

Human Dignity

Of Human Dignity

Ginevra Le Moli

Of Human Dignity:

The Concept of Human Dignity in Human Rights Discourse David Kretzmer, Eckart Klein, 2021-08-04 The notion of human dignity plays a central role in human rights discourse According to the Universal Declaration of Human Rights recognition of the inherent dignity and inalienable rights of all members of the human family is the foundation of freedom justice and peace in the world The international Covenants on Economic Social and Cultural Rights and on Civil and Political Rights state that all human rights derive from inherent dignity of the human person Some modern constitutions include human dignity as a fundamental non derogable right others mention it as a right to be protected alongside other rights It is not only lawyers concerned with human rights who have to contend with the concept of human dignity The concept has been discussed by inter alia theologians philosophers and anthropologists In this book leading scholars in constitutional and international law human rights theology philosophy history and classics from various countries discuss the concept of human dignity from differing perspectives These perspectives help to elucidate the meaning of the concept in human rights discourse

Human Dignity Rubin Gotesky, Ervin Laszlo, 1970 First Published in 1970 Routledge is an imprint of Taylor Francis an informa company

Human Dignity George Kateb, 2011-05-03 We often speak of the dignity owed to a person And dignity is a word that regularly appears in political speeches Charters are promulgated in its name and appeals to it are made when people all over the world struggle to achieve their rights But what exactly is dignity When one person physically assaults another we feel the wrong demands immediate condemnation and legal sanction Whereas when one person humiliates or thoughtlessly makes use of another we recognize the wrong and hope for a remedy but the social response is less clear The injury itself may be hard to quantify Given our concern with human dignity it is odd that it has received comparatively little scrutiny Here George Kateb asks what human dignity is and why it matters for the claim to rights He proposes that dignity is an existential value that pertains to the identity of a person as a human being To injure or even to try to efface someone s dignity is to treat that person as not human or less than human as a thing or instrument or subhuman creature Kateb does not limit the notion of dignity to individuals but extends it to the human species The dignity of the human species rests on our uniqueness among all other species In the book s concluding section he argues that despite the ravages we have inflicted on it nature would be worse off without humanity The supremely fitting task of humanity can be seen as a stewardship of nature This secular defense of human dignity the first book length attempt of its kind crowns the career of a distinguished political thinker

[On the Problem of Human Dignity](#) Mette Lebech, 2009

Human Dignity and Human Rights Pablo Gilabert, 2018-11-08 Human dignity social movements invoke it several national constitutions enshrine it and it features prominently in international human rights documents But what is human dignity why is it important and what is its relationship to human rights This book offers a sophisticated and comprehensive defence of the view that human dignity is the moral heart of human rights First it clarifies the network of concepts associated with dignity Paramount within this

network is a core notion of human dignity as an inherent non instrumental egalitarian and high priority normative status of human persons People have this status in virtue of their valuable human capacities rather than as a result of their national origin and other conventional features Second it shows how human dignity gives rise to an inspiring ideal of solidaristic empowerment which calls us to support people s pursuit of a flourishing life by affirming both negative duties not to block or destroy and positive duties to protect and facilitate the development and exercise of the valuable capacities at the basis of their dignity The most urgent of these duties are correlative to human rights Third this book illustrates how the proposed dignitarian approach allows us to articulate the content justification and feasible implementation of specific human rights including contested ones such as the rights to democratic political participation and to decent labour conditions Finally this book s dignitarian approach helps illuminate the arc of humanist justice identifying both the difference and the continuity between the basic requirements of human rights and more expansive requirements of social justice such as those defended by liberal egalitarians and democratic socialists Human dignity is indeed the moral heart of human rights Understanding it enables us to defend human rights as the urgent ethical and political project that puts humanity first

