Jeffrey Griffin,2023-03-01 It is 1869 in America and a group of Scillian immigrants have arrived on its shores escaping from charges of murder in their home country They form an organization called the Black Hand Gang which becomes the modern day Mafia By using bribery blackmail and extortion they gain control of contracts with the United States government and eventually gain so much power and influence they use it to decide who will become the president of the United States and control the government from the shadows and assassinate anyone who defies them including the president *Guantánamo, USA* Stephen Irving Max Schwab,1999-11-16 Established as America s first foreign naval base following the Spanish American War Guantanamo is now more often thought of as our Devil s Island the gulag of our times This book takes readers beyond the orange jumpsuited detainees of today s headlines to provide the first comprehensive history of Guantanamo from its origins to the present Occupying 45 square miles of land and sea Guantanamo has for more than a century symbolized the imperial impulse within U S foreign policy and its occupation is decried by Cuba as a violation of international law even though a treaty legally grants the U S a lease in perpetuity Stephen Schwab now describes the base s role in American Caribbean and global history explaining how it came to be why it s still there and how it continues to serve a variety of purposes Schwab views the base s creation as part of a broad U S strategy of annexations protectorates and limited interventions devised to create a strong sphere of influence in the western Atlantic He charts its history from this early belief that it would prevent European powers from staking imperial claims in the Caribbean and examines the crucial defensive role that Guantanamo played as a convoy hub for strategic goods during World War II He then looks at clashes over Guantanamo during the Cold War culminating in LBJ s decision to make the base independent by firing Cuban workers and building a desalinization plant Schwab also fleshes out Guantanamo s ongoing roles as the U S Navy s lone forward base in the Caribbean providing refueling for U S and allied ships as a Coast Guard station engaged in search and rescue missions and counternarcotics operations and as a U S facility for processing undocumented aliens Even though the Castro government persistently protests America s presence and refuses even to bank the rent that the U S dutifully pays Guantanamo remains the only place where diplomatic exchanges between the two countries occur and Schwab documents how the facility has served mutual interests as both a point of nationalistic frictions and a center for diplomatic compromise By presenting Guantanamo s story within its broader historical framework his book gives readers a greater appreciation of America s true stake in this controversial Caribbean outpost **The Ashdown Diaries: 1997-1999** Paddy Ashdown,2001 This volume of Paddy Ashdown s diary is a first hand account of the efforts to build a centre left strategy for defeating the Conservatives giving insight into the management and structure of a political party It also includes Ashdown s daily record **Dragon Rouge** Fred E. Splat! Ploof!** Gordana Crnkovic,2003-10-01 Observing European debates about EuroDisney McDonald s Hollywood films and television programs and other vehicles of alleged Americanization one might imagine that Europe was in serious risk of losing its distinct cultural identity in the melting pot of American pop culture The loaded charge of kitsch is a central aspect of the debate with Disney stories for example branded as simplified travesties of authentic European folk tales But the relationship between European and American popular cultures is vastly more complex Reciprocal and interactive it is a relationship in which the European American partnership for example in cinematic ventures has become quite common And again artifacts which have a certain meaning and reception in America may have a completely different meaning and reception in Europe in effect behaving as different artifacts

altogether And finally as this book shows American cultural influences have penetrated not only the popular realms of European television fashions fast food and rock music but also such domains as youth organizations literature UFO culture and religious faith
