Rebel Town:

Kentucky Rebel Town William A. Penn, 2016-10-07 This unique Civil War history chronicles the hard fought battles and divided loyalties of a pro Southern county in Union Kentucky When the Civil War broke out Kentucky was officially neutral but the people of Harrison County felt differently Volunteers lined up at the train depot in Cynthiana to join the Confederate Army cheered on by pro Southern local officials After the state fell under Union Army control this pestilential little nest of treason became a battlefield during some of the most dramatic military engagements in the state Because of its political leanings and strategic position along the Kentucky Central Railroad Harrison County became the target of multiple raids by Confederate general John Hunt Morgan Conflict in the area culminated in the Second Battle of Cynthiana in which Morgan's men clashed with Union troops led by Major General Stephen G Burbridge known as the Butcher of Kentucky resulting in the destruction of much of the town by fire In this fascinating Civil War history William A Penn draws on dozens of period newspapers as well as personal journals memoirs and correspondence from citizens slaves soldiers and witnesses to provide a vivid account of the war's impact on the region The Medical and Surgical History of the War of the Rebellion,

(1861-65). Joseph K. Barnes, United States. Surgeon-General's Office, Joseph Janvier Woodward, 1870 Pt III v 1 Medical History Includes 4 Woodburytypes of tissue specimens 7 Heliotypes of tissue specimens 4 steel engravings from photographs and the remainder chromolithographs The Woodburytypes are by the American Photo Relief Printing Co 1002 Arch St Phila John Carbutt supt James R Osgood Boston produced the Heliotypes and H Faber the engravings Hanson Collection catalog p 96 **The Medical and Surgical History of the War of Rebellion (1861-65)** United States. Surgeon-General's Office, 1875 **Investigation of Mexican Affairs** United States. Congress. Senate. Committee on Foreign Relations, 1920

The Plebeian Republic Cecilia Méndez, 2005-04-21 Examines the politics of a 19th c peasant revolt in Peru looking at the organization and practice of government by the rebels to examine what a largely illiterate population understood by terms such as nation and showing the rebellion's sign The Days of Shoddy Henry Morford, 1863 Russia's First Civil War Chester S. L. Dunning, 2010-11-01 He shows that serfs did not actively participate in the civil war and that the abolition of serfdom was never a rebel goal Instead most rebels were petty gentry professional soldiers townsmen and cossacks who were united in fierce opposition to tsars they believed to be illegitimate usurpers The Artillery of the Dukes of Burgundy, 1363-1477 Robert Douglas Smith, Kelly DeVries, 2005 A major new exploration of the history and development of gunpowder weapons in the 15th century based on the artillery of the Dukes of Burgundy The four Valois Dukes of Burgundy created in little more than a century a fabulously wealthy and independent state Their centralised control and chancellery have bequeathed to us a vast treasure trove of documents including accounts and inventories of the Masters of the artillery under the later Dukes Although many of these were extracted and transcribed in the late nineteenth century modern historians have largely ignored their unprecedented insights into fifteenth century guns and their use When Charles the Bold the last

Valois Duke took on the combined Swiss confederate forces in 1476 he lost not just the battles and his personal fortune but much of his artillery train as well. Of the dozens of cannons captured at least 25 pieces survive in Swiss museums. The documents that survive from the Valois state give us almost for the first time in medieval Europe the ability to see the course of history in a period when Europe was undergoing some of the most profound changes before the 20th century. The Artillery of the Dukes of Burgundy is the first attempt to combine all these sources bringing new and fresh insights into the development and use of artillery in the fifteenth century. Moreover this is the first modern study of medieval cannon one of the most important discoveries of the post classical world. KELLY DeVRIES has authored numerous books and articles on medieval warfare. ROBERT DOUGLAS SMITH formerly Head of Conservation in the Royal Armouries Tower of London is an acknowledged expert on medieval artillery. This study is the first major fruit of their combined researches.

Rebel Geraint Jones, 2021-09-06 When defeat is inevitable there are only two options go out on their terms or yours. At last the Roman Empire is winning one of its most savage wars. King Pinnes is dead. The Pannonian tribes have surrendered. Only the Dalmatians under Bato remain in the fight and this brutal leader holds the life of a former Roman standard bearer in his hands. Corvus is spared only on condition that he continues to fight against Rome as a rebel but his enemies are everywhere. Not only do the Romans want his head but the treacherous Ziva his supposed ally is a constant threat. With the Pannonians knocked out of the war the entire might of Rome is directed against Bato's army. Legion after legion covers the landscape. Sieges are laid. Towns burn. Thousands die. There is no mercy. And there in the fire of the rebellion's last stand Corvus must face his greatest betrayer Marcus. The epic conclusion to the Raven and the Eagle series perfect for fans of Ben Kane and Simon Scarrow. Praise for Geraint Jones. Blood and guts but also a clever exploration of the moral ambiguity of war and loyalty to a flag. Mail on Sunday. Brutal audacious and fast paced. Anthony Riches author of the Empire series. Historical fiction written by a real war veteran who knows all there is to know about blood and bonding in battle. Weekend Sport.