Human Dignity of the Vulnerable in the Age of Rights Aniceto Masferrer, Emilio García-Sánchez, 2016-08-26 This volume is devoted to exploring a subject which on the surface might appear to be just a trending topic In fact it is much more than a trend It relates to an ancient permanent issue which directly connects with people s life and basic needs the recognition and protection of individuals dignity in particular the inherent worthiness of the most vulnerable human beings The content of this book is described well enough by its title Human Dignity of the Vulnerable in the Age of Rights Certainly we do not claim that only the human dignity of vulnerable people should be recognized and protected We rather argue that since vulnerability is part of the human condition human vulnerability is not at odds with human dignity To put it simply human dignity is compatible with vulnerability A concept of human dignity which discards or denies the dignity of the vulnerable and weak is at odds with the real human condition Even those individuals who might seem more skilled and talented are fragile vulnerable and limited We need to realize that human condition is not limitless It is crucial to re discover a sense of moderation regarding ourselves a sense of reality concerning our own nature Some lines of thought take the opposite view It is sometimes argued that humankind is or is called to be powerful and that the time will come when there will be no vulnerability no fragility no limits at all Human beings will become like God or what believers might think God to be This perspective rejects human vulnerability as an intrinsic evil Those who are frail or weak who are not autonomous or not able to care for themselves do not possess dignity In this volume it is claimed that vulnerability is an inherent part of human condition and because human dignity belongs to all individuals laws are called to recognize and protect the rights of all of them particularly of those who might appear to be more vulnerable and fragile

The Inherence of Human Dignity Angus J. L. Menuge, Barry W. Bussey, 2021-02-15 Focused at the theoretical level this volume seeks to clarify our understanding of various historical and

contemporary concepts of human dignity It examines the various meanings of the term dignity before looking at the philosophical sources of dignity and both religious and secular attempts to provide a grounding for the notion It also compares the merits and defects of older and newer concepts of dignity including extensions of dignity to groups animals and machines

Making Human Matthew S. Weinert, 2015-02-20 An International Relations scholar examines the processes by which formerly denigrated peoples become recognized as human beings worthy of rights and dignity

Human Rights and Human Dignity John Warwick Montgomery, 2018-02-06 No one is against human rights It is obviously a good thing until one starts to think about the meaning of the term and its implications Then it shows itself to be an idea that polarizes encouraging uncritical support and also extreme reaction from both secularists and religionists John Warwick Montgomery who is both a lawyer and a theologian is uniquely qualified to address the question of human rights In clear easily understood language he analyzes what human rights are and addresses the crucial question How can human rights properly understood be legitimated Montgomery shows that there is a foundation for human rights it must be sought in a transcendent perspective in the revelational content of the Bible

Human Dignity in International Law Ginevra Le Moli, 2021-11-25 A theoretical historical and juridical exegesis of human dignity in international law over two centuries

Understanding Human Dignity Christopher McCrudden, 2013-11 The concept of human dignity has become central to politics law and theology but is little understood This book presents a wide ranging collection of edited essays from specialists in law theology politics and history and seeks to define the main areas of current debates about the concept in these disciplines

Perspectives on Human Dignity: A Conversation Jeff Malpas, Norelle Lickiss, 2007-10-06 The Honourable William Cox AC RFD ED Governor of Tasmania The issue of human dignity was given a new impetus at the end of the Second World War as a reaction to the horrors of the Jewish holocaust and other Nazi atrocities The immediate consequence was its recognition in such international documents as the Charter of the United Nations 1945 and the Universal Declaration of Human Rights 1948 Several new national constitutions likewise gave it recognition Though undefined it was seen as a supreme value possessed by all human beings and one giving rise to rights and obligations in and upon them In recent decades the existence of these rights has led to acceptance of procedures whereby they may be enforced and to the overthrow of such doctrines constraining them as that of Sovereign Immunity In domestic law too there have been ramifications while advances in medical science have raised ethical issues in respect of genetics human cloning and the termination or officious prolongation of life It was timely then that consideration should be given to human dignity by a wide range of researchers and practitioners in disciplines such as law philosophy history political science medicine the arts and theology at the Colloquium in Hobart in 2004 organized by the editors of this volume

Human Dignity in an African Context Motsamai Molefe, Christopher Allsobrook, 2023-11-07 This book is a contribution to African philosophy by philosophers focusing specifically on the concept of human dignity in ethical theory The concept of human dignity denotes the intrinsic and

superlative worth associated with human beings in virtue of which we owe them utmost moral regard Although dignity is a foundational concept for African philosophy there remains scant literature in African philosophy dedicated to critical and systematic reflection on the concept of human dignity This volume responds to this lacuna by bringing together chapters that offer philosophical exposition defense or even rejection and application of the concept of human dignity in light of intellectual resources in African cultures such as ubuntu personhood and serithi **Dignity as a Human Right?** George P.

