Official History Of Colonial Devel Volume 5:

Eviction from the Chagos Islands Sandra Evers, Marry Kooy, 2011-05-23 This book represents the first joint effort to document the historical background of the eviction late 1960s early 1970s of the Chagossians from the Chagos archipelago when the main island became an US military base It documents their eviction resettlement livelihoods legal struggles and future aspirations

Media in Hong Kong Carol P. Lai, 2007-03-12 Making full use of newly declassified material extensive interviews and specific case studies this book examines the Hong Kong media over a forty year period focusing in particular on how its newspapers and TV stations have struggled for press freedom under the colonial British administration as well as Chinese rule

African Democracy Thompson, Gardner, 2016-04-17 The concepts of democracy and good governance have been at the centre of criticism of governments all over the world What democracy entails however has never been agreed most notably on the African continent African politicians who have been criticised for reigning over undemocratic regimes have insisted that the West judges them by criteria that don't apply to African circumstances Is there such a thing as African democracy Informed and intrigued by two events that happened in different eras in different countries Gardner Thompson has written an in depth historical examination of the nature of imported democracy as practised in the East African countries of Uganda where he worked as a young History teacher in the 70s Kenya and Tanzania The events were the 1971 Amin capture of power from Milton Obote in Uganda and the post election violence that rocked Kenya in 2007 2008 pitting then incumbent Mwai Kibaki against his erstwhile colleague Raila Odinga along what many read to be tribal lines Dividing the book into three sections Thompson treats democracy in the three former colonies from the perspectives of pre independence colonialism the transition to independence and governance since independence Reflecting indigenous history the colonial past and evolving culture flawed but functioning forms of government have emerged in the three states

The Making of British Colonial Development Policy 1914-1940 Stephen Constantine, 2005-08-05 First published in 1984 Routledge is an imprint of Taylor Francis an informa company

Argument and Change in World Politics Neta Crawford, 2002-07-25 Arguments have consequences in world politics that are as real as the military forces of states or the balance of power among them Neta Crawford proposes a theory of argument in world politics which focuses on the role of ethical arguments in fostering changes in long standing practices She examines five hundred years of history analyzing the role of ethical arguments in colonialism the abolition of slavery and forced labour and decolonization Pointing out that decolonization is the biggest change in world politics in the last five hundred years the author examines ethical arguments from the sixteenth century justifying Spanish conquest of the Americas and from the twentieth century over the fate of Southern Africa The book also offers a prescriptive analysis of how ethical arguments could be deployed to deal with the problem of humanitarian intervention Co winner of the APSA Jervis Schroeder Prize for the best book on international history and politics

The State, Counterinsurgency, and Political Policing in Colonial and Postcolonial Malawi, 1891-1994 Paul Chiudza

Banda,2020-10-05 Using the longue duree approach and the political economy approach The State Counterinsurgency and Political Policing in Colonial and Postcolonial Malawi 1891 1994 studies Malawi s colonial and post colonial history Malawi is a former British Protectorate formerly known as the Nyasaland Protectorate Paul Chiudza Banda analyzes the story of the rise of insurgencies in Malawi and adopts the concept of counterinsurgency to address the reactions of the state to those who challenged its legitimacy and authority Banda explores the factors behind the rise of insurgency such as land alienation high taxation elements of forced labor and denial of development opportunities Banda also examines the counterinsurgency measures used by the state such as the use of brutal force especially through the police and other para military groups the codification of strict laws and the offer of development opportunities Through Malawi s history Banda provides an analysis on why citizens challenge state authority how the state responds and what methods the state uses to defeat insurgencies

The Business of Development in Post-Colonial Africa Véronique Dimier,Sarah Stockwell,2021-03-13 This collection brings together a range of case studies by both established and early career scholars to consider the nexus between business and development in post colonial Africa A number of contributors examine the involvement of European companies most notably those of former colonial powers in development in various African states at the end of empire and in the early post colonial era They explore how businesses were not just challenged by the new international landscape but benefited from the opportunities it offered particularly those provided by development aid Other contributors focus on the development agencies of the departing colonial powers to consider how far these served to promote the interests of European companies Together these case studies constitute an important contribution to our understanding of both business and development in post colonial Africa redressing an imbalance in existing histories of both business and development which focus

predominantly on the colonial period This volume breaks new ground as one of the very first to bring the study of foreign companies and development aid into the same frame of analysis *British Imperialism* P.J. Cain,A. G. Hopkins,2016-03-02 A milestone in the understanding of British history and imperialism this ground breaking book radically reinterprets the course of modern economic development and the causes of overseas expansion during the past three centuries Employing their concept of gentlemanly capitalism the authors draw imperial and domestic British history together to show how the shape of the nation and its economy depended on international and imperial ties and how these ties were undone to produce the post colonial world of today Containing a significantly expanded and updated Foreword and Afterword this third edition assesses the development of the debate since the book s original publication discusses the imperial era in the context of the controversy over globalization and shows how the study of the age of empires remains relevant to understanding the post colonial world Covering the full extent of the British empire from China to South America and taking a broad chronological view from the seventeenth century to post imperial Britain today *British Imperialism* 1688 2015 is the perfect read for all students of imperial and global history **British Imperial Policy and Decolonization, 1938-64** Andrew Porter,A. J.

