## **Official Records Of The Union Ser1 Volume 1:**

Sherman's 1864 Trail of Battle to Atlanta Philip L. Secrist, 2006 Sherman's 1864 Trail of Battle to Atlanta traces the principal routes and sites of battle used by the Confederate and Union armies in the 120 day Atlanta Campaign. Special care is given to locating and identifying local families living along this path of war in 1864 and through their letters, diaries, or books, shares their experiences of war. Frances Howard's book *In and Out of the Lines* chronicles the hardships experienced by families in the path of marching armies, and Lizzie Grimes's diary describes the burning of her house and town of Cassville, Georgia. *African American Southerners in Slavery, Civil War and Reconstruction* Claude H. Nolen, 2003-12-31 This work documents the many roles filled by Southern blacks in the last decades of slavery, the Civil War years, and the following period of Reconstruction. African Americans suffered and resisted bondage in virtually every aspect of their lives but persevered through centuries of brutality to their present place at the center of American life. Utilizing statements made by former slaves and other sources close to them, the author takes a close look at the culture and lifestyle of this proud people in the final decades of slavery, their experiences of being in the military and fighting in the Civil War, and the active role taken by the Southern blacks during Reconstruction. **The Wilmington & Weldon Railroad in the Civil War** James C. Burke, 2013-01-01 In its early years, the Wilmington Railroad's capriciousness and bureaucracy of the Confederate government sabotaged attempts at the gruesome death of its president, a yellow fever epidemic, Union raids on its facilities, and bridges. Runaway inflation in the Confederate economy, the fall of Wilmington, its bisection by advancing Union forces, and finally the unnecessary destruction of locomotives, cars, track, and bridges by retreating Confederate troops. The railroad, unlike the Confederacy, survived and would eventually transform itself into a powerful regional economic force, adapting to the challenges of the New South. Black Union Soldiers in the Civil War Hondon B. Hargrove, 2003-09-19 This book refutes the historical slander that blacks did not fight for their emancipation from slavery. At first harshly rejected in their attempts to enlist in the Union army, blacks were eventually accepted into the service, often through the efforts of individual generals who frustrated with bureaucratic inaction in the face of dwindling forces, overrode orders from the Secretary of War and the President himself. By the end of the war, black soldiers had numbered over 187,000 and served in 167 regiments. Seventeen were awarded the Congressional Medal of Honor, the nation's highest award for valor. Theirs was a remarkable achievement whose full story is here told for the first time. *Army History*, 1999. Teacher of Civil War Generals Allen H. Mesch, 2015-07-28 From West Point to Fort Donelson, General Charles Ferguson Smith was a soldier's soldier. He served at the U.S. Military Academy from 1829 to 1842 as Instructor of Tactics, Adjutant to the Superintendent, and Commandant of Cadets. During his 42-year career, he was a teacher, mentor, and role model for many cadets who became prominent Civil War generals, and he was admired by such former students as Grant, Halleck, Longstreet, and Sherman. Smith set an example for junior officers in the Mexican War, leading his light battalion to victories and earning three field promotions. He served with Albert Sidney

Johnston and other future Confederate officers in the Mormon War He mentored Grant while serving with him during the Civil War and helped turn the tide at Fort Donelson which led to Grant's rise to fame He attained the rank of major general while refusing political favors and ignoring the press Drawing on never before published letters and journals this long overdue biography reveals Smith as a faithful officer excellent disciplinarian able commander and modest gentleman

COMBEE Edda L. Fields-Black, 2024 COMBEE is based upon original research and offers the first full account of Tubman's Civil War service and the Combahee River Raid In the process it also offers the story of enslaved families living in bondage and fighting for their freedom and does so using their own distinct and individual voices **Manet and the American Civil War** Juliet Wilson-Bareau, David C. Degener, Metropolitan Museum of Art (New York, N.Y.), 2003 On June 19 1864 the United States warship Kearsarge sank the Confederate raider Alabama off the coast of Cherbourg France in one of the most celebrated naval engagements of the American Civil War When Kearsarge later anchored off the French resort town of Boulogne sur Mer it was thronged by curious visitors one of whom was the artist Edouard Manet Although he did not witness the historic battle Manet made a painting of it partly as an attempt to regain the respect of his colleagues after having been ridiculed for his works in the 1864 Salon Manet's picture of the naval engagement and his portrait of the victorious Kearsarge belong to a group of his seascapes of Boulogne whose unorthodox perspective and composition would profoundly influence the course of French painting Manet's paintings and watercolors related to the battle are considered in depth alongside numerous prints photographs letters and archival newspaper illustrations that illuminate the history of the episode and in some cases dispel lingering misconceptions Manet's other Boulogne seascapes are also discussed in terms of their complex chronology and evolution A final chapter touches on some of the sources for the seascapes from Old Master paintings to Japanese woodblock prints and traces the influence of the seascapes on such artists as Gustave Courbet James Abbott McNeill Whistler and Claude Monet **BOOK JACKET** **The Battle Rages Higher** Kirk Jenkins, 2010-09-12 The Battle Rages Higher tells for the first time the story of the Fifteenth Kentucky Infantry a hard fighting Union regiment raised largely from Louisville and the Knob Creek valley where Abraham Lincoln lived as a child Although recruited in a slave state where Lincoln received only 0.9 percent of the 1860 presidential vote the men of the Fifteenth Kentucky fought and died for the Union for over three years participating in all the battles of the Atlanta campaign as well as the battles of Perryville Stones River and Chickamauga Using primary research including soldiers letters and diaries hundreds of contemporary newspaper reports official army records and postwar memoirs Kirk C Jenkins vividly brings the Fifteenth Kentucky Infantry to life The book also includes an extensive biographical roster summarizing the service record of each soldier in the thousand member unit Kirk C Jenkins a descendant of the Fifteenth Kentucky's Captain Smith Bayne is a partner in a Chicago law firm Click [here](#) for Kirk Jenkins website and more information about the 15th Kentucky Infantry **Generations of Captivity** Ira Berlin, 2004-09-30 Ira Berlin traces the history of African American slavery in the United States from its beginnings in the

