# Rebels On The Rio Grande

**Steven C. Topik**

## **Rebels On The Rio Grande:**

**Rebels on the Rio Grande** Alfred Brown Peticolas, 1984 In 1862 Confederate invasion of New Mexico is a little known episode of Civil War history In the Journal of A B Peticolas however the experiences of the Sibley Brigade come to life It begins on 21 February 1862 the morning of the Battle of Valverde the first and largest Civil War battle in New Mexico and and it s with the company marching back to Texas on 15 June 1862 Despite the fact that he often wrote at night by candlelight after long days of marching through rough country Peticolas was a good observer and an effective writer He was also an artist of considerable skill His charming drawings and Journal sketches are included here He presents not only visited descriptions of the battles but also interesting impressions of New Mexico and of the people he met The author s introduction provides background to Peticolas s upbringing and education and also sets the scene with a history of the campaign leading up to the Battle of Valverde His epilogue traces Peticolas s prominent postwar career as a lawyer and judge in Texas The author has consulted every known journal diary and memoir by both Confederate and Federal participants so the Journal is extensively annotated Peticolas s observations offer a fascinating and unparalleled view of soldier life during the Civil War Publisher **Rebels on the Rio Grande** Alfred Brown Peticolas, Don E. Alberts, 1984 *Rio Grande Rebels' Last Stand* Fred Gipson, 1944 **Rebels in the Rockies** Walter Earl Pittman, 2014-07-30 The Civil War in 1861 found Southerners a minority throughout the West Early efforts to create military forces were quickly suppressed Many returned to the South to fight while others remained where they were forming a potentially disloyal population Underground movements existed throughout the war in Colorado California Nevada New Mexico Arizona and even Idaho Repeatedly betrayed and overwhelmed by Union forces and without communications with the South these groups were ineffective In southern New Mexico Southerners who were the majority aligned themselves with the Confederacy Four small companies of irregulars one Hispanic fought effectively as part of the abortive Confederate invasion force of 1861 2 The most famous of these the Brigands were close in function to a modern special forces unit In 1862 the Brigands were sent into Colorado to join up with a secret army of 600 1 000 men massing there but were betrayed Returning to Texas the Brigands and the other irregulars were used for special operations in the West throughout the War they also fought in the Louisiana Arkansas campaigns of 1863 4 *Theater of a Separate War* Thomas W. Cutrer, 2023-04-04 Though its most famous battles were waged in the East at Antietam Gettysburg and throughout Virginia the Civil War was clearly a conflict that raged across a continent From cotton rich Texas and the fields of Kansas through Indian Territory and into the high desert of New Mexico the Trans Mississippi Theater was site of major clashes from the war s earliest days through the surrenders of Confederate generals Edmund Kirby Smith and Stand Waite in June 1865 In this comprehensive military history of the war west of the Mississippi River Thomas W Cutrer shows that the theater s distance from events in the East does not diminish its importance to the unfolding of the larger struggle *Valverde* Jennifer Bohnhoff, 2017-04-21 Texan Jemmy Martin wants nothing to do with the

Civil War that is tearing apart the United States He never wants to see New Mexico the barren land that destroyed his father's happiness But when his brother sells the family's mules to the Confederate Army Jemmy feels forced to go with them to protect them and bring them home New Mexican Raul Atencio hates both the Mexicans and Americans whose presence threatens the culture of his people He wishes all foreigners would leave the desolate but beautiful land that his ancestors conquered centuries ago Although neither wants to fight Jemmy and Raul meet face to face over the barrel of a shotgun when they become embroiled in a battle that could change the destiny of two nations

[The Three-Cornered War](#) Megan Kate Nelson, 2020-02-11 Finalist for the Pulitzer Prize in History A dramatic riveting and fresh look at a region typically obscured in accounts of the Civil War American history buffs will relish this entertaining and eye opening portrait Publishers Weekly Megan Kate Nelson expands our understanding of how the Civil War affected Indigenous peoples and helped to shape the nation Library Journal starred review reframing the era as one of national conflict involving not just the North and South but also the West Against the backdrop of this larger series of battles Nelson introduces nine individuals John R Baylor a Texas legislator who established the Confederate Territory of Arizona Louisa Hawkins Canby a Union Army wife who nursed Confederate soldiers back to health in Santa Fe James Carleton a professional soldier who engineered campaigns against Navajos and Apaches Kit Carson a famous frontiersman who led a regiment of volunteers against the Texans Navajos Kiowas and Comanches Juanita a Navajo weaver who resisted Union campaigns against her people Bill Davidson a soldier who fought in all of the Confederacy's major battles in New Mexico Alonzo Ickis an Iowa born gold miner who fought on the side of the Union John Clark a friend of Abraham Lincoln's who embraced the Republican vision for the West as New Mexico's surveyor general and Mangas Coloradas a revered Chiricahua Apache chief who worked to expand Apache territory in Arizona As we learn how these nine charismatic individuals fought for self-determination and control of the region we also see the importance of individual actions in the midst of a larger military conflict Based on letters and diaries military records and oral histories and photographs and maps from the time this history of invasions battles and forced migration shapes the United States to this day and has never been told so well Pulitzer Prize winning author T J Stiles

