Offerings Of The Templo Mayor At Tenocht:

The Offerings of the Templo Mayor of Tenochtitlan Leonardo López Luján, 2005 The spectacular findings of the historic Templo Mayor Project which took place in the heart of Mexico City from 1978 to 1997 **Golden Kingdoms** Joanne Pillsbury, Timothy Potts, Kim N. Richter, 2017-09-26 This volume accompanies a major international loan exhibition featuring more than three hundred works of art many rarely or never before seen in the United States It traces the development of gold working and other luxury arts in the Americas from antiquity until the arrival of Europeans in the early sixteenth century Presenting spectacular works from recent excavations in Peru Colombia Panama Costa Rica Guatemala and Mexico this exhibition focuses on specific places and times crucibles of innovation where artistic exchange rivalry and creativity led to the production of some of the greatest works of art known from the ancient Americas The book and exhibition explore not only artistic practices but also the historical cultural social and political conditions in which luxury arts were produced and circulated alongside their religious meanings and ritual functions Golden Kingdoms creates new understandings of ancient American art through a thematic exploration of indigenous ideas of value and luxury Central to the book is the idea of the exchange of materials and ideas across regions and across time works of great value would often be transported over long distances or passed down over generations in both cases attracting new audiences and inspiring new artists The idea of exchange is at the intellectual heart of this volume researched and written by twenty scholars based in the United States and Latin America *The Oxford Handbook of the Aztecs* Deborah L. Nichols, Enrique Rodríguez-Alegría, 2017 The Oxford Handbook of the Aztecs the first of its kind provides a current overview of recent research on the Aztec empire the best documented prehispanic society in the Americas Chapters span from the establishment of Aztec city states to the encounter with the Spanish empire and the Colonial period that shaped the modern world Articles in the Handbook take up new research trends and methodologies and current debates The Handbook articles are divided into seven parts Part I Archaeology of the Aztecs introduces the Aztecs as well as Aztec studies today including the recent practice of archaeology ethnohistory museum studies and conservation The articles in Part II Historical Change provide a long term view of the Aztecs starting with important predecessors the development of Aztec city states and imperialism and ending with a discussion of the encounter of the Aztec and Spanish empires Articles also discuss Aztec notions of history writing and time Part III Landscapes and Places describes the Aztec world in terms of its geography ecology and demography at varying scales from households to cities Part IV Economic and Social Relations in the Aztec Empire discusses the ethnic complexity of the Aztec world and social and economic relations that have been a major focus of archaeology Articles in Part V Aztec Provinces Friends and Foes focuses on the Aztec s dynamic relations with distant provinces and empires and groups that resisted conquest and even allied with the Spanish to overthrow the Aztec king This is followed by Part VI Ritual Belief and Religion which examines the different beliefs and rituals that formed Aztec religion and their worldview as well as the material culture

of religious practice The final section of the volume Aztecs after the Conquest carries the Aztecs through the post conquest period an increasingly important area of archaeological work and considers the place of the Aztecs in the modern world

Animals and Inequality in the Ancient World Benjamin S. Arbuckle,Sue Ann McCarty,2015-01-15 *Animals and Inequality in the Ancient World* explores the current trends in the social archaeology of human animal relationships focusing on the ways in which animals are used to structure create support and even deconstruct social inequalities The authors provide a global range of case studies from both New and Old World archaeology a royal Aztec dog burial the monumental horse tombs of Central Asia and the ceremonial macaw cages of ancient Mexico among them They explore the complex relationships between people and animals in social economic political and ritual contexts incorporating animal remains from archaeological sites with artifacts texts and iconography to develop their interpretations *Animals and Inequality in the Ancient World* presents new data and interpretations that reveal the role of animals their products and their symbolism in structuring social inequalities in the ancient world The volume will be of interest to archaeologists especially zooarchaeologists and classical scholars of pre modern civilizations and societies *Archaeology of Ancient Mexico and Central America* Susan Toby Evans,David L. Webster,2001 This reference is devoted to the pre Columbian archaeology of the Mesoamerican culture area one of the six cradles of early civilization It features in depth articles on the major cultural areas of ancient Mexico and Central America coverage of important sites including the world renowned discoveries as well as many lesser known locations articles on day to day life of ancient peoples in these regions and several bandw regional and site maps and photographs Entries are arranged alphabetically and cover introductory archaeological facts flora fauna human growth and development nonorganic resources chronologies of various periods Paleoindian Archaic Formative Classic and Postclassic and Colonial cultural features Maya regional summaries research methods and resources ethnohistorical methods and sources and scholars and research history Edited by archaeologists Evans and Webster both of whom are associated with Pennsylvania State University c Book News Inc **City of Sacrifice** David Carrasco,2000-12-08 At an excavation of the Great Aztec Temple in Mexico City amid carvings of skulls and a dismembered warrior goddess David Carrasco stood before a container filled with the decorated bones of infants and children It was the site of a massive human sacrifice and for Carrasco the center of fiercely provocative questions If ritual violence against humans was a profound necessity for the Aztecs in their capital city is it central to the construction of social order and the authority of city states Is civilization built on violence In *City of Sacrifice* Carrasco chronicles the fascinating story of Tenochtitlan the Aztec capital investigating Aztec religious practices and demonstrating that religious violence was integral to urbanization the city itself was a temple to the gods That Mexico City the largest city on earth was built on the ruins of Tenochtitlan is a point Carrasco poignantly considers in his comparison of urban life from antiquity to modernity Majestic in scope *City of Sacrifice* illuminates not only the rich history of a major Meso american city but also the inseparability of two passionate human impulses urbanization and

