Modernism and the New Spain Gayle Rogers, 2012-10-03 How and why did a country seen as remote backwards and barely European become a pivotal site for reinventing the continent after the Great War Modernism and the New Spain argues that the Spanish problem the nation's historically troubled relationship with Europe provided an animating impulse for interwar literary modernism and for new conceptions of cosmopolitanism Drawing on works in a variety of genres Gayle Rogers reconstructs an archive of cross cultural exchanges to reveal the mutual constitution of two modernist movements one in Britain the other in Spain and stretching at key moments in between to Ireland and the Americas Several sites of transnational collaboration form the core of Rogers's innovative literary history The relationship between T S Eliot's *Criterion* and Jos Ortega y Gasset's *Revista de Occidente* shows how the two journals joined to promote a cosmopolitan agenda A similar case of kindred spirits appears with the 1922 publication of Joyce's *Ulysses* The novel's forward thinking sentiments on race and nation resonated powerfully within Spain where a generation of writers searched for non statist forms through which they might express a new European Hispanicity These cultural ties between the Anglo Irish and Spanish speaking worlds increased with the outbreak of civil war in 1936 Rogers explores the connections between fighting Spanish fascism and dismantling the English patriarchal system in Virginia Woolf's *Three Guineas* along with the international anti fascist poetic community formed by Stephen Spender Manuel Altolaguirre and others as they sought to establish Federico Garc a Lorca as an apolitical Spanish European poet Mining a rich array of sources that includes novels periodicals biographies translations and poetry in English and in Spanish *Modernism and the New Spain* adds a vital new international perspective to modernist studies revealing how writers created alliances that unified local and international reforms to reinvent Europe not in the London Paris Berlin nexus but in Madrid

European Intertexts Patsy Stoneman, Ana María Sánchez-Arce, Angela Leighton, 2005 *European Intertexts* is the first fruit of an ongoing collaborative study aiming to challenge the isolationism of much critical work on English literature by exploring the interdependence of English and continental European literatures in writing by women While later volumes will deal with specific texts this introductory volume provides a descriptive framework and a theoretical basis for studies in the field Covering issues such as the role of English as a world language the definition of Europe and the current state of Translation Studies the book also surveys theories of intertextuality and demonstrates intertextual links between written and visual and film texts This book is itself pioneering in making a systematic approach to women's writings in English in the context of other European cultures Although Europe is a political reality this cultural interpenetration remains largely unexamined and these essays represent an important first step towards revealing that

unexplored richness **Virginia Woolf's Portraits of Russian Writers** Darya Protopopova, 2019-02-05 Virginia Woolf always stayed ahead of her time Championing gender equality when women could not vote publishing authors from Pakistan France Austria and other parts of the world while nationalism in Britain was on the rise and befriending outcasts and social pariahs As such what could have possibly interested her in the works of nineteenth century Russian writers austere and at times misogynistic thinkers preoccupied with peasants priests and paroxysms of the soul This study explains the chronological and cultural paradox of how classic Russian fiction became crucial to Woolf's vision of British modernism We follow Woolf as she begins to learn Russian invents a character for a story by Dostoevsky ponders over Sophia Tolstoy's suicide note and proclaims Chekhov a truly modern writer The book also examines British modernists' fascination with Russian art looking at parallels between Roger Fry's articles on Russian Post Impressionists and Woolf's essays on Chekhov Dostoevsky Tolstoy and Turgenev *George Orwell and Communist Poland* Krystyna Wieszczek, 2025-04-21 George Orwell and Communist Poland is the first major account of George Orwell's Polish reception during the Second World War and the Cold War era It shows how Orwell the epitome of a censored writer in the Soviet bloc enjoyed a fulsome reception both outside and within communist Poland It does so by developing a tripartite framework to study reception in conditions of state imposed censorship where three modes are likely to develop in response migr official and clandestine The book thus brings to light Orwell's overlooked relationships with Polish exiles who informed his work and looked upon him not only as a writer but also a personal friend and political ally They eagerly translated his works and sought multinational promotion even behind the Iron Curtain The volume argues that Orwell also experienced official reception smuggled into state controlled culture in officially accepted ways Additionally communist censorship files reflect his reception within the state apparatus Finally the book examines passionate clandestine responses to Orwell's writing and myth in diaries and letters from as early as under Stalinism and explores Orwell's popularity among underground publishing networks which enabled his works to become bestsellers The book draws on sources in foreign languages and previously unseen material including Orwell's lost letters to Teresa Jeleńska the Polish translator of *Animal Farm* The volume significantly broadens our understanding of Orwell's life work and legacy It also contributes to discussions in English literature and comparative literature literary exchanges translation reception and censorship and East European studies **The Routledge Handbook of Translation, Feminism and Gender** Luise von Flotow, Hala Kamal, 2020-06-09 The Routledge Handbook of Translation Feminism and Gender provides a comprehensive state of the art overview of feminism and gender awareness in translation and translation studies today Bringing together work from more than 20 different countries from Russia to Chile Yemen Turkey China India Egypt and the Maghreb as well as the UK Canada the USA and Europe this Handbook represents a transnational approach to this topic which is in development in many parts of the world With 41 chapters this book presents discusses and critically examines many different aspects of gender in translation and its effects both local and transnational Providing overviews of

