**Phenomenology of Values and Valuing** J.G. Hart, Lester Embree, 2013-04-17 Although a key aspect of the phenomenological movement is its contribution to value theory axiology and value perception almost all the

major figures devoted a great part of their labors to these topics there has been relatively little attention paid to these themes This volume in part makes up for this lacuna by being the first anthology on value theory in the phenomenological movement It indicates the scope of the issues by discussing e g the distinctive acts of valuing openness to value the objectivity of values the summation and combination of values the deconstruction of values the value of absence and the value of nature It also contains discussions of most of the major representative figures not only in their own right but also in relationship to one another Von Ehrenfels Brentano Scheler Hartmann Husserl Heidegger Schutz and Derrida     Radical Axiology Hugh P. McDonald,2021-11-08 This book treats values as the basis for all of philosophy an approach distinct from critiquing theories of value and far rarer First Philosophy the effort to justify the foundations for a system of philosophy is one of the main issues that divide philosophers today McDonald s philosophy of values is a comprehensive attempt to replace philosophies of existence being experience the subject or language with a philosophy that locates value as most basic This transformation is a radical move within Western philosophy as a whole since it has never been done in such a thoroughgoing way Hugh P McDonald makes a comprehensive case against first philosophy as metaphysical by mounting a case against all metaphysical systems of philosophy Radical Axiology A First Philosophy of Values is a fresh start for a rebirth of philosophy While other movements debate the death of philosophy this book radically re evaluates the direction of philosophy by discovering values at the basis of all philosophy This reorientation addresses the question of what the love of wisdom can mean for us today     **Encyclopedia of Ethics** Lawrence C.
