Because healing is the gateway to love that actually feels like love. Buy now and become the woman who no longer waits to be chosen because she's already chosen herself.

**The Coming Tyranny** David A. Herrera, 2021-06-30

The Coming Tyranny: How Socialism Will Lead to Civil War in America is a step-by-step prediction of how socialism in America will develop by nefarious and corrupt Democrats whose concerns are not the interests and well-being of the American people but are concerns about redistributing wealth, attaining power, control, and enriching themselves. After the 2020 suspected fraudulent election, Democrats practically control the Federal government. Their Utopian socialist dream consists of taking substantial wealth from the rich through oppressive taxes and redistributing this wealth for government assistance to illegal migrants, for Black reparations, to bail out poorly managed Democrat states disguised as COVID-19 relief, for infrastructure, for green energy, for government-run healthcare, for COVID-19 vaccines, to support the UN, the Paris Peace Accord, climate deal, the World Health Organization, and for Palestinian aid. The Chinese-born COVID-19 pandemic has enabled the worst election fraud in US history to occur in a concerted effort to steal the 2020 election by election computer fraud, ballot counters, state-elected officials in key states, mail carriers, and election officials. Incredulously, key state supreme courts and the US Supreme Court all refused to listen to any evidence or witnesses available in the worst election fraud in US history. Examples of Democrat socialist presidential candidates and their leftist views are presented to show how far left socialists want to take America. Examples are given as to how corrupt leaders such as Obama, Hillary Clinton, and Joe Biden not only tried to rig the 2016 election but sought to influence the election of Benjamin Netanyahu, forced Pope Benedict to resign and be replaced by a liberal Pope, and how the Obama Administration and others were involved with the Vatican and Pope Francis to try to align abortion and homosexuality morality in Catholic doctrine with leftist political morality to be gaslighted as acceptable moral behavior in the US by Hillary Clinton and Tim Kaine in preparation for the 2016 election. The Biden Administration signed a slew of executive orders and tax policies that mandated culture change and triggered oppression of Americans. Step-by-step predictions are made how Democrats will change election laws so that they will always remain in power. Socialist policies are predicted to cause economic chaos, failure, and instability. Many Americans will lose their jobs and suffer crime, poverty, and homelessness. Police departments and the military will be politicized to support and enforce tyrannical laws passed by the socialist Federal US government to deprive Americans of their freedoms. Conservatives will react as tyranny and oppression intensify. A secession of states will likely occur, leading to a 2nd American Civil War. Unfortunately, the war will not fare well for freedom-loving Americans for reasons stated. Only a miracle from God can save the USA. Leftist policies and reconstruction efforts will further weaken the US. As Muslim immigrants grow exponentially in the US and Muslim population centers in states increase over time, this book predicts that a 3rd Civil War will occur between Muslims and non-Muslims. In the end, the old US will become divided into

Muslim and non Muslim countries never to return to the greatest country on earth that it was      **You Won't See Me Coming** Kristen Orlando,2019-01-08 After finally taking down Torres her mother s merciless killer Reagan and Luke have two targets on their backs and are forced into hiding With new names looks and cover stories they re living quiet safe lives but revenge comes at a steep price Reagan s actions continue to haunt the pair and put the people they love in danger When Reagan discovers her best friend Harper is on the verge of being kidnapped she and Luke defy Black Angel orders and risk blowing their cover to save their friend After the rescue attempt goes wrong the three friends must go on the run with an army of assassins hot on their trail and the list of trust worthy Black Angels getting smaller and smaller Will they make it out alive And at what cost Fast paced and suspenseful this is the explosive finale of Kristen Orlando s Black Angel Chronicles series      *Winter Is Coming* Garry Kasparov,2015-10-27 The stunning story of Russia s slide back into a dictatorship and how the West is now paying the price for allowing it to happen The ascension of Vladimir Putin a former lieutenant colonel of the KGB to the presidency of Russia in 1999 was a strong signal that the country was headed away from democracy Yet in the intervening years as America and the world s other leading powers have continued to appease him Putin has grown not only into a dictator but an international threat With his vast resources and nuclear arsenal Putin is at the center of a worldwide assault on political liberty and the modern world order For Garry Kasparov none of this is news He has been a vocal critic of Putin for over a decade even leading the pro democracy opposition to him in the farcical 2008 presidential election Yet years of seeing his Cassandra like prophecies about Putin s intentions fulfilled have left Kasparov with a darker truth Putin s Russia like ISIS or Al Qaeda defines itself in opposition to the free countries of the world As Putin has grown ever more powerful the threat he poses has grown from local to regional and finally to global In this urgent book Kasparov shows that the collapse of the Soviet Union was not an endpoint only a change of seasons as the Cold War melted into a new spring But now after years of complacency and poor judgment winter is once again upon us Argued with the force of Kasparov s world class intelligence conviction and hopes for his home country *Winter Is Coming* reveals Putin for what he is an existential danger hiding in plain sight      **The Money is Coming** Sarah Akwisombe,2020-08-27 THE SUNDAY TIMES BESTSELLER What if you could attract more money just by changing how you think In *The Money Is Coming* Sarah Akwisombe founder of No Bull Business School gives you an easy to follow ten step system to manifest more money into your life By using a unique blend of Sarah s no bullsh t style and an honest inquisitive look at the universe and the law of attraction you will learn to re programme your brain to work for you breaking down negative money blocks to replace them with new thought patterns for a positive money mindset This book will have you seeing new money opportunities feeling excited about your financial future and on the road to living your best life      **Coming Home?** Lynellyn D. Long, Ellen Oxfeld,2017-06-16 Few things weigh on the human spirit more heavily than a sense of place the lands we live in and return to have a profound ability to shape our notions of home and homeland not to mention our own identities The pull of the familiar and the desire to begin anew are conflicting impulses for

the nearly 180 million people who live outside their countries of origin often with the expectation of returning home Of 30 million people who immigrated to the United States alone between 1900 and 1980 10 million are believed to have returned to their homelands While migration flows occur in both directions surprisingly few studies of transnationalism global migration or diaspora address return experiences Undertaking a comparative analysis of how coming home affects individuals and their communities in a myriad cultural and geographic settings the contributors to this volume seek to understand the unique return migration experiences of refugees migrants and various others as they confront the social pressures and a sense of displacement that accompany their journeys The returns depicted in *Coming Home* range from temporary visits to permanent repatriation from voluntary to coerced movements and from those occurring after a few years of exile to those after several decades away The geographic sites include the Balkans Barbados China Eritrea Ethiopia Germany Nicaragua the Philippines Rwanda and Vietnam Several studies portray the experiences of returning refugees who earlier fled war and violence while others focus on economic or labor migrants As the essays show connections between permanent returnees and home communities are contentious and complex On the one hand issues of land title property rights political orientation and religious and cultural beliefs and practices create grounds for clashes between returnees and their home communities but on the other returnees bring with them a unique ability to transform local practices and provide new resources