The Isthmus Bruce Stores, 2009 Mexican history is as tortured and crooked in both senses of the word as an ox cart trail. Unexpected turns around every corner replete with bumps and declivities. The casual reader of general Mexican history will find it difficult keeping up with the list of Mexico's principal characters over the centuries now expanding then suddenly contracting due to assassinations exiles military defeats and alliances gone awry. Oaxacan writer Bruce Stores solves that problem by employing a simple technique used for millennia by the local indigenous peoples storytelling. His take on historical fiction paints a human everyday face on the historian's cold mask of dates places and wars. Structuring his book around key historical events he asks and answers the questions How did that feel? Who was affected? What happened to the community the families? The focus of this book as its title implies is the Isthmus of Tehuantepec the bottom of the scorpion's tail of Mexican geography. At its narrowest point it's only approximately 125 miles wide spanning the Gulf of Mexico to the Pacific making the Isthmus an early much courted often spurned alternative to the Panama Canal. The region's remoteness

heat and lack of picturesque colonial cities or swank beach resorts have kept tourists far away And perhaps because of that and sociological factors as well the Isthmus has managed to protect its distinct largely indigenous culture Stores explains that culture to us over a 500 year period through the pre Conquest period with its intertribal warfare to Cortes arrival the battles for independence from Spain and the French Intervention In the modern era his characters fight political battles from Mexico City s university protests to struggles with the domination of the long entrenched Institutional Revolutionary Party PRI A common thread for all the stories is the importance of land to the Zapotec people It defines them Land ownership in Oaxaca Gomez told the Judge has different roots The system of property rights among the pre Colombian natives was without a doubt antagonistic to the Spaniards sense of private property Yet to the indigenous peoples their communal property holdings were as natural to them as night and day Because their land was the provider of their food they considered it to be divine Yes Their land was to them a god And just as the air and the wind belong to everyone they couldn t come to terms with European notions of private property The Isthmus succeeds in elucidating a little understood region of Mexico And its telling of tales brings us closer the fierce human spirit that has withstood and shaped its history *Colombia Before Independence* Anthony McFarlane,2002-05-16 This book describes and analyzes economic and political developments in Colombia during the final century of Spanish rule Its purpose is threefold first to provide a general portrait of Colombian society during the late colonial period showing the character of economic social and political life in the territory s principal regions second to assess the impact on the region of European imperialist expansion during the eighteenth century and third to provide a context for understanding the causes of independence The book offers the only available survey of Colombian history and historiography for this period Citizens without Nations Maarten Prak,2018-08-16 Examines how urban citizenship gave many people a real stake in their own communities even before the rise of modern democracy City on the Ocean Sea: La Rochelle, 1530-1650 Kevin C. Robbins,2021-10-11 This important volume presents the first comprehensive history of early modern La Rochelle a port town whose fractious residents became embroiled in the French Reformations Opening chapters situate the Rochelais within the geopolitics of an oceanic frontier where urbanites created a strong heavily armed civic government in part because they perceived themselves as isolated civilizing agents surrounded by the savage inhabitants of a lawless environment Analysis of the city s Reformation proceeds within this context of place and politics showing how various ranks of the citizenry idiosyncratically adopted the tenets of Calvinism amalgamating these salvific doctrines with traditional civic rites and values to the consternation of more orthodox pastors Juxtaposing serial sources from multiple archives Robbins shows with innovative detail how local political and religious struggles intermeshed setting the city and its Reformed congregations on a fatal collision course with the Bourbon monarchy Concluding chapters examine how great aristocratic families churchmen and Catholic magistrates joined in a local Counter Reformation remaking urban power politics from the ground up **History of the Irish Rebellion in 1798** William Hamilton Maxwell,1877 **Black Flag** Thomas

Goodrich,1999-03-22 A thorough and comprehensive study of this tragic almost forgotten episode of American history History What Sherman did in Georgia and Sheridan in the Valley pales in comparison This study truly shows the horrible cost inherent in any civil war Civil War Courier A well written and compelling account of an aspect of the Civil War which has not received sufficient attention Southern Historian Compelling Publishers Weekly A fast paced absorbing discourse Black Flag is a highly recommended book that transports the reader to the towns and dusty highways of Kansas and Missouri during the Civil War Kansas History From 1861 to 1865 the region along the Missouri Kansas border was the scene of unbelievable death and destruction Thousands died millions of dollars of property was lost entire populations were violently uprooted It was here also that some of the greatest atrocities in American history occurred Yet in the great national tragedy of the Civil War this savage warfare has seemed a minor episode Drawing from a wide array of contemporary documents including diaries letters and first hand newspaper accounts Thomas Goodrich presents a hair raising report of life in this merciless guerrilla war Filled with dramatic detail Black Flag reveals war at its very worst told in the words of the participants themselves Bushwhackers and Jayhawkers soldiers and civilians scouts spies runaway slaves the generals and the guerrillas all step forward to tell of their terrifying ordeals From the shocking sensational massacres at Lawrence Baxter Springs and Centralia to the silent terror of a woman at home alone in the Aburnt district Black Flag is a horrifying day by day account of life death and war told with unforgettable immediacy The Ladies' Literary Cabinet ,1821 **Allen's Indian mail and register of intelligence for British and foreign India** ,1862 *Accounts and Papers of the House of Commons* Great Britain. Parliament. House of Commons,1860 **Parliamentary Papers** Great Britain. Parliament. House of Commons,1860

The Yaquis and the Empire Raphael Brewster Folsom,2014-11-11 This important new book on the Yaqui people of the north Mexican state of Sonora examines the history of Yaqui Spanish interactions from first contact in 1533 through Mexican independence in 1821 The Yaquis and the Empire is the first major publication to deal with the colonial history of the Yaqui people in more than thirty years and presents a finely wrought portrait of the colonial experience of the indigenous peoples of Mexico s Yaqui River Valley In examining native engagement with the forces of the Spanish empire Raphael Brewster Folsom identifies three ironies that emerged from the dynamic and ambiguous relationship of the Yaquis and their conquerors the strategic use by the Yaquis of both resistance and collaboration the intertwined roles of violence and negotiation in the colonial pact and the surprising ability of the imperial power to remain effective despite its general weakness Published in Cooperation with the William P Clements Center for Southwest Studies Southern Methodist University
