

Reality

I held an egg, then realized,

how fragile life must be.

To see the life of a baby chick,

taken away so easily.

Here it is in my hand,

a simple crack away.

A baby chick, could have been sitting

here this sunny July day.

Oh well, back to breakfast.

Reality Poems:

Reality Poems Isabella George, 2016-09-06 Reality Poems 2016 is the revised edition of Isabella George's first e-book Reality Poems of the Modern Day 2014. The title has been shortened but content increased. In this revision, the poems are presented as more intense in depth and reveal an enriched ever-evolving awareness and determination to address issues more explicitly without trepidation or regard to criticism. Reality Poems is a body of work that is now a collection of 70 short stories and poems of controversial issues relevant to modern culture. Each poem is a short story that creates mood and movement in a rhythmic lyrical contempo cadence aptly called Versery Rhymes; some poems are written in an urban vernacular. Many stories in the collection of political and social issues are not usually topics of discourse in traditional poetry. These stories in atomic words are a clear and concise commentary on controversial issues not usually considered to be poetic. A range of poignant topics in the collection includes credit card entrapment, drug trafficking, interracial lovers, 9/11 conspiracy, and other theories, the horrors of factory farming, death row, psychotic episodes, cigarette smoking, Lucifer, Prince of the Air, strippers, the blues, ghosts, Frankenfood, baptism, the death of one's mother, civil rights struggle of the 60s, sea level rise, Miami, and the Everglades, smoking weed, imagining the New World Order, aging cougars. Less poignant topics include Teenage love, crushes, forgetfulness, boys and their frogs, Barbie dolls, fashionistas, Hot Wheels, puppies, parakeets, heartbreak, Kool Aid, the Brazilian Samba, gremlins, island living, and many other topics of life. **Reality Poems of the Modern Day**

Isabella George, 2014-06-04 Is a politically and socially courageous eclectic collection of short stories and poems of contemporary predicaments and issues that often escape mainstream sensibility. Each poem is a compelling short story versified in a style of poetry I have tagged as Versery Rhymes, which is contempo lyrical verse with a bit of urban vernacular dialogue. A range of poignant topics in this collection pertain to credit card entrapment, drug trafficking, lesbian lovers, prostitution, factory farming, death row, psychotic episodes, cigarette smoking, smoking weed, the Prince of the Air, the blues, ghosts, etc. The list goes on. A bit less poignant topics are of teen-age love affairs, boys and frogs, the rain, Barbie dolls, fashionistas, hot wheels, puppy's, parakeets, baptism, death, forgetfulness, and much much more. This just names a few. As Langston Hughes penned Poetry is the human soul entire. Squeezed like a lemon or a lime. Drop by drop into atomic words. The reality of truth in atomic words that are direct commentary on issues is what this work is about. Poems of Reality

Tony Gorman, 2014-01-31 The Pebble I am a pebble dropped into the water. Spreading my ripples to all those around. Each little wave bringing hope to the needy. Easing their worries, bringing smiles, not a frown. Spreading and rippling to far distant boundaries. Drawing in help with its tidal display. And they too will drop pebbles, creating more ripples. Lending a hand to the needy as they go day to day. The lesson from this is to help one another. And don't be afraid to spread yourself around. And be like the pebble causing all of those ripples. As those that are dormant are the ones on the ground. I hope my poems were like the pebble and caused ripples of peace and joy in your life as you turned each page. Many Thanks to those who have bought

traveling husbands or other male kin The travel poems discussed in this book while not necessarily representative of all of the women writers of this period point to the fact that many of them longed to explore the world through travel as did so many of their male counterparts Sometimes they were able to actualize this desire for travel and sometimes they were forced to resort to imaginary armchair travel In either case women writers often used poetry as a means of recording their experiences or delineating their dreams of traveling outside the inner quarters and indeed sometimes far away from the inner quarters With its promise of adventure and fulfillment and above all a broadening of one's intellectual and emotional horizons travel was an important and until now understudied theme of late imperial women's poetry *Caged Uptowne* with Hagin King,1998-05-01 *Poems of Reality* Yolanda Kinlock,2016-06-14 *Poems of Reality The Experiences of Life* expresses real life experiences in the form of poetry It will take you to a place where you never thought you could go Some people may feel different emotions while others can relate to the experiences of life translated through poems of reality Some people may feel the betrayal and reminisce on their trials and tribulations While others may transcend to a level where they can feel the pain passion compassion and fear in a different light We have all loved and lost But can we all say that we have all learned and grown from our experiences The messages delivered in *Poems of Reality The Experiences of Life* will make most people see things through a very different perspective **Poets of Reality** Joseph Hillis Miller,1965 Although many books deal individually with each of the major writers treated in *Poets of Reality* none attempts through analyses of these particular men and their works to identify the new directions taken by twentieth century literature J Hillis Miller challenging the assumption that modern poetry is merely the extension of an earlier romanticism presents critical studies of the six central figures eJoseph Conrad W B Yeats T S Eliot Dylan Thomas Wallace Stevens and William Carlos Williams ewho played key roles in evolving a poetry in which eoereality comes to be present to the senses and present in the words of the poem which ratify this possession e A new kind of poetry has appeared in the twentieth century the author claims a poetry which growing out of romanticism and symbolism goes far beyond it The old generalizations about the nature and use of poetry are no longer applicable and it is the gradual emergence of new forms culminating in the work of Williams that Miller traces and defines

Progress of Reality of Insanity the Second Coming Ron McIntyre,2021-04-08 The mind excited with blazes of fiery thoughts flashes forth wonders of amazement far past the imaginable somewhere in the far out extremes beyond non existence somewhere God is frightened to wander around I have seen him tip toe across the stars and stroll around in the sky like he owned them And command the lightning where to strike His powers of wonderment cause hysterical raptures of ecstasy He can transport a man s mind from reality into oblivion His frenzied mind teeters on the brink of infinity his thinking is so complex he had to invent new words to explain them He can force the trumpets of the seventh heavenly plague to blast before their appointed time and confuse the armies in heaven to where they do not know whose command to follow Lightning and voices and thunders exist only by his permission He commands the powers in heaven the angels fall at his feet the sun no longer sheds light and the moon turns to blood and the stars fall from the sky Who is this The Almighty The Only Begotten or the Third in Command no though some think so this is the author Ron McIntyre

Figures of Reality Roger Cardinal,2025-05-01 Figures of Reality 1981 may be described as a polemic against those who feel poetry to be remote from normal life an abstruse and empty game The author argues from a contrary perspective shared by many poets in the Romantic and Surrealist tradition in which poetry is viewed as being vitally related to our awareness of reality This penetrating discourse on the roots of poetry in the imagination suggests that the fascination of an illusory image lies precisely in our consciousness of its deflection from reality Poets can take hold of and manipulate these moments they are adept in the construction of unreality The deliberate cultivation of such states of awareness has been a preoccupation of many poets and literary theorists among them Coleridge De Quincy and Rimbaud Roger Cardinal s commentaries on the writing of these men as well as other texts drawn from nineteenth and twentieth century European poetry argues that poems have meaning for us to the extent that we recognise the relationship of the figure of speech on the page to the figure of reality as shaped by our perception of the world around us In this way the book uniquely develops an original and subtle theory of the role of imagination in poetry
