Rebellion And Violence In Islamic Law:

Rebellion and Violence in Islamic Law Khaled Abou El Fadl, 2001-11-01 Khaled Abou El Fadl's book represents the first systematic examination of the idea and treatment of political resistance and rebellion in Islamic law. Pre-modern jurists produced an extensive and sophisticated discourse on the legality of rebellion and the treatment due to rebels under Islamic law. The book examines the emergence and development of these discourses from the eighth to the fifteenth centuries and considers juristic responses to the various terror-inducing strategies employed by rebels including assassination, stealth attacks, and rape. The study demonstrates how Muslim jurists went about restructuring several competing doctrinal sources in order to construct a highly technical discourse on rebellion. Indeed, many of these rulings may have a profound influence on contemporary practices. This is an important and challenging book which sheds light on the complexities of Islamic law and pre-modern attitudes to dissidence and rebellion.

War and Law in the Islamic World Matthias Vanhullebusch, 2015-06-05 A three-part investigation on the origins and evolving roles that Islamic law and international humanitarian law have played in regulating conflict and violence. *War and Law in the Islamic World* brings to light legal and policy complexities that plague modern-day armed conflict in the region.

Routledge Handbook of Islamic Law Khaled Abou El Fadl, Ahmad Atif Ahmad, Said Fares Hassan, 2019-05-10 This handbook is a detailed reference source comprising original articles covering the origins, history, theory, and practice of Islamic law. The handbook starts out by dealing with the question of what type of law is Islamic law and includes a critical analysis of the pedagogical approaches to studying and analysing Islamic law as a discipline. The handbook covers a broad range of issues including the role of ethics in Islamic jurisprudence, the mechanics and processes of interpretation, the purposes and objectives of Islamic law, constitutional law, and secularism, gender, bioethics, Muslim minorities in the West, jihad, and terrorism. Previous publications on this topic have approached Islamic law from a variety of disciplinary and pedagogical perspectives. One of the original features of this handbook is that it treats Islamic law as a legal discipline by taking into account the historical functions and processes of legal cultures and the patterns of legal thought. With contributions from a selection of highly regarded and leading scholars in this field, the *Routledge Handbook of Islamic Law* is an essential resource for students and scholars who are interested in the field of Islamic Law.

Islamic Jihadism and the Laws of War Omar Mekky, 2023-07-21 The rapid rise of global Islamic Jihadism in the past few decades and the limited success of the anti-terror campaign in halting its expansion have raised hard-hitting questions about how different political actors might preserve and restore the world's peace and security. Since the end of the Second World War, international law has often been the chief instrument employed to address global conundrums of this kind. Nevertheless, international law alone cannot solve this problem. Jihadist groups often cite Islamic law arguments to justify their combat-related actions against states while rejecting traditional international law rules. On the other hand, some states themselves ignore traditional international law rules to apply their so-called counterterrorism measures. The

internationally recognized laws of war created to protect those who do not participate in hostilities are constantly challenged by jihadist groups and responding states in justification of their combat actions In Islamic Jihadism and the Laws of War Dr Omar Mekky explores both sides legal frameworks synthesising findings from both English and Arabic sources Drawing from the author s field expertise as a legal advisor in the Middle East and North Africa the book narrates how Islamic Jihadism began and evolved outlines the laws jihadists apply during combat addresses how states often react in their fights against jihadist groups and aims for a pragmatic humanitarian legal formula An essential resource for legal professionals policymakers academics and students Mekky s book initiates a constructive dialogue between international law and Islamic law