Smith,2018-11-27 Dignity is seen commonly as an ethical obligation owed to human persons The dimensions of this obligation are subject to wide discussion and defy universal agreement Dignity is seen commonly as an ethical obligation owed to human persons Dignity as a Human Right examines dignity within the prism of death and more particularly its humane and dignified management Although there is no domestic or international right to die with dignity within the right to life should arguably be a right to dignity and self determination especially at its end stage for a powerful interface exists between the right to human dignity and the very right to life to love and humanity as well as compassion at its conclusion Legislative efforts nationally and internationally have begun to recognize a right to die with dignity when a condition of medical futility exists There are presently five states and the District of Columbia together with a judicial interpretation from the Montana Supreme Court which recognize death assistance for the terminally ill Internationally Canada Belgium the Netherlands and Switzerland are seen as leaders in this recognition The United Nations has played a significant role in framing end of life decision making within the ambit of human rights protection The UN Charter states unequivocally that the dignity and worth of the human person must be protected and safeguarded Similarly among other instruments the Universal Declaration on Human Rights acknowledges that all human beings are born free and equal in dignity and rights **Human Dignity** Aharon

Barak,2015-01-26 Human dignity is now a central feature of many modern constitutions and international documents As a constitutional value human dignity involves a person s free will autonomy and ability to write a life story within the framework of society As a constitutional right it gives full expression to the value of human dignity subject to the specific demands of constitutional architecture This analytical study of human dignity as both a constitutional value and a constitutional right adopts a legal interpretive perspective It explores the sources of human dignity as a legal concept its role in constitutional documents its content and its scope The analysis is augmented by examples from comparative legal experience including chapters devoted to the role of human dignity in American Canadian German South African and Israeli constitutional law *Sanctity of Life and Human Dignity* K. Bayertz,1996-04-30 Sanctity of life and human dignity are two bioethical concepts that play an important role in bioethical discussions Despite their separate history and content they have similar functions in these discussions In many cases they are used to bring a difficult or controversial debate to an end They serve as unquestionable cornerstones of morality as rocks able to weather the storms of moral pluralism This book provides the reader with analyses of these two concepts from different philosophical professional and cultural points of view Sanctity

of Life and Human Dignity presents a comparative analysis of both concepts

The Concept of Human Dignity and the Interpersonal Relationship A Philosophical Investigation Roy Apurbo, 2022-09-05

worthiness which a person distinctively entitles to be considered as a human being The expression of human dignity as a value is used universally to characterize the worthiness of human beings as such The respect for human dignity is inalienable for human beings and humanity in general Human beings are considered to have dignity by virtue of being human a rational moral and social agent who has autonomy and agency as person qua person As a value dignity is on a par with other basic values such as truth beauty good justice benevolence chastity etc and as such it is important to examine in what respect the concept of dignity is similar to or dissimilar from the other value concepts I will consider the study of the concept of dignity in comparison with other value concepts Before I proceed to discuss what the concept of human dignity is and how the concept of human dignity has been developed in the domain of philosophical and socio political discourse I shall focus on the concept of dignity itself The concept of dignity as Aural Kolnai points out is similar in some respects to other value concepts in so far as response is concerned When we experience something as beautiful our response to it might be described as delight with a tinge of devotion while when we experience morally right conduct or good character the appropriate response is approval i e an appreciation with an aspect of volitive approbation Likewise dignity evokes emphatic respect a reverential mode of response an upward looking type of pro attitude bowing gestures as it were This suggests that there is an obvious overlapping between the different modalities of appreciative response 1 We have already pointed out dignity is both similar to and dissimilar from other value categories in so far as response is concerned In response to dignity there is less emphasis on delight and satisfaction than there is in aesthetic appreciation

