A History of Women in Ireland, 1500-1800 Mary O'Dowd,2016-02-17 The first general survey of the history of women in early modern Ireland Based on an impressive range of source material it presents the results of original research into women's lives and experiences in Ireland from 1500 to 1800 This was a time of considerable change in Ireland as English colonisation religious reform and urbanisation transformed society on the island Gaelic society based on dynastic lordships and Brehon Law gave way to an anglicised and centralised form of government and an English legal system The Anglo-Irish Experience, 1680-1730 David Hayton,2012 David Hayton examines the political culture of the Anglo Irish ruling class which had settled in Ireland in different ways over a long period and had differing degrees of attachment to England and shows how its multi faceted identity evolved *A New History of Ireland* Theodore William Moody,Francis X. Martin,Francis John Byrne,1976 A New History of Ireland in nine volumes provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the middleages down to the present day Back cover **The Great Famine** Ciarán Ó Murchadha,2011-06-02 Over one million people died in the Great Famine and more than one million more emigrated on the coffin ships to America and beyond Drawing on contemporary eyewitness accounts and diaries the book charts the arrival of the potato blight in 1845 and the total destruction of the harvests in 1846 which brought a sense of numbing shock to the populace Far from meeting the relief needs of the poor the Liberal public works programme was a first example of how relief policies would themselves lead to mortality Workhouses were swamped with thousands who had subsisted on public works and soup kitchens earlier and who now gathered in ragged crowds Unable to cope workhouse staff were forced to witness hundreds die where they lay outside the walls The next phase of degradation was the clearances or exterminations in popular parlance which took place on a colossal scale From late 1847 an exodus had begun The Famine slowly came to an end from late 1849 but the longer term consequences were to reverberate through future decades *A New History of Ireland: Ireland under the Union, II, 1870-1921* Daibhi O. Croinin,William Edward Vaughan,2005 *A New History of Ireland, Volume VI* W. E. Vaughan,2010-04-01 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume VI opens with a character study of the period followed by ten chapters of narrative history and a study of Ireland in 1914 It includes further chapters on the economy literature the Irish language music arts education administration and the public service and emigration **The Dead of the Irish Revolution** Eunan O'Halpin,Daithi O Corrain,2020-10-27 The first comprehensive account to record and analyze all deaths arising from the Irish revolution between 1916 and 1921 This account covers the turbulent period from the

1916 Rising to the Anglo Irish Treaty of December 1921 a period which saw the achievement of independence for most of nationalist Ireland and the establishment of Northern Ireland as a self governing province of the United Kingdom Separatists fought for independence against government forces and in North East Ulster armed loyalists Civilians suffered violence from all combatants sometimes as collateral damage often as targets Eunan O Halpin and Daith Corr in catalogue and analyze the deaths of all men women and children who died during the revolutionary years 505 in 1916 2 344 between 1917 and 1921 This study provides a unique and comprehensive picture of everyone who died in what manner by whose hands and why Through their stories we obtain original insight into the Irish revolution itself Making Ireland English Jane Ohlmeyer,2012-06-26 This groundbreaking book provides the first comprehensive study of the remaking of Ireland s aristocracy during the seventeenth century It is a study of the Irish peerage and its role in the establishment of English control over Ireland Jane Ohlmeyer s research in the archives of the era yields a major new understanding of early Irish and British elite and it offers fresh perspectives on the experiences of the Irish English and Scottish lords in wider British and continental contexts The book examines the resident peerage as an aggregate of 91 families not simply 311 individuals and demonstrates how a reconstituted peerage of mixed faith and ethnicity assimilated the established Catholic aristocracy Tracking the impact of colonization civil war and other significant factors on the fortunes of the peerage in Ireland Ohlmeyer arrives at a fresh assessment of the key accomplishment of the new Irish elite making Ireland English William Parsons, 3rd Earl of Rosse R. Charles Mollan,2015-11-01 This is a revealing account of the family life and achievements of the Third Earl of Rosse a hereditary peer and resident landlord at Birr Castle County Offaly in nineteenth century Ireland before during and after the devastating famine of the 1840s He was a remarkable engineer who built enormous telescopes in the cloudy middle of Ireland The book gives details in an attractive non technical style which requires no previous scientific knowledge of his engineering initiatives and the astronomical results but also reveals much more about the man and his contributions locally in the town and county around Birr in political and other functions in an Ireland administered by the Protestant Ascendancy in the development and activities of the Royal Society of which he was President from 1848 54 and the British Association for the Advancement of Science The Countess of Rosse who receives full acknowledgement in the book was a woman of many talents among which was her pioneering work in photography and the book includes reproductions of her artistic exposures and many other attractive illustrations Ireland Richard B Finnegan,Edward T. Mccarron,2018-02-20 This book examines a number of different interpretations and explanations in the context of historical change as the Irish grappled with the questions of political independence economic autonomy the decline of provincialism the rise of pluralism and the unsolved conundrum of Irish nationhood A Nation of Politicians Padhraig Higgins,2010-02-01 Between the years 1778 and 1784 groups that had previously been excluded from the Irish political sphere women Catholics lower class Protestants farmers shopkeepers and other members of the laboring and agrarian classes began to imagine themselves as