Islamic Public Law - Islamic Law in Theory and Practice Ahmed Akgunduz, 2011-11-01 Islamic law contains explications and divisions that imply a classification in terms of public and private law In this book we will explain the outlines of Islamic public law e g First Chapter Islamic constitutional law al siy saḥ al shar iyyah and administrative law al siy saḥ al shar iyyah Second Chapter penal law al uq b t Third Chapter financial law zak t ushr ar j and other taxes Fourth Chapter trial law qa and Fifth Chapter international public law al siyar The fields of especially Islamic constitutional law administrative law financial law ta z r penalties and arrangements concerning military law based on the restricted legislative authority vested by Shar aḥ rules and those jurisprudential decrees based on secondary sources like customs and traditions and the public good maslahah all fell under what was variously called public law al siy saḥ al shar iyyah Shar aḥ policy q n n legal code q n nn mah orf uq q etc Since these laws could not go beyond Shar aḥ principles either at least in theory they should not be regarded as a legal system outside of Islamic law But Islamic penal law financial law trial law and international law depend mostly on rules that are based directly on the Qur an and the Sunnah and codified in books of fiqh Islamic law called Shar aḥ rules Shar i shar f or Shar aḥ law Such rules formed 85% of the legal system In this book we will focus on some controversial problems in the Muslim world today such as the form of government in Islamic law and the relation between Islam and democracy Islamic law does not stipulate a certain method of state government nonetheless we may say that the principles it decrees and its concept of sovereignty suggest a religious republic As a matter of fact ulaf al R shid n the Rightly Guided Caliphs were both caliphs and religious republican presidents We could say that this book has three main characteristics i We have tried to base our explanations directly on the primary Islamic law sources For example after reading some articles on the caliphate or t m r system in articles or books by some Western scholars and even by some Muslim scholars one might conclude that there are different views on these subjects among Muslim scholars This is not true Muslims have agreed on the basic rules on legal subjects but there are some conflicts regarding nuances and interpretations If one reads works by Im m Gazzali Ibn Taymiyyah al M wardi and al Farr one will not find any disagreement on the main rules but there are some different interpretations of some concepts We have tried to discover where they agreed and we have sometimes pointed to where they differed ii We have researched practices of Islamic law especially legal documents in the

Ottoman archives For example we explain add i sariqa but also mention some legal articles from the Ottoman legal codes q nunn mes and some Shar ah court decisions like legal decrees i l m t i shar iyyah It is well known that nobody can understand any legal system without implementing and practicing it That also holds for Islamic law because theory alone does not yield a complete understanding of Shar ah rules iii We have worked hard to correct some misconceptions and misunderstandings about Islamic law That is why we appeal to the primary sources For example some scholars claim that the anaf jurist Im m Sara s did not accept the idea of punishment for apostasy We have studied his work al Mabs t and found this claim to be unfounded The comparison between t m r and fief is another example because the t m r system is different from the fief system Some scholars confuse the concept of sovereignty and governance The Islamic state is not a theocratic state in the sense in which Europeans understand the term

International Law and Islam Ignacio de la Rasilla del Moral,Ayesha Shahid,2018-12-10 International Law and Islam Historical Explorations offers a unique opportunity to examine the Islamic contribution to the development of international law in historical perspective The role of Islam in its various intellectual political and legal manifestations within the history of international law is part of the exciting intellectual renovation of international and global legal history in the dawn of the twenty first century The present volume is an invitation to engage with this thriving development after generations of prejudiced writing regarding the notable contribution of Islam to international law and its history

Islamic Criminal Law: Oxford Bibliographies Online Research Guide Christie S. Warren,2010-05 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In Islamic studies as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Islamic Studies a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of the Islamic religion and Muslim cultures Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit [www aboutobo com](http://www.aboutobo.com)

Islamic Liberalism Halil Ibrahim Canbegi,2025-07-10 In Islamic Liberalism A Theory of Impossibility based on the Lockean Tradition Halil Ibrahim Canbegi investigates the inherent inconsistencies of Islamic liberalism by examining the philosophical and theological foundations of both liberalism and Islam Canbegi draws on Lockean liberalism asserting that John Locke s

emerging liberalism is deeply rooted in theological concepts such as covenant theology natural law and the distinctive nature of Christianity itself In contrast the author argues that Islam lacks the necessary theological and intellectual framework to develop a coherent version of liberalism often termed Islamic liberalism Canbegi maintains that this concept merely represents a superficial juxtaposition of Islam and liberalism rather than a genuine synthesis Ultimately the author concludes that Islamic liberalism is merely a heterogeneous amalgamation of Islamic and liberal ideas which do not combine into a unified whole This critical analysis challenges prevailing notions and invites readers to reconsider the complex relationship between these two influential systems of thought **Religious Pluralism and Islamic Law** Anver M. Emon,2012-07-26