Human Dignity Amos Nascimento, Matthias Bachmann, 2018-06-04

Connecting three generations of critical theorists this edited collection focuses on the mutual complementarity between the concept of human dignity and the theory and practice of human rights Human dignity has recently emerged as a controversial theme in the philosophy of human rights and has become the subject of a growing debate involving theological political juridical moral and biomedical perspectives Previously interpretations of this concept took for granted specific definitions of this term without accounting for the perspective offered by a Critical Theory of Human Rights This interdisciplinary perspective relies on a tradition that goes from Immanuel Kant to Jürgen Habermas influences new generations and sheds more light on how human dignity is used and abused in contemporary discourses Based on this tradition the contributors sustain an engaged discussion of the topic and address issues such as domination colonialism multiculturalism globalization and cosmopolitanism Informed by different contexts each author offers a unique contribution to distinctive aspects of the necessary internal correlation between human dignity and human rights This book will be of interest to students and researchers in human rights in Europe North America and Latin America and readers in the areas of political science philosophy sociology law and international relations

In Defense of Human Dignity Robert P.

Kraynak, Glenn E. Tinder, 2003 Robert Kraynak And Glenn Tinder Contend that the major challenge of our time is to recover a true and authentic understanding of human dignity and to defend it against threats from modern civilization In *Defense of Human Dignity* wrestles with the dilemma that contemporary society has developed a heightened sensitivity to the demands of human dignity while creating radically new dangers to humanity in the form of the totalitarian state modern technology genetic engineering the practical ethics movement and radical environmentalism The inspiration for this volume is the publication twenty years ago of the Covey Lectures by Glenn Tinder under the title *Against Fate* in which Tinder argued that the sanctity of every individual is the central moral intuition of the Western tradition Human Dignity, Human Rights, and Responsibility Yechiel Michael Barilan, 2012-09-14 A novel and multidisciplinary exposition and theorization of human dignity and rights brought to bear on current issues in bioethics and biolaw Human dignity has been enshrined in international agreements and national constitutions as a fundamental human right The World Medical Association calls on physicians to respect human dignity and to discharge their duties with dignity And yet human dignity is a term like love hope and justice that is intuitively grasped but never clearly defined Some ethicists and bioethicists dismiss it other thinkers point to its use in the service of particular ideologies In this book Michael Barilan offers an urgently needed nonideological and thorough conceptual clarification of human dignity and human rights relating these ideas to current issues in ethics law and bioethics Combining social history history of ideas moral theology applied ethics and political theory Barilan tells the story of human dignity as a background moral ethos to human rights After setting the problem in its scholarly context he offers a hermeneutics of the formative texts on *Imago Dei* provides a philosophical explication of the value of human dignity and of vulnerability presents a comprehensive theory of human rights from a natural humanist perspective explores issues of moral status and examines the value of responsibility as a link between virtue ethics and human dignity and rights Barilan accompanies his theoretical claim with numerous practical illustrations linking his theory to such issues in bioethics as end of life care cloning abortion torture treatment of the mentally incapacitated the right to health care the human organ market disability and notions of difference and privacy highlighting many relevant legal aspects in constitutional and humanitarian law

Enjoying the Tune of Term: An Mental Symphony within **Of Human Dignity**

In some sort of eaten by displays and the ceaseless chatter of fast conversation, the melodic beauty and emotional symphony produced by the published term usually disappear into the backdrop, eclipsed by the relentless noise and interruptions that permeate our lives. But, situated within the pages of **Of Human Dignity** a charming fictional prize overflowing with raw thoughts, lies an immersive symphony waiting to be embraced. Constructed by a masterful musician of language, that captivating masterpiece conducts readers on a psychological trip, skillfully unraveling the hidden melodies and profound influence resonating within each carefully crafted phrase. Within the depths of this touching assessment, we can examine the book is main harmonies, analyze their enthralling writing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a

wide range of Of Human Dignity eBooks, including some popular titles.

FAQs About Of Human Dignity Books

What is a Of Human Dignity PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.

How do I create a Of Human Dignity PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a Of Human Dignity PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities.

How do I convert a Of Human Dignity PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats.

How do I password-protect a Of Human Dignity PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities.

Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities.

How do I compress a PDF file? You can use online tools like Smallpdf, iLovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download.

Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information.

Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
