystification of the Maya Anthropologists have shown the difficulties of applying monolithic terms like Maya in a society where ethnic relations are often situational and ethnic boundaries are fluid And a third consideration researchers are only now beginning to grapple with the region's transition to a post henequen economy based on tourism migration and the

assembly plants known as maquiladoras Challenges from agribusiness and industry will no doubt continue to affect the peninsula's fragile Karst topography and unique environments Contributors Eric N Baklanoff Helen Delpar Paul K Eiss Ben W Fallaw Gilbert M Joseph Marie Lapointe Oth n Ba os Ram rez Hern n Men ndez Rodr guez Lynda S Morrison Terry Rugeley Stephanie J Smith **Bandits and Liberals, Rebels and Saints** Alan Knight, 2022-05 In seven substantial essays previously unpublished Alan Knight offers a distinct perspective on several overarching themes in Latin American history spanning approximately two centuries from 1800 to 2000

The Top Books of the Year Of Wonders And Wise Men Religion And Popular Cultures In Southeast Mexico 1800 1876 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have charmed audiences this year. Of Wonders And Wise Men Religion And Popular Cultures In Southeast Mexico 1800 1876 : Colleen Hoover "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
