Off With Their Heads:

Off With Their Heads! Drac Von Stoller, Queen Victoria took being a queen to the head literally Anyone she did not like would be sent to the chopping block where she became famous for Off with their heads and off they went but one day that would all change when she yelled out Off with his head When the guillotine rope was being released and the blade came down it stopped within inches of the man s neck Then there was silence from the queen and spectators Everyone s jaw dropped because the queen was always successful at every execution The queen immediately got up from her chair and raced over to ask her henchmen why they failed The queen yelled out in anger Do it again So the henchmen examined the guillotine and got it ready again The queen sat back down in her chair and said No one leaves my execution with their heads still attached to their body The queen again yelled out Off with his head Again the blade came down inches from his neck and stopped This infuriated the queen and she would stop at nothing to get this man back on the chopping block The queen had to release the man because of the botched execution and scheduled the execution the next morning The queen was laughed at by the spectators for failing at what she was famous for Jokes were said around town about the queen s botched execution but the queen refused to let one botched execution break her spirit The queen loved to look at her castle from a distance and see all the severed heads hanging over the castle walls from her executions this made her feel inferior to anyone *Off With Their Heads* Zoe Hana Mikuta,2024-04-23 Fans of Chloe Gong and Judy I Lin will devour this Korean inspired Alice in Wonderland retelling about two very wicked girls forever bonded by blood and betrayal In a world where Saints are monsters and Wonderland is the dark forest where they lurk it s been five years since young witches and lovers Caro Rabbit and Iccadora Alice Sickle were both sentenced to that forest for a crime they didn t commit and four years since they shattered one another s hearts each willing to sacrifice the other for a chance at freedom Now Caro is a successful royal Saint harvester living the high life in the glittering capital and pretending not to know of the twisted monster experiments that her beloved Red Queen hides deep in the bowels of the palace But for Icca the memory of Caro s betrayal has hardened her from timid girl to ruthless hunter A hunter who will stop at nothing to exact her vengeance On Caro On the queen On the throne itself But there s a secret about the Saints the Queen s been guarding and a volatile magic at play even more dangerous to Icca and Caro than they are to each other Lush terrifying and uncanny Zoe Hana Mikuta author of Gearbreakers and Godslayers takes a delicate knife straight through the heart of this beloved surrealist fairytale Off With Their Heads Justin Schuelke,2023-11-22 Is a murder free vacation too much to ask for It s the third anniversary of the Ahedrian murders and Emery Luple is back in Manhattan facing his most daunting task yet meeting Caden s moms All six of them And right on cue the decapitations start again It might be where he met the love of his life but Emery is ready to be done with New York Too bad New York isn t done with him Headless bodies show up wherever Emery goes and he sees the ghost of a former enemy everywhere he looks All signs point to an impossibility the Ahedrian incarnate As they race to uncover the truth the

murders keep coming and with every head that rolls death gets that much closer to Emery and Caden *Off with Their Heads!* Maria Tatar, 2020-06-30 When Hansel and Gretel try to eat the witch's gingerbread house in the woods are they indulging their uncontrolled cravings and destructive desires or are they simply responding normally to the hunger pangs they feel after being abandoned by their parents Challenging Bruno Bettelheim and other critics who read fairy tales as enactments of children's untamed urges Maria Tatar argues that it is time to stop casting the children as villains In this provocative book she explores how adults mistreat children focusing on adults not only as hostile characters in fairy tales themselves but also as real people who use frightening stories to discipline young listeners **Off with Their Heads** Dick Morris, 2009-10-13 What happened to the unity that so blessed America after 9/11 Where did our sense of determination go Our political journalistic and cultural leaders have mounted a campaign to oppose and impede the war on terror that seemed so vital in that rare moment of clarity This book is my personal *cri du coeur* about deception in politics journalism and business especially when it stops us from following through on the work 9/11 has left for us all to do This book takes on some pretty sacred cows but it's about time they became fair game from the Introduction Are you appalled by the antiwar tone the news media has taken since the war on terror began especially objective news outlets like the New York Times and the network news Are you wondering when liberal celebrities like Barbara Streisand Sean Penn and Susan Sarandon suddenly became geopolitical oracles whose advice we're supposed to value above the wisdom of tenured experts Are you at a loss to decide who has betrayed us more outrageously the French who abandoned us in our time of need or our own elected officials who tapped our 401 k savings and the tobacco settlement windfall with equal abandon In *Off with Their Heads* syndicated columnist and Fox News Channel political analyst Dick Morris points an accusing finger at the many ways the public has been lied to and misled pickpocketed and endangered Whether it's Bill Clinton who ignored mounting evidence of impending terrorist catastrophe throughout the 1990s or the members of Congress who quietly sold our democracy down the river in exchange for lifetime incumbency Morris rips the cover off the cowardly and duplicitous figures who have sacrificed America's interests for their own From private corruption to public treachery even longtime political buffs will marvel at the astonishing behavior Morris reveals at every level of society and at how it threatens to compromise the American way of life

Off With Their Heads! Martin Oliver, 2011-11-20 *Off With Their Heads* is the exciting history of Britain in easy to digest bite sized chunks which is sure to inspire a love of history that will last a lifetime **Off with Her Head!** Howard Eilberg-Schwartz, Wendy Doniger, 1995-11-14 Whereas many books look at how women's bodies are represented in different religions and cultures around the world this work explores the site of a woman's voice and identity her head The female head threatens to disrupt the classic gender distinctions that link men to speech identity and mind while relegating women to silence anonymity and flesh The contributors to this collection argue that the objectification of women as sexual and reproductive bodies results in their symbolic beheading Decapitation occurs symbolically in myths as well as in actual

practices such as veiling head covering and cosmetic highlighting which by sexualizing a woman's face turns it into an extension of her body. The essays explore how similar treatments of the female head find their unique articulation in diverse religious traditions and cultures in Hindu myths of beheading in Buddhist and Tantric practices and poetry about the hair of female nuns in the resistance to veiling by early Christian women at Corinth in contemporary veiling practices in a Turkish village in the eroticization of the female mouth in ancient Judaism and in Greek and Roman cosmetic practices. Together these essays show how the depiction of the female head is critical for an understanding of gender and its influence on other fundamental religious and cultural issues.