seventeenth century to its fiery demise nearly three hundred years later Most Americans black and white have a singular vision of slavery one fixed in the mid nineteenth century when most American slaves grew cotton resided in the deep South and subscribed to Christianity Here however Berlin offers a dynamic vision a major reinterpretation in which slaves and their owners continually renegotiated the terms of captivity Slavery was thus made and remade by successive generations of Africans and African Americans who lived through settlement and adaptation plantation life economic transformations revolution forced migration war and ultimately emancipation Berlin s understanding of the processes that continually transformed the lives of slaves makes *Generations of Captivity* essential reading for anyone interested in the evolution of antebellum America Connecting the Charter Generation to the development of Atlantic society in the seventeenth century the Plantation Generation to the reconstruction of colonial society in the eighteenth century the Revolutionary Generation to the Age of Revolutions and the Migration Generation to American expansionism in the nineteenth century Berlin integrates the history of slavery into the larger story of American life He demonstrates how enslaved black people by adapting to changing circumstances prepared for the moment when they could seize liberty and declare themselves the Freedom Generation This epic story told by a master historian provides a rich understanding of the experience of African American slaves an experience that continues to mobilize American thought and passions today

The Oxford Handbook of the American Civil War Lorien Foote, Earl J. Hess, 2021-10-12 Every time Union armies invaded Southern territory there were unintended consequences Military campaigns always affected the local population devastating farms and towns making refugees of the inhabitants undermining slavery Local conditions in turn altered the course of military events The social effects of military campaigns resonated throughout geographic regions and across time Campaigns and battles often had a serious impact on national politics and international affairs Not all campaigns in the Civil War had a dramatic impact on the country but every campaign no matter how small had dramatic and traumatic effects on local communities Civil War military operations did not occur in a vacuum there was a price to be paid on many levels of society in both North and South The Oxford Handbook of the American Civil War assembles the contributions of thirty nine leading scholars of the Civil War each chapter advancing the central thesis that operational military history is decisively linked to the social and political history of Civil War America The chapters cover all three major theaters of the war and include discussions of Bleeding Kansas the Union naval blockade the South West American Indians and Reconstruction Each essay offers a particular interpretation of how one of the war s campaigns resonated in the larger world of the North and South Taken together these chapters illuminate how key transformations operated across national regional and local spheres covering key topics such as politics race slavery emancipation gender loyalty and guerrilla warfare

*Freedom*, 1990 The 111th New York Volunteer Infantry Martin W. Husk, 2010-03-08 This regimental history follows the 111th New York Volunteer Infantry s service from muster through victory Drawing on many first hand accounts and primary sources it provides details on the towns from which the regiment

*Executing Daniel Bright* Barton A. Myers,2009-10 Daniel Bright was executed in 1863 for his involvement in an irregular resistance to Union army incursions along the coast of North Carolina *Executing Daniel Bright* uses life and death to exemplify a larger pattern of retaliatory executions and public murders meant to enforce a message of political loyalty and military conduct on the Confederate home front and to examine the wider experience of guerrilla conflict on the North Carolina coast The study concludes that guerrilla violence like Bright s hanging was not isolated to the highlands or piedmont region of the North Carolina home front but occurred throughout the state *Freedom: Volume 1, Series 1: The Destruction of Slavery* Ira Berlin,1985 Contains primary source material *Never for Want of Powder* C. L. Bragg,2007 Lavishly illustrated with seventy four color plates and fifty black and white photographs and drawings *Never for Want of Powder* tells the story of a world class munitions factory constructed by the Confederacy in 1861 the only large scale permanent building project undertaken by a government often characterized as lacking modern industrial values In this comprehensive examination of the powder works five scholars a historian physicist curator architectural historian and biographer bring their combined expertise to the task of chronicling gunpowder production during the Civil War In doing so they make a major contribution to understanding the history of wartime technology and Confederate ingenuity Early in the war President Jefferson Davis realized the Confederacy s need to supply its own gunpowder Accordingly Davis selected Col George Washington Rains to build a gunpowder factory An engineer and West Point graduate Rains relied primarily on a written pamphlet rather than on practical experience in building the powder mill yet he succeeded in designing a model of efficiency and safety He sited the facilities at Augusta Georgia because of the city s central location canal transportation access to water power railroad facilities and relative security from attack As much a story of people as of machinery *Never for Want of Powder* recounts the ingenuity of the individuals involved with the project A cadre of talented subordinates including Frederick Wright C Shaler Smith William Pendleton and Isadore P Girardey assisted Rains to a degree not previously appreciated by historians This volume also documents the coordinated outflow of gunpowder and ammunition and Rains s difficulty in preparing for the defense of Augusta Today a lone chimney along the Savannah River stands as the only reminder of the munitions facility that once occupied that site With its detailed reproductions of architectural and mechanical schematics and its expansive vista on the Confederacy *Never for Want of Powder* restores the Augusta Powder Works to its rightful place in American lore *Freedom: Volume 2, Series 1: The Wartime Genesis of Free Labor: The Upper South* Ira Berlin,1993-11-26 This 1993 volume of *Freedom* presents a history of the emergence of free labor relations in different