Stockwell,1989-06-12 Current interest in Britain's imperial past and the loss of her formal empire since World War II is substantial This book the second of a two part study brings together a collection of original and hitherto unpublished source material throwing light on the approaches of those politicians civil servants and expert advisers who were responsible for Britain's changing relations with her colonies and the Commonwealth Major themes touched on include the impact on the empire of the international upheavals of the 1950s the place of colonies in Britain's strategic defence planning problems of colonial economic development and relations with the USA **Britain and Kenya's Constitutions, 1950-1960** ,

Reckoning with Empire: Self-Determination in International Law Miriam Bak Mckenna,2022-11-28 The book adopts a new approach to self determination's international legal history tracing the ways in which various actors have sought to reinvent self determination in different juridical political and economic iterations to create the conditions for global transformation The value of the book's approach lies not only in a more nuanced understanding of self determination's legal history but in excavating the multiple ways in which actors particularly those from the Global South have challenged the existing normative and legal structures which rendered them unequal under the European system of international law Rethinking this process touches on issues that are relevant not only to debates about the enduring legacy of imperialism in our present but also to contemporary discussions of the position self determination has come to occupy in international law

Decolonization in Britain and France Miles Kahler,2014-07-14 Professor Kahler focuses on organizations below the state investigating party competition and sensitivity to political change produced by the characteristics of commercial firms In addition he explores transmission of external shocks to the domestic polity by the state itself and the domestic politics of settler societies under external threat Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Battle*

for Asia Mark T. Berger,2004-03-01 Asia has long been an ideological battleground between capitalism and communism between nationalism and Westernisation and between the nation state and globalization This book is a history of the Asian region from 1945 to the present day which delineates the various ideological battles over Asia's development Subjects covered include theories of development decolonization US political and economic intervention the effects of communism the end of the Cold War the rise of neo liberalism Asia after the crisis Asia in the era of globalisation Broad in sweep and rich in theory and empirical detail this is an essential account of the growth of Asian miracle and its turbulent position in the global economy of the twenty first century **Winding Up the British Empire in the Pacific Islands** W. David McIntyre,2014 The first detailed account based on recently opened archives of when how and why the British Government changed its mind

about giving independence to the Pacific Islands Jamaica's Foreign Policy Stephen Vasciannie, Lisa Vasciannie, 2024-06-21

In the years since Independence in 1962 Jamaica's foreign policy has reflected the flux and reflux of international affairs. There has been continuity in the midst of change and while the country has sought to deepen its traditional friendships and widen its network of allies it has also experienced occasions of externally determined crisis and major disagreement both within the Caribbean and in the wider world. Bearing in mind the profound changes which have taken place in the international sphere since independence this book examines some of the main initiatives and responses which have characterised Jamaican foreign policy over the last sixty years **Hong Kong and the Cold War** Chi-kwan

Mark, 2004-08-05 After 1949 the British Empire in Hong Kong was more vulnerable than the lack of Chinese demand for return and the success of Hong Kong's economic transformations might have suggested. Its vulnerability stemmed as much from Britain's imperial decline and America's Cold War requirements as from a Chinese threat. It culminated in the little known 1957 Question a year when the British position in Hong Kong appeared more uncertain than any time since 1949. This is the first scholarly study that places Hong Kong at the heart of the Anglo American relationship in the wider context of the Cold War in Asia. Unlike existing works which tend to treat British and US policies in isolation this book explores their dynamic interactions how the two allies perceived, responded to and attempted to influence each other's policies and actions. It also provides a major reinterpretation of Hong Kong's involvement in the containment of China. Dr Mark argues that concerned about possible Chinese retaliation the British insisted and the Americans accepted that Hong Kong's role should be as discreet and non confrontational in nature as possible. Above all top decision makers in Washington evaluated Hong Kong's significance not in its own right but in the context of the Anglo American relationship. Hong Kong was seen primarily as a bargaining chip to obtain British support for US policy elsewhere in Asia. By using a variety of British and US archival material as well as Chinese sources Dr Mark examines how the British and US government discussed, debated and disagreed over Hong Kong's role in the Cold War and reveals the dynamics of the Anglo American alliance and the dilemmas of small allies in a global conflict **The United States and Decolonization in West Africa, 1950-1960** Ebere Nwaubani, 2001

He also gives a nuanced appraisal of the Cold War demonstrating that it was not as important as popularly believed in determining US behavior in Africa. The primary focus of the book is on West Africa with case studies focusing on the Ewe Ghana including the Volta dam project and Guinea. The broad issues discussed are framed in the larger context of sub-Saharan Africa and against the backdrop of the larger debates about the nature of post 1945 United States diplomacy. BOOK JACKET Surviving Small Size Patsy Lewis, 2002 In 1987 St Vincent's Prime Minister James Mitchell called on his fellow Prime Ministers in the Eastern Caribbean to merge their separate countries into a single state. He argued that individually they had exhausted the possibilities of separate independence and they could only pursue regional and international development and indeed economic survival by pooling their scarce resources to combat common problems. By the end of the

year all the Leeward Islands rejected the initiative although it remained very much alive among the governments of the Windward chain Grenada St Vincent and the Grenadines St Lucia and the Commonwealth of Dominica During the next eight years efforts of the Windward Islands to merge were debated but the initiative for unification ultimately died Through extensive interviews and analyses of primary documents Lewis paints a compelling picture of island and regional jealousies and conflicting economic priorities which prevented the Windward and Leeward Islands from cooperating and which ultimately destroyed the movement for political unification in the Windwards

Completing Humanity Umut Özsu, 2023-12-21 Examines the history of the rise and fall of the twentieth century's last major attempt to decolonize international law

The Cold War's Odd Couple Steve Tsang, 2005-10-28 The relationship between the USA and the People's Republic of China PRC was the defining factor in the Cold War in Asia the potentially explosive conflict which as seen in the Korean War brought the world to the brink of nuclear disaster The PRC had not become Titoist as some hoped and remained firmly within the Soviet international orbit But how did Great Britain and the Republic of China ROC fit into this potentially lethal global jigsaw Steve Tsang has illuminated the history of a seemingly obscure corner of international relations and politics but which was to contemporaries at the heart of global survival He has carried out extensive research in unique Chinese and English language sources both official and private