civil subjects with a stake in matters of the state This politicization of non elites was largely driven by the Volunteers a local militia force that emerged in Ireland as British troops were called away to the American War of Independence With remarkable speed the Volunteers challenged central features of British imperial rule over Ireland and helped citizens express a new Irish national identity In *A Nation of Politicians* Padhraig Higgins argues that the development of Volunteer initiated activities associating petitioning subscribing shopping and attending celebrations expanded the scope of political participation Using a wide range of literary archival and visual sources Higgins examines how ubiquitous forms of communication sermons songs and ballads handbills toasts graffiti theater rumors and gossip encouraged ordinary Irish citizens to engage in the politics of a more inclusive society and consider the broader questions of civil liberties and the British Empire *A Nation of Politicians* presents a fascinating tale of the beginnings of Ireland s richly vocal political tradition at this important intersection of cultural intellectual social and public history Winner of the Donald Murphy Prize for Distinguished First Book American Conference for Irish Studies

Princes of Ireland, Planters of Maryland Ronald Hoffman, 2002-02-01 An intergenerational chronicle of the struggles and triumphs of the Carrolls a prominent Irish Catholic family in Protestant Maryland Charles Carroll 1737 1832 who represents the last of the three generations of patriarchs is perhaps best known as the sole Roman Catholic to sign the Declaration of Independence Tracing the Carroll s history from Ireland to Maryland this account offers a transatlantic perspective of Anglo American colonialism and reveals the often overlooked discrimination that Roman Catholics faced in colonial America

Sixteenth-Century Ireland (New Gill History of Ireland 2) Colm Lennon, 2005-09-27 Colm Lennon s *Sixteenth Century Ireland* the second instalment in the New Gill History of Ireland series looks at how the Tudor conquest of Ireland by Henry VIII and the country s colonisation by Protestant settlers led to the incomplete conquest of Ireland laying the foundations for the sectarian conflict that persists to this day In 1500 most of Ireland lay outside the ambit of English royal power Only a small area around Dublin The Pale was directly administered by the crown The rest of the island was run in more or less autonomous fashion by Anglo Norman magnates or Gaelic chieftains By 1600 there had been a huge extension of English royal power First the influence of the semi independent magnates was broken second in the 1590s crown forces successfully fought a war against the last of the old Gaelic strongholds in Ulster The secular conquest of Ireland was therefore accomplished in the course of the century But the Reformation made little headway The Anglo Norman community remained stubbornly Catholic as did the Gaelic nation Their loss of political influence did not result in the expropriation of their lands Most property still remained in Catholic hands England s failure to effect a revolution in church as well as in state meant that the conquest of Ireland was incomplete The seventeenth century with its wars of religion was the consequence