The question of tolerance and Islam is not a new one Polemicists are certain that Islam is not a tolerant religion As evidence they point to the rules governing the treatment of non Muslim permanent residents in Muslim lands namely the dhimmi rules that are at the center of this study These rules when read in isolation are certainly discriminatory in nature They legitimate discriminatory treatment on grounds of what could be said to be religious faith and religious difference The dhimmi rules are often invoked as proof positive of the inherent intolerance of the Islamic faith and thereby of any believing Muslim toward the non Muslim This book addresses the problem of the concept of tolerance for understanding the significance of the dhimmi rules that governed and regulated non Muslim permanent residents in Islamic lands In doing so it suggests that the Islamic legal treatment of non Muslims is symptomatic of the more general challenge of governing a diverse polity Far from being constitutive of an Islamic ethos the dhimmi rules raise important thematic questions about Rule of Law governance and how the pursuit of pluralism through the institutions of law and governance is a messy business As argued throughout this book an inescapable and all too often painful bottom line in the pursuit of pluralism is that it requires impositions and limitations on freedoms that are considered central and fundamental to an individual s well being but which must be limited for some people in some circumstances for reasons extending well beyond the claims of a given individual A comparison to recent cases from the United States United Kingdom and the European Court of Human Rights reveals that however different and distant premodern Islamic and modern democratic societies may be in terms of time space and values legal systems face similar challenges when governing a populace in which minority and majority groups diverge on the meaning and implication of values deemed fundamental to a particular polity Islamic Law and International Human Rights Law Mark Ellis,Anver M. Emon,Benjamin Glahn,2012-10-11 Deepening the discussion of the relationship between Islamic law and human rights this volume gathers leading experts in both fields to examine how each system protects and limits fundamental freedoms From gender equality to freedom of religion the book explores the main flashpoints in the debate examining the operation of the law in context **Islamic Jurisprudence on the Regulation of Armed Conflict** Nesrine Badawi,2019-10-01 In Islamic Jurisprudence on the Regulation of Armed Conflict Text and Context Nesrine Badawi argues against the existence of a true interpretation of the rules regulating armed conflict in Islamic law In a survey of formative and modern seminal legal

works on the subject the author sheds light on the role played by the sociopolitical context in shaping this branch of jurisprudence and offers a detailed examination of the internal deductive structures of these works [A Companion to the Anthropology of the Middle East](#) Soraya Altorki, 2015-07-07 [A Companion to the Anthropology of the Middle East](#) presents a comprehensive overview of current trends and future directions in anthropological research and activism in the modern Middle East Named as one of Choice's Outstanding Academic Titles of 2016 Offers critical perspectives on the theoretical methodological and pedagogical goals of anthropology in the Middle East Analyzes the conditions of cultural and social transformation in the Middle Eastern region and its relations with other areas of the world Features contributions by top experts in various Middle East anthropological specialties Features in depth coverage of issues drawn from religion the arts language politics political economy the law human rights multiculturalism and globalization **Shari'a (Islamic Law): Oxford Bibliographies Online Research Guide** Oxford University Press, 2010-05-01 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In Islamic studies as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Islamic Studies a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of the Islamic religion and Muslim cultures Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com [Routledge Handbook on Human Rights and the Middle East and North Africa](#) Anthony Tirado Chase, 2016-11-10 Recent events such as Iran's Green Revolution and the Arab Uprisings have exploded notions that human rights are irrelevant to Middle Eastern and North African politics Increasingly seen as a global concern human rights are at the fulcrum of the region's on the ground politics transnational intellectual debates and global political intersections The Routledge Handbook on Human Rights and the Middle East and North Africa emphasises the need to consider human rights in all their dimensions rather than solely focusing on the political dimension in order to understand the structural reasons behind the persistence of human rights violations explores the various frameworks in which to consider human rights conceptual political and transnational international discusses issue areas subject to particularly intense debate gender religion sexuality transitions and accountability contains contributions from

perspectives that span from global theory to grassroots reflections emphasising the need for academic work on human rights to seriously engage with the thoughts and practices of those working on the ground A multidisciplinary approach from scholars with a wide range of expertise allows the book to capture the complex dynamics by which human rights have had or could have an impact on Middle Eastern and North African politics This book will therefore be a key resource for students and scholars of Middle Eastern and North African politics and society as well as anyone with a concern for Human Rights across the globe