**The United States (concluded), Spanish America** Henry Smith Williams, 1904

["An Arch Rebel Like Myself"](#) Gene C. Armistead, Robert D. Arconti, 2018-08-02 Dan Showalter was Speaker Pro Tem of the California State Assembly at the outbreak of the Civil War and the exemplar of treason in the Far West among the pro Union press He gained notoriety as the survivor of California's last political and actual fatal duel for his role in the display of a Confederate flag in Sacramento and for his imprisonment after an armed confrontation with Union troops Escaping to Texas he distinguished himself in the Confederate service in naval battles and in pursuit of Comanche raiders As commander of the 4th Arizona Cavalry he helped recapture the Rio Grande Valley from the Union and defended Brownsville against a combined Union and Mexican force Refusing to surrender at war's end he fled to Mexico where he died of a wound sustained in a drunken bar fight at age 35

**History of the Navy**

**During the Rebel, V2** Charles Boynton, Charles Brandon Boynton, 2008-10      **The Howling Storm** Kenneth W. Noe, 2020-10-07 Finalist for the Lincoln Prize Winner of the Colonel Richard W Ulbrich Memorial Book Award Traditional histories of the Civil War describe the conflict as a war between North and South Kenneth W Noe suggests it should instead be understood as a war between the North the South and the weather In *The Howling Storm* Noe retells the history of the conflagration with a focus on the ways in which weather and climate shaped the outcomes of battles and campaigns He further contends that events such as floods and droughts affecting the Confederate home front constricted soldiers food supply lowered morale and undercut the government's efforts to boost nationalist sentiment By contrast the superior equipment and open supply lines enjoyed by Union soldiers enabled them to cope successfully with the South's extreme conditions and ultimately secure victory in 1865 Climate conditions during the war proved unusual as irregular phenomena such as El Niño La Niña and similar oscillations in the Atlantic Ocean disrupted weather patterns across southern states Taking into account these meteorological events Noe rethinks conventional explanations of battlefield victories and losses compelling historians to reconsider long held conclusions about the war Unlike past studies that fault inflation taxation and logistical problems for the Confederate defeat his work considers how soldiers and civilians dealt with floods and droughts that beset areas of the South in 1862 1863 and 1864 In doing so he addresses the foundational causes that forced Richmond to make difficult and sometimes disastrous decisions when prioritizing the feeding of the home front or the front lines *The Howling Storm* stands as the first comprehensive examination of weather and climate during the Civil War Its approach coverage and conclusions are certain to reshape the field of Civil War studies      **Latin America's Wars Volume II: The Age of the Professional Soldier, 1900-2001** Robert L. Scheina, 2003-07-31 The second volume in Robert Scheina's definitive study of Latin American military history draws upon years of extensive research and teaching in the field Although wags in the United States have quipped that if Latin America's military forces were not constantly seeking political power they would have nothing to do Scheina describes how these men have not only bravely defended their own homelands from foreign enemies but have also gone abroad to fight in both world wars and in the Korean War This groundbreaking volume also examines the numerous U.S. interventions in Latin America during the twentieth century and the various motivations for them ranging from the petty interests of influential North American businesses to global concerns with grand strategy which for example resulted in the building of the Panama Canal Scheina concludes by exploring the role of Latin America in the Cold War and Colombia's ongoing conflict with the drug cartels He focuses on operational history in the context of war as an instrument of politics and society including insightful analyses of the military as an institution and of its relations with civilian government *Latin America's Wars* fills a void in the literature broadens U.S. readers' understanding of their neighbors and serves as a point of departure for new scholarship      Warfare and Armed Conflicts Micheal Clodfelter, 2017-05-23 In its revised and updated fourth edition this exhaustive encyclopedia provides a record of casualties of war from the last five

centuries through 2015 with new statistical and analytical information Figures include casualties from global terrorism the wars in Iraq and Afghanistan and the fight against the Islamic State New entries cover an additional 20 armed conflicts between 1492 and 2007 not included in previous editions Arranged roughly by century and subdivided by world region chronological entries include the name and dates of the conflict precursor events strategies and details the outcome and its aftermath **World Events** ,1925 **A Guide to Intra-state Wars** Jeffrey S. Dixon,Meredith Reid Sarkees,2015-10-22

This title describes how civil war is defined and categorized and presents data and descriptions for nearly 300 civil wars waged from 1816 to the present Analyzing trends over time and regions this work is the definitive source for understanding the phenomenon of civil war *Latin America's Wars* Robert L. Scheina,2003-01-31 Robert Scheina s latest book drawn upon years of research lecturing and teaching in the field is a groundbreaking and definitive study of Latin American military history Despite the pivotal role of wars in U S history few in the United States under The Tribute of Blood Peter M. Beattie,2001-09-26 Argues that the reform of military recruitment in Brazil had a profound impact second only to the abolition of slavery on institutions of social discipline and the lives of the poor **The New York Times Index** ,1924

**Twentieth Century Impressions of Brazil** Reginald Lloyd,1913 *Trade and Gunboats* Steven C. Topik,2000 A hundred years ago the United States first projected itself onto the international stage hoping to stake out a sphere of influence in Latin America just as the largest of Latin American countries Brazil ending a 67 year long monarchical regime struggled to redefine its relationship to the world economy Debates raged between liberals and corporatists between free traders and protectionists When the trajectories of these two unequal giants collided their interaction revealed much about the international economic and political affairs of their day that bears upon the debates surrounding today s new world order The book begins by examining the Blaine Mendonca Accord of 1891 the first commercial pact ever signed between Brazil and the United States thus beginning a special relationship that lasted into the 1970 s This is the first study of U S Brazilian relations that seriously examines the internal politics and economics of both countries and how they played themselves out in the late nineteenth century The author attempts a new kind of international history comparative political economy that examines not only internal dynamics but also the nature of the international regime at the time

## Unveiling the Magic of Words: A Report on "**Rebels On The Rio Grande**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring.
