John D. Godsey

Of Life Flight And God:

The Theology of Dietrich Bonhoeffer John D. Godsey, 2015-12-22 Godsey's seminal study is the first dissertation to be written on Dietrich Bonhoeffer's theology. It first appeared in 1960 when Bonhoeffer's name was relatively new in English language circles. This work, which surveyed the entire Bonhoeffer corpus available at the time, quickly became a standard text that laid the groundwork for Bonhoeffer studies thereafter. Godsey explores Bonhoeffer's life and the key themes of his Christocentric theology, providing an introduction to mid-century Protestant theology and showing how Bonhoeffer's theology can serve as a resource for those who seek to engage theology with the world. In the intervening years since its publication, Bonhoeffer scholarship has progressed, but much of what we think about Bonhoeffer's theology can be found in the pages of this work. Bonhoeffer's life and work bear witness to the fact that the church cannot live on cheap grace but only on the present Christ.

The Fingers of God Lisa Michele Neu, 2018-02-06 The poems in this book reflect a life-time of writing Christian Poetry to inspire, teach, and lead others to the grace and mercy of our Heavenly Father and to share that God's love does indeed reach down and touch the lives of each one of us in our journey here on earth with all the good, bad, happy, uplifting, depressing, and sometimes lonely situations we each experience in our walk through life. *The Fingers of God* is the first full-length collection of poetry written and published by Lisa Neu, with several books to follow in the future.

Every part of creation is a gift, and this is an unpacking of a few of those gifts for all to enjoy.
