Childs, 2006 In 1812 a series of revolts known collectively as the Aponte Rebellion erupted across the island of Cuba comprising one of the largest and most important slave insurrections in Caribbean history Matt Childs provides the first in depth analysis of the re **John Redmond and Irish Unity, 1912-1918** Joseph P. Finnan, 2004-04-01 In his treatment of Redmond Joseph P Finnan demonstrates the multiple identities of the Irish Parliamentary Party as nationalist liberal and Catholic He looks at Home Rule as part of a federal solution to the Irish question within the United Kingdom the reasons for the failure of Redmond s war policies and the collapse of the Irish Parliamentary Party as part of the wider phenomenon of the decline of liberalism during the Great War As he looks at Irish nationalism in its worldwide context Finnan also shows how Redmond s handling of organizational problems in America sets the pattern for his later handling of similar problems in Ireland **Journal of the Illinois State Historical Society** Illinois State Historical Society, 1926 **Sister Revolutions** Susan Dunn, 2000-09-04 What the two great modern revolutions can teach us about democracy today The American and French revolutions presented the world with two very different visions of democracy Although both professed similar Enlightenment ideals of freedom equality and justice and set similar political agendas there were also fundamental differences The French sought a complete break with a thousand years of history the Americans were content to preserve many aspects of their English heritage Why did the two revolutions follow such different trajectories And what lessons do they offer us about democracy today In lucid narrative style Dunn captures the personalities and lives of the great figures of both revolutions and shows how their stories added up to make two very different events *Before Church and State: A Study of Social Order in the Sacramental Kingdom of St. Louis IX* Andrew Willard Jones, 2017-05-01 *Emergency Powers in Asia* Victor V. Johnson,2020-10-23 In *Occupied America* Donald F Johnson chronicles the everyday experience of ordinary people living under military occupation during the American Revolution Focusing on day to day life in port cities held by the British Army Johnson recounts how men and women from a variety of backgrounds navigated harsh conditions mitigated threats to their families and livelihoods took advantage of new opportunities and balanced precariously between revolutionary and royal attempts to secure their allegiance Between 1775 and 1783 every large port city along the Eastern seaboard fell under British rule at one time or another As centers of population and commerce these cities Boston New York Newport Philadelphia Savannah Charleston should have been bastions from which the empire could restore order and inspire loyalty Military rule s exceptional social atmosphere initially did provide opportunities for many people especially women and the enslaved but also free men both rich and poor to reinvent their lives and while these opportunities came with risks the hope of social betterment inspired thousands to embrace military rule Nevertheless as Johnson demonstrates occupation failed to bring about a restoration of imperial authority as harsh material circumstances forced even the most loyal subjects to turn to illicit means to feed and shelter themselves while many maintained ties to rebel camps for the same reasons As occupations dragged on most residents no longer viewed restored royal rule as a viable option As Johnson argues the experiences of these citizens reveal that the process of political change during the Revolution occurred not in a single instant but gradually over the course of years of hardship under military rule that forced Americans to grapple with their allegiance in intensely personal and highly contingent ways Thus according to Johnson the quotidian experience of military occupation directly affected the outcome of the American Revolution **The World of Colonial America** Ignacio Gallup-Diaz,2017-04-28 *The World of Colonial America* An Atlantic Handbook offers a comprehensive and in depth survey of cutting edge research into the communities cultures and colonies that comprised colonial America with a focus on the processes through which

**The Bishop's Utopia** Emily Berquist Soule,2014-03-07 In December 1788 in the northern Peruvian city of Trujillo fifty one year old Spanish Bishop Baltasar Jaime Mart nez Compa n stood surrounded by twenty four large wooden crates each numbered and marked with its final destination of Madrid The crates contained carefully preserved zoological botanical and mineral specimens collected from Trujillo s steamy rainforests agricultural valleys rocky sierra and coastal desert To accompany this collection the Bishop had also commissioned from Indian artisans nine volumes of hand painted images portraying the people plants and animals of Trujillo He imagined that the collection and the watercolors not only would contribute to his quest to study the native cultures of Northern Peru but also would supply valuable information for his plans to transform Trujillo into an orderly profitable slice of the Spanish Empire Based on intensive archival research in Peru Spain and Colombia and the unique visual data of more than a thousand extraordinary watercolors *The Bishop s Utopia* recreates

the intellectual cultural and political universe of the Spanish Atlantic world in the late eighteenth century Emily Berquist Soule recounts the reform agenda of Mart nez Compa n including the construction of new towns improvement of the mining industry and promotion of indigenous education and positions it within broader imperial debates unlike many of his Enlightenment contemporaries who elevated fellow Europeans above native peoples Mart nez Compa n saw Peruvian Indians as intelligent productive subjects of the Spanish Crown The Bishop s Utopia seamlessly weaves cultural history natural history colonial politics and art into a cinematic retelling of the Bishop s life and work *The Industrialization of São Paulo, 1800-1945* Warren Dean, 2014-11-06 S o Paulo is one of the few places in the underdeveloped world where an advanced industrial system has grown out of a tropical raw material exporting economy By 1960 there were 830 000 industrial workers in the state producing 3 3 billion worth of goods It had become Latin America s largest industrial center This is a study of the early years of manufacturing in S o Paulo how it was influenced by the growth and decline of the coffee trade where it found its markets its credit and its labor force and how it confronted the competition of imports The principal focus however is on the manufacturers themselves whose perceptions of their opportunities determined how industrialization was brought about Warren Dean discusses their social origins their connections with other sectors of the elite their attitudes toward workers and consumers and their view of the potentialities of economic development He analyzes the political activities of the manufacturers to discover both how they promoted their interests and how they confronted the larger challenge of social and political transformation Paradoxically the industrialization of S o Paulo is not a success story of private entrepreneurship Until after World War II manufacturing grew quite slowly and its hallmarks were always low productivity technical backwardness and consumer hostility More than half of the state s present large scale factory production and nearly all of its heavy industry was built by foreign capital or state enterprise not by privately owned firms Dean shows that this outcome is partly a consequence of the historical experience of domestic manufacture Throughout the book the author points out the peculiar articulations of the industrial system of S o Paulo the significant social and political interests that determined what kinds of development were possible The result is an exposition of an unusual case study in twentieth century economic development *Transactions of the Illinois State Historical Society* Illinois State Historical Society, 1923
