Preston,2014-05-23 Many of the most powerful trends in baseball today have their roots in the 1970s Baseball entered that decade seriously behind the times in race relations attitudes toward conformity versus individuality and the manager player relationship In a sense much of the wrenching change that American society as a whole experienced in the 1960s was played out in baseball in the following decade Additionally the game itself was rapidly evolving with the inauguration of the designated hitter rule in the American League the evolution of the closer the development of the five man starting rotation the acceptance of strikeout lions like Dave Kingman and Bobby Bonds and the proliferation of stolen bases This book opens with a discussion of the challenges that faced baseball s movers and shakers when they gathered in Bal Harbour Florida for the annual winter meetings on December 2 1969 Their worst nightmares would be realized in the coming years For many and often contradictory reasons the 1970s game evolved into a war of competing ideologies escalating salaries an acrimonious strike Sesame Street style team mascots and the breaking of the time honored tradition that all players including the pitcher must play on offense as well as defense that would ultimately spell doom for the majority of attendees

Lowry,2010-04-23 Baseball is the only major team sport that doesn t feature a clock and there s a familiar saying among fans that as long as outs remain the game can theoretically go on forever Every now and again it nearly does as author Phil Lowry demonstrates The product of more than four decades of research this book catalogs baseball games from around the world and throughout history that lasted 20 or more innings stretched five or more hours or ended after 1 00 am Lowry also examines probability models to predict how often games of unusual length will occur *The 25 Greatest Baseball Teams of the 20th Century Ranked* Chris Holaday,Marshall Adesman,2015-11-17 The best baseball team of the 20th century How about the 1906 Cubs Or the 1998 Yankees Don t forget the 1929 A s or the 1976 Reds Some say the Yanks had a pretty good squad in 1927 There were so many great teams in the last century it would be hard to compile a list of the 25 best much less rank those clubs but that s what the authors have done This is an endlessly fascinating tome sure to prompt spirited discussions around the water cooler or above the dugout Let the arguments and the fun begin *Pride of Puerto Rico* Paul Robert Walker,1991-02-21 A biography of the baseball superstar from Puerto Rico who before his untimely death in a 1972 airplane crash was noted for his achievements on and off the baseball field *Honus Wagner* Arthur D. Hittner,2024-06-27 Regarded by many of his contemporaries as the greatest baseball player of all time John Peter Honus Wagner enjoyed a remarkable career with the Pittsburgh Pirates His record of 17 consecutive 300 plus seasons is a mark that will probably never be broken He led the National League eight times in hitting six times in slugging percentage and five times in stolen bases Known as the Flying Dutchman he also excelled in the field defining the shortstop position for a generation Though one of the original inductees in the Baseball Hall of Fame he has often been overlooked by baseball fans and historians A humble man whose biggest passions were hunting and fishing the Pirate shortstop lacked the flamboyance of a Ty Cobb or Babe Ruth He rarely smoked or drank though he sometimes indulged in a sandlot game with the neighborhood kids Based on contemporary newspaper accounts family scrapbooks and correspondence and Wagner s own vest pocket notebooks this is the story of baseball s first superstar *Baseball's New Frontier* Fran Zimniuch,2018-08-01 When Major League Baseball first expanded in 1961 with the addition of the Los Angeles Angels and the Washington Senators it started a trend that saw the number of franchises almost double from sixteen to thirty

while baseball attendance grew by 44 percent The story behind this staggering growth told for the first time in Baseball s New Frontier is full of twists and unexpected turns intrigue and in some instances treachery From the desertion of New York by the Brooklyn Dodgers and the New York Giants to the ever present threat of antitrust legislation from the backroom deals and the political posturing to the impact of the upstart Continental League the book takes readers behind the scenes and into baseball s decision making process Fran Zimniuch gives a lively team by team chronicle of how the franchises were awarded how existing teams protected their players and what the new teams winning or losing strategies were With its account of great players notable characters and the changing fortunes of teams over the years the book supplies a vital chapter in the history of Major League Baseball
