

Rebellion In The University

Rex Bowman, Carlos Santos

Rebellion In The University:

Rebellion in the University Seymour Martin Lipset, Political activity and student unrest have been recurring phenomena in American universities even after they reached their apogee in the 1960s In Rebellion in the University Seymour Martin Lipset reviews that turbulent period and places it in a larger historical perspective He analyzes the source of student activism the roles played by the faculty the spectrum of campus political opinion and the history of American campus protest Two decades after this book was first written the academic community is once more sharply divided over issues of political correctness The term refers to the efforts by campus advocates of leftist politics to control the content of speech courses and appointments and to impose their views with respect to multiculturalism minority rights and feminism Lipset s new introduction is a major effort to account for this new wave of repressive moralism to explain the issues involved to locate sources of support and opposition and to voice a judgment about the current situation in the American academic community

Rot, Riot and Rebellion Rex Bowman,Carlos Santos,2015-02-11 Two award winning journalists offer a dramatic re creation of the early struggles of the University of Virginia the first modern public university founded by Thomas Jefferson who envisioned a liberal campus with no religious affiliation with elective courses and student self government Anatomy of Rebellion Claude E. Welch Jr.,1980-06-30 Anatomy of Rebellion provides an understanding of four rebellions that will make clear the factors that are crucial in the development of other rebellions Seeking a political pattern in the process of rebellion Claude Welch Jr has investigated four large scale rural uprisings that came close to becoming revolutions the Taiping rebellion in China 1850 64 the Telengana uprising in India of 1946 51 the Mau Mau rebellion in Kenya of 1952 56 the Kwilu uprising in Zaire of 1963 65 Weaving the facts of these rebellions with theories about political violence Welch follows the rebellions through the initial stages of discontent to the explosion of violence to the suppression of the uprisings He then challenges explanations of political violence both Marxist and non Marxist that other scholars have proposed Rebellions have

not been studied as thoroughly as the major successful revolutions although the frequency of rebellions in the modern world is not likely to diminish Rural dwellers discontents are still clashing with central governments ambitions Anatomy of Rebellion clarifies how this volatile type of political violence occurs The University Under the Rule of Global Technocracy Carlos Hoevel,2025-05-30 This book explores the radical reform experienced by universities worldwide as reformers inspired by extreme economic thinking seek to transform the university into part of a global academic industry With attention to the implied passage from a focus on education and the advancement of knowledge to an emphasis on the provision of human capital and economic benefits the author describes the growing regulation of universities by the state the substitution of academic government for business management and the implementation of quantitative measurement systems to replace the qualitative evaluation of teaching and research Based on interview material collected among academics around the world The University Under the Rule of Global Technocracy examines the deep causes and conceptual errors of this reformist project and offers a series of alternative proposals It will therefore appeal to scholars of sociology cultural studies and social policy with interests in higher education the professions and academic work and life Fries's Rebellion Paul Douglas Newman,2012-05-31 In 1798 the federal government levied its first direct tax on American citizens one that seemed to favor land speculators over farmers In eastern Pennsylvania the tax assessors were largely Quakers and Moravians who had abstained from Revolutionary participation and were recruited by the administration of John Adams to levy taxes against their patriot German Reformed and Lutheran neighbors Led by local Revolutionary hero John Fries the farmers drew on the rituals of crowd action and stopped the assessment Following the Shays and Whiskey rebellions Fries s Rebellion was the last in a trilogy of popular uprisings against federal authority in the early republic But in contrast to the previous armed insurrections the Fries rebels used nonviolent methods while simultaneously exercising their rights to petition Congress for the repeal of the tax law as well as the Alien and Sedition Acts In doing so they sought to manifest the principle of popular sovereignty and to expand the role of local people within the emerging national political system rather than attacking it from without After some resisters were liberated from the custody of a federal marshal the Adams administration used military force to suppress the insurrection The resisters were charged with sedition and treason Fries himself was sentenced to death but was pardoned at the eleventh hour by President Adams The pardon fractured the presidential cabinet and splintered the party just before Thomas Jefferson s and the Republican Party s Revolution of 1800 The first book length treatment of this significant eighteenth century uprising Fries s Rebellion shows us that the participants of the rebellion reengaged Revolutionary ideals in an enduring struggle to further democratize their country Fractured Rebellion Andrew G. Walder,2009-10-15 Fractured Rebellion is the first full length account of the evolution of China s Red Guard Movement in Beijing the nation s capital from its beginnings in 1966 to its forcible suppression in 1968 Andrew Walder combines historical narrative with sociological analysis as he explores the radical student movement s crippling factionalism devastating social

