Latin American Literature in Transition 1930-1980: Volume 4 Amanda Holmes, Par Kumaraswami, 2022-12-08 Latin American Literature in Transition 1930 1980 explores the literary landscape of the mid twentieth century and the texts that were produced during that period It takes four core areas of thematic and conceptual focus solidarity aesthetics and innovation war revolution and dictatorship metropolis and ruins and employs them to explore the complexity heterogeneity and hybridity of form genre subject matter and discipline that characterised literature from the period In doing so it uncovers the points of transition connection contradiction and tension that shaped the work of many canonical and non canonical authors It illuminates the conversations between genres literary movements disciplines and modes of representation that underpin writing form this period Lastly by focusing on canon and beyond the volume visibilizes the aesthetics poetics politics and social projects of writing incorporating established writers but also writers whose work is yet to be examined in all its complexity *Ominous Parallels* Leonard Peikoff, 1983-06-01 Ayn Rand chose Leonard Peikoff to be her successor as the spokesman for Objectivism And in this brilliantly reasoned thought provoking work we learn why as he demonstrates how far America has been detoured from its original path and led down the same road that Germany followed to Nazism Self sacrifice Oriental mysticism racial truth the public good doing one s duty these are among the seductive catch phrases that Leonard Peikoff dissects examining the kind of philosophy they symbolize the type of thinking that lured Germany to its doom and that he says is now prevalent in the United States Here is a frightening look at where America may be heading a clarion call for all who are concerned about preserving our right to individual freedom **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1976 **Existentialist Patterns in Edwardian Plays** Dr. Manoj Kumar Singh, 2021-11-20 The introduction gives the background of Modern American Drama which is a kind of slow evolution and has taken place in the form of an amalgamation of various schools It presents the gradual growth of the American dramatic literature right from Eugene O Neill up to Edward Albee This chapter includes the dramatists like Eugene O Neill Maxwell Anderson Robert Sherwood Lillian Hellman Clifford Odets Philip Barry Tennessee Williams Arthur Miller and Edward Albee in order to have an understanding of the overall development of the American dramatic literature In February 1915 an enthusiastic group of young amateurs calling themselves the Washington Square Players waved a solemn manifesto in the face of New York Drama critics They opened the Band Box Theatre near the corner of 57th street and Third Avenue Just a year and a half later another group equally young and enthusiastic took possession of a stable in MacDougal Street to be known thereafter as the Province town Theatre The dramatists of the Washington Square Players were more influenced by Ibsen Shaw and Maeterlinck whereas that of the Province town group happened to accept Eugene O Neill as their torch bearer **American Literature in Transition, 1920-1930** Ichiro Takayoshi, 2017-12-28 American Literature in Transition 1920 1930 examines the dynamic interactions between social and literary fields during the so called Jazz Age It situates the

era's place in the incremental evolution of American literature throughout the twentieth century. Essays from preeminent critics and historians analyze many overlapping aspects of American letters in the 1920s and re-evaluate an astonishingly diverse group of authors. Expansive in scope and daring in its mixture of eclectic methods, this book extends the most exciting advances made in the last several decades in the fields of modernist studies, ethnic literatures, African American literature, gender studies, transnational studies, and the history of the book. It examines how the world of literature intersected with other arts such as cinema, jazz, and theater and explores the print culture in transition with a focus on new publishing houses, trends in advertising, readership, and obscenity laws.

Essentials of Contemporary Literature of the Western World  
 MacDonald Harris, 1974      American Literature in Transition, 1930-1940 Ichiro Takayoshi, 2018-11-15

American Literature in Transition, 1930-1940 gathers together in a single volume preeminent critics and historians to offer an authoritative analytic and theoretically advanced account of the Depression era's key literary events. Many topics of canonical importance such as protest literature, Hollywood fiction, the culture industry, and populism receive fresh treatment. The book also covers emerging areas of interest such as radio drama, bestsellers, religious fiction, internationalism, and middlebrow domestic fiction. Traditionally, scholars have treated each one of these issues in isolation. This volume situates all the significant literary developments of the 1930s within a single and capacious vision that discloses their hidden structural relations, their contradictions, similarities, and reciprocities. This is an excellent resource for undergraduate, graduate students, and scholars interested in American literary culture of the 1930s.

*The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950* George Watson, I. R. Willison, 1972-12-07

More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation, and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.

*Timelines of American Literature* Cody Marrs, Christopher Hager, 2019-01-29

A collection of engaging essays that seeks to uniquely reperiodize American literature. It is all but inevitable for literary history to be divided into periods. Early American, antebellum, modern, post-1945: such designations organize our knowledge of the past and shape the ways we discuss that past today. These periods tend to align with the watershed moments in American history even as the field has shifted its perspective away from the nation-state. It is high time we rethink these defining periods of American

literary history as the drawing of literary timelines is a necessary even illuminating practice In these short spirited and imaginative essays 23 leading Americanists gamely fashion new unorthodox literary periods from 600 B C E to the present from the Age of Van Buren to the Age of Microeconomics They bring to light literary and cultural histories that have been obscured by traditional timelines and raise provocative questions What is our definition of modernism if we imagine it stretching from 1865 to 1965 instead of 1890 to 1945 How does the captivity narrative change when we consider it as a contemporary not just a colonial genre What does the course of American literature look like set against the backdrop of federal denials of Native sovereignty or housing policies that exacerbated segregation Filled with challenges to scholars inspirations for teachers anchored by an appendix of syllabi and entry points for students Timelines of American Literature gathers some of the most exciting new work in the field to showcase the revelatory potential of fresh thinking about how we organize the literary past

readers in the general public      *Gender and the Rhetoric of Modernity in Spanish America, 1850-1910* Lee Skinner, 2018-10-01 This ambitious volume shows how nineteenth century Spanish American writers used the discourses of modernity to envision the place of women at all levels of social and even political life in the modern utopian nation Looking at texts ranging from novels and essays to newspaper articles and advertisements and with special attention to public and private space domesticity education technology and work Skinner identifies gender as a central concern at every level of society

**Fictions of Western American Domesticity** Amanda J. Zink, 2018-06 This work provides a compelling explanation of something that has bedeviled a number of feminist scholars Why did popular authors like Edna Ferber continue to write conventional fiction while living lives that were far from conventional Amanda J Zink argues that white writers like Ferber and Willa Cather avoided the subject of their own domestic labor by writing about the performance of domestic labor by others showing that American print culture both in novels and through advertisements moved away from portraying women as angels in the house and instead sought to persuade other women to be angels in their houses Zink further explores lesser known works such as Mexican American cookbooks and essays in Indian boarding school magazines to show how women writers dialoging domesticity exemplify the cross cultural encounters between colonial domesticity and sovereign domesticity By situating these interpretations of literature within their historical contexts Zink shows how these writers championed and challenged the ideology of domesticity

*Booklist* ,1929      *History Lessons* Beth S. Wenger, 2010 History Lessons is the first book to examine how Jews in the United States collectively wove themselves into the narratives of the nation and came to view the American Jewish experience as a unique chapter in Jewish history Beth Wenger shows how American Jews celebrated civic holidays like Thanksgiving and the Fourth of July in synagogues and Jewish community organizations and how they sought to commemorate Jewish cultural contributions and patriotism often tracing their roots to the nation s founding She looks at Jewish children s literature used to teach lessons about American Jewish heritage and values which portrayed and sometimes embellished the accomplishments of heroic figures in American Jewish history Wenger also traces how Jews often disagreed about how properly to represent these figures focusing on the struggle over the legacy of the Jewish Revolutionary hero Haym Salomon From publisher description
