**Unreasonable Faith** James Fodor, 2022-06-29 He has written or edited more than 30 books his arguments for God and Jesus are frequently cited by Christian apologists around the world and he has severely overstated his case through a series of blatant mischaracterizations and philosophical blunders You may have heard of William Lane Craig a professor of philosophy at Talbot School of Theology who is known for debating atheists but even if you haven't you have probably heard his arguments through followers and fans He is known for painting faith as the reasonable road and falsely claiming that he can prove the validity of his religion From his work attempting to show evidence for Jesus resurrection to his development of the Kalam cosmological argument for the existence of God Craig is respected among his peers on the Christian side of the religious spectrum But is that deserved What's at the core of these arguments Are they philosophically sound More importantly is this Unreasonable Faith an excellent destruction of W L Craig's entire apologetics Cogently argued and factually accurate this is required reading for anyone keen to question the soundness of anything W L Craig has argued over the decades Which makes it an invaluable resource for refuting Christian apologetics generally Richard Carrier author on the historicity of Jesus This book should be required reading for anyone who is proposing to debate William Lane Craig on the existence of God It should also be something that those who debate Craig on that topic advertise this book gives an accurate idea of the amount of material that needs to be provided to begin to address the usual panoply of arguments that Craig puts forward in a debate Professor Graham Oppy Monash James Fodor has a graduate degree in physics at the University of Melbourne and is a research assistant in structural biology at Monash University With a keen interest in philosophy he writes for the Rationalist magazine on various subjects in religion and epistemology As president of the University of Melbourne Secular Society he has engaged in numerous discussions and public debates concerning religion with a focus on secular morality and the evidence for the resurrection of Jesus He also has a keen interest in effective altruism and computational neuroscience

God Doesn't; We Do James A. Lindsay, 2012-09-15 Does God exist Does He do anything in this world Famous authors like Richard Dawkins

suggest strongly that it is very unlikely but how unlikely is it God Doesn't We Do brings James A Lindsay's mathematical expertise to the question and is able to put the matter under a microscope only available through an understanding of abstract mathematics which he makes accessible to any reader Because of that this book will change the conversation about the existence of God The central theme of this book though points out that even if there were a God we have no reason to believe He does anything at all in this world Thus the responsibility is on us as it always has been to make our world what it will be From the back cover Our world is one that is full of difficult challenges and many people still turn to God for solutions or credit Him with ones that they find The time for that kind of superstition is long passed God Doesn't We Do seeks to address the topic on philosophical grounds making appeals to a scientific mindset and evidence based decision making in fields where religion has dominated for centuries including morality politics and even spirituality The title really says it all God Doesn't We Do Only Humans Can Solve Human Challenges      **Mind Your Faith** David A. Horner,2011-09-12 For young Christians about to embark on the collegiate experience David Horner provides a guide to thinking as a Christian Carefully exploring how ideas work he gives students essential tools for thinking critically contextually and coherently unpacking worldviews and discerning truth      *In the Face of Death* Fabian F. Grassl,2020-01-01 My theological work was always only a superstructure placed upon the experiences and sufferings of my life Helmut Thielicke Thielicke's story is one of extraordinary circumstances Especially as a young man living through Germany's darkest hour he was time and again put on the brink of death by fatal sickness Nazi oppression and war These experiences left an indelible mark on his worldview In this thoroughly researched study Fabian F Grassl takes a fresh and original look at Thielicke's turbulent life through the specific lens of suffering and death He paints an intimate portrait of a boundary rider whose theology uniquely developed in the face of death As a result new light is cast on one of the outstanding theologians ethicists and preachers of the twentieth century The reader is invited to explore a world of thought decidedly shaped by the eschatological existence of an intriguing personality a flawed human being like the rest of us yet endowed with a fascinating theological prowess taking his stand amongst Germany's major historical upheavals of the last century      Debating Christian Theism J. P. Moreland,Chad V. Meister,Khalidoun A. Sweis,2013-08-15 This volume offers groundbreaking dialogue by many of the most prominent scholars in the field in a definitive treatment of central issues in theism and Christian faith      *Questioning Christianity* Dan Paterson,Rian Roux,2021-06-02 Have you ever seriously questioned Christianity If so you're not alone A lot of people have wondered if this faith is outdated irrelevant maybe even harmful But what if everything is not as it seems What if there's more to the story Questioning Christianity explores the nature and relevance of the Christian story in an accessible and compelling way No slogans No politics No simple solutions to complex problems After many years of exploring issues of faith with skeptics seekers and new believers Dan Paterson and Rian Roux serve as guides to help you navigate what can be a disorienting and confusing journey Perhaps you're feeling lost unable to find your bearings and you need some help to map

out the terrain around you Or maybe you ve encountered obstacles and have hard questions that need to be addressed before you can move ahead Whatever it is that has made you curious about this faith there are good answers waiting to be discovered So go ahead Question Christianity Just give Christianity the chance to answer back **Faith's Defenders** Dr. Octavian Caius Obeada,2024-07-28 Faith s Defenders The Christian Apologetic Mission offers a comprehensive exploration of the crucial role of apologetics in the Christian Church It examines the foundational beliefs historical challenges and modern day threats to Christianity while providing a detailed overview of apologetics from early Christianity to the present The book emphasizes the need for respectful and intellectually rigorous strategies to engage with contemporary culture address doubts and reinvigorate faith Drawing on insights from renowned defenders of the faith it highlights the importance of apologetics in strengthening the Church s witness and fostering meaningful dialogue making a compelling call for the Church to present the gospel with confidence clarity and compassion You can find the PAPERBACK version on Amazon <https://amzn.to/4jiSDjr>

### **Why Does God Seem So Hidden?** Joshua C.

Waltman,2023-04-06 Why does God seem so hidden obscure and silent Why doesn t he make himself known in a more explicit way to those who dispute his existence This line of questioning presents a perplexing conundrum for Christian theologians On the one hand Christians affirm that God s revelation of himself is sufficient but on the other hand it appears that some genuine seekers remain unconvinced of his existence In recent decades philosopher J L Schellenberg has proposed an argument for atheism that attempts to exploit this apparent contradiction This book offers a new take by approaching the conversation using a Trinitarian theological lens The character of Trinitarian love shapes the way God communicates in pursuit of relationships Namely God desires spiritually oriented communal divine human relationships and this endeavor necessarily entails hiddenness This work proposes five spiritual criteria that an individual must meet to be open to having a relationship with the triune God and these are the criteria that atheists have failed to consider Articulating these five is exactly what is needed to resolve the vexing theological puzzle of divine hiddenness