impact and ultimate failure Most accounts of the movement have portrayed a struggle among Red Guards as a social conflict that pitted privileged conservative students against socially marginalized radicals who sought to change an oppressive social and political system Walder employs newly available documentary evidence and the recent memoirs of former Red Guard leaders and members to demonstrate that on both sides of the bitter conflict were students from comparable socioeconomic backgrounds who shared similar largely defensive motivations The intensity of the conflict and the depth of the divisions were an expression of authoritarian political structures that continued to exert an irresistible pull on student motives and actions even in the midst of their rebellion Walder's nuanced account challenges the main themes of an entire generation of scholarship about the social conflicts of China's Cultural Revolution shedding light on the most tragic and poorly understood period of recent Chinese history

Bacon's Rebellion, 1676-1677 Verdis LeVar Robinson, Paul Otto, 2024-03-05 In the early seventeenth century Virginia's Chesapeake region saw the emergence of a multiracial society centered around the profitable tobacco industry While Native Americans free and enslaved Africans and Europeans coexisted and interacted a hierarchical order formed with a small elite planting class led by Governor William Berkeley wielding power over land labor and governance Seeking to form a coalition of dissatisfied elites and marginalized individuals Nathaniel Bacon a newcomer to the Virginia colony led a rebellion against Berkeley and his supporters In this game students assume the roles of the elite loyalists to Governor Berkeley and the rebellious supporters of Nathaniel Bacon Engaging in debates conspiracies and simulated acts of resistance students will strive to shape the future governance of the Virginia colony determining which group emerges as the ruling class and which group will be relegated to the lower rungs of colonial society

Historical Dictionary of Modern China (1800-1949) James Z. Gao, 2009-06-16 The Historical Dictionary of Modern China 1800-1949 offers a concise but comprehensive examination of the political military economic social and cultural development of modern China Instead of focusing merely on the political elites of China this reference covers a variety of significant persons including women and ethnic minorities new historical concepts cultural and educational institutions and economic activities Drawing on newly available records including a large mass of governmental and family archives the narratives presented reveal new facts offer a new interpretation in accordance with China's modernization process during the late Qing period and a revisionist perspective on the Republican history The chronology records not only political and military events but also other experiences of the Chinese people The bibliography gives prominence to current literature on China's drive towards modernization and appendixes provide the reader with detailed information on China's cultural and economic transformation

Violence in America: A 150-year study of political violence in the United States Hugh Davis Graham, Ted Robert Gurr, 1969 *The Social Role of the University Student* Florian Znaniecki, 1994 This previously unpublished demographic study explores the activities behaviors goals and other facets of students attending the University of Illinois at Urbana Champaign during the early 1940s *The Dublin University Magazine*, 1852 *McGill University Publications* McGill

University,1921 *University of Illinois Studies in the Social Sciences* ,1916 *The Johns Hopkins University Studies in Historical and Political Science* ,1892 **A History of East Asia** Charles Holcombe,2011 This book traces the story of East Asia from the dawn of history to the present *The British Empire and the Hajj* John Slight,2015-09-21 The British Empire governed more than half the world's Muslims John Slight traces the empire's complex interactions with the Hajj the annual pilgrimage to Mecca from the 1860s when an outbreak of cholera led Britain to engage reluctantly in medical regulation of pilgrims to the Suez Crisis of 1956 He gives voice to pilgrims and officials alike University of Pennsylvania Law Review ,1879