The Princeton Encyclopedia of Islamic Political Thought Gerhard Bowering, Patricia Crone, Mahan Mirza, 2013 In 2012 the year 1433 of the Muslim calendar the Islamic population throughout the world was estimated at approximately a billion and a half representing about one fifth of humanity In geographical terms Islam occupies the center of the world stretching like a big belt across the globe from east to west P vii

The Shari'a and Islamic Criminal Justice in Time of War and Peace M. Cherif Bassiouni, 2014 Shows that the shari'a and Islamic law are compatible with contemporary international human rights laws and norms and appropriate for use in Muslim societies

Ibn Taymiyya's Theological Ethics Sophia Vasalou, 2016 This book investigates Ibn Taymiyya's approach to some of the core ethical and theological questions of the classical period of Islam and in doing so sheds new light on his intellectual identity

The Princes of the Mughal Empire, 1504-1719 Munis D. Faruqi, 2012-08-27 For more than 200 years the Mughal emperors ruled supreme in northern India How was it possible that a Muslim ethnically Turkish Persian speaking dynasty established itself in the Indian subcontinent to become one of the largest and most dynamic empires on earth In this rigorous new interpretation of the period Munis D Faruqi explores Mughal state formation through the pivotal role of the Mughal princes In a challenge to previous scholarship the book suggests that far from undermining the foundations of empire the court intrigues and political backbiting that were features of Mughal political life and that frequently resulted in rebellions and wars of succession actually helped spread deepen and mobilise Mughal power through an empire wide network of friends and allies This engaging book which uses a vast archive of European and Persian sources takes the reader from the founding of the empire under Babur to its decline in the 1700s

Roads to Reconciliation: Conflict and Dialogue in the Twenty-first Century Amy Benson Brown, Karen M. Poremski, 2014-12-18 Unlike other books on conflict resolution that focus on particular places and moments in history this original work attempts to understand the process from many different perspectives and in many different contexts from international political conflicts to racial and religious struggles within one culture to the internal conflicts of individuals struggling with the desire for revenge in the wake of 9 11 Designed as a starting point for meaningful dialogue on the elusive concept of reconciliation the book includes views from Christians and Muslims scholars and politicians and draws on religion psychology cultural studies education theory history and law

Islam and the State in Ibn Taymiyya Jaan S. Islam, Adem Eryiğit, 2022-07-06 Proto Salafist 14th century theologian Ibn Taymiyya is recognized as the intellectual forefather of contemporary Salafism and Jihadism This volume offers a unique

approach to the study of Ibn Taymiyya by offering an English translation of his fundamental political treatise *The Office of Islamic Government* and shorter collections from *The Collected Fatwas* and *The Prophetic Way and Islamic Governance in Reconciling between the Ruler and the Ruled*. The volume not only sheds light on these primary sources through translation and annotation but also offers a theoretical analysis of Ibn Taymiyya's thought and how his legal views can be reconciled with current trends in Islamic political theory. The analysis provides an overview of Ibn Taymiyya's geopolitical context and includes an original study of his normative political thought. In examining the contemporary implications of Ibn Taymiyya's political theology, the authors explore his doctrine of the Islamic state in the context of Islamic decolonial theory. *Islam and the State in Ibn Taymiyya* will appeal to academics in the fields of political science and religious studies, particularly within the field of Islamic history.

This is likewise one of the factors by obtaining the soft documents of this **Rebellion And Violence In Islamic Law** by online. You might not require more time to spend to go to the books inauguration as well as search for them. In some cases, you likewise reach not discover the pronouncement Rebellion And Violence In Islamic Law that you are looking for. It will very squander the time.

However below, past you visit this web page, it will be appropriately no question simple to get as capably as download lead Rebellion And Violence In Islamic Law

It will not assume many grow old as we tell before. You can pull off it though sham something else at house and even in your workplace. thus easy! So, are you question?