religious engagement It has much to tell us about many familiar events in our own time from suicide bombings in Tel Aviv to rape and murder in the Balkans

The Death of Aztec Tenochtitlan, the Life of Mexico City Barbara E.

Mundy,2018-03-22 Winner Book Prize in Latin American Studies Colonial Section of Latin American Studies Association
LASA 2016 ALAA Book Award Association for Latin American Art Arvey Foundation 2016 The capital of the Aztec empire Tenochtitlan was in its era one of the largest cities in the world Built on an island in the middle of a shallow lake its population numbered perhaps 150 000 with another 350 000 people in the urban network clustered around the lake shores In 1521 at the height of Tenochtitlan s power which extended over much of Central Mexico Hernando Cort s and his followers conquered the city Cort s boasted to King Charles V of Spain that Tenochtitlan was destroyed and razed to the ground But was it Drawing on period representations of the city in sculptures texts and maps The Death of Aztec Tenochtitlan the Life of Mexico City builds a convincing case that this global capital remained through the sixteenth century very much an Amerindian city Barbara E Mundy foregrounds the role the city s indigenous peoples the Nahuatl played in shaping Mexico City through the construction of permanent architecture and engagement in ceremonial actions She demonstrates that the Aztec ruling elites who retained power even after the conquest were instrumental in building and then rebuilding the city Mundy shows how the Nahuatl entered into mutually advantageous alliances with the Franciscans to maintain the city s sacred nodes She also focuses on the practical and symbolic role of the city s extraordinary waterworks the product of a massive ecological manipulation begun in the fifteenth century to reveal how the Nahuatl struggled to maintain control of water resources in early Mexico City

Order Ancient Mexican History now and immerse yourself in the wonders of Mesoamerican civilizations The Archaeology of Ritual Evangelos Kyriakidis, 2007-12-31 A wide spectrum of scholars historians art historians anthropologists students of performance students of religion archaeologists cognitive scientists and linguists were all asked to think and comment on how ritual can be traced in archaeology and which ways ritual research can go in that discipline The product is a fairly accurate representation of research on ritual and the archaeology of ritual scholars from various disciplines backgrounds and agendas arguing mostly in the most logical fashion yet with little agreement between them So this book should not be seen as presenting one unified attitude towards ritual and its study in archaeology It should rather be seen as a reflection of what the discourse in the archaeology of ritual is today The outcome has been extremely thought provoking often controversial but always of extremely high quality Water in North American Environmental History Martin V. Melosi, 2022-06-07 Water in North American Environmental History offers 25 cases studies that explore the range of uses and perceptions of water throughout Canadian Mexican and United States history Water has served a myriad of purposes historically as human sustenance agricultural irrigation sanitation fire protection military defense power generation transportation and much more Water and its uses provide an excellent entrance into the study of humans and the environment not only because water is a vital resource for life but also because water as a medium is so intimately woven into the everyday experiences of humans and into society's economic political and social fabric A North American perspective is not representative of the world's water use but it is an area with a linked history and many overlapping human and environmental features and concerns With a continental perspective the book explores many disparate topics without being confined to the history and experiences of just one country The chapters are short but descriptive and departure points for what they tell us about the human experience in dealing with water and the environmental implications of water use The text leads students to consider water in relation to society and to the past The book will be of interest to students of environmental history geography and the environmental sciences