Virginia Woolf and the World of Books Nicola Wilson, Claire Battershill, 2018-09-27 A celebration of the centenary of the founding of Leonard and Virginia Woolf's Hogarth Press

Russomania Rebecca Beasley, 2020-03-31 Russomania Russian Culture and the Creation of British Modernism provides a new account of modernist literature's emergence in Britain British writers played a central role in the dissemination of Russian literature and culture during the early twentieth century and their writing was transformed by the encounter This study restores the thick history of that moment by analyzing networks of dissemination and reception to recover the role of neglected as well as canonical figures and institutions as well as individuals The dominant account of British modernism privileges a Francophile genealogy but the turn of the century debate about the future of British writing was a triangular debate a debate not only between French and English models but between French English and Russian models Francophile modernists associated Russian literature especially the Tolstoyan novel with an uncritical immersion in life at the expense of a mastery of style and while individual works might be admired Russian literature as a whole was represented as a dangerous model for British writing This supposed danger was closely bound up with the politics of the period and this book investigates how Russian culture was deployed in the close relationships between writers editors and politicians who made up the early twentieth century intellectual class the British intelligentsia Russomania argues that the most significant impact of Russian culture is not to be found in stylistic borrowings between canonical authors but in the shaping of the major intellectual questions of the period the relation between language and action writer and audience and the work of art and lived experience The resulting account brings an occluded genealogy of early modernism to the fore with a different arrangement of protagonists different critical values and stronger lines of connection to the realist experiments of the Victorian past and the anti formalism and revived romanticism of the 1930s and 1940s future

Literary Digital Stylistics in Translation Studies Anna Maria Cipriani, 2023-11-20 This book presents a systematic literary comparison of the retranslations by adopting a mixed method and bottom up inductive approach by developing an empirical corpus approach This corpus is specifically tailored to identify and study linguistic and non linguistic modernist features throughout the texts such as stream of consciousness indirect interior monologue and free indirect speech All occurrences are analysed quantitatively in the computations of inferential and comparative statistics such as tests of time trends lexical variety and lexical frequency The target texts are digitised and the resulting text files are then analysed using a bespoke novel computer program capable of the functions not provided by commercially available software such as WordSmith Tools and WMatrix This methodology enables in depth explorations of micro and macro textual features and allows a mixed method approach combining close reading qualitative analysis with systematic quantitative comparisons The empirical study of the digital corpus of eleven Italian re translations of Virginia Woolf's *To the Lighthouse* identifies a progressive source text orientation

only in a relatively few aspects of a few target texts The translators presence affects all the examined target texts in terms of register and style under the influence of the Italian translation norms usually attributed to the translation of literary classics Its intended readership comprises students of the mentioned fields and the general public of readers editors and publishers

At Home and Abroad in the Empire Robin Hackett, Freda Hauser, Gay Wachman, 2009 This book builds upon critical reevaluations of modernism and British literature of the 1930s with a simultaneous focus on discourses of race gender and empire The essays direct attention to the complications and ambivalence accumulating around the meanings of Englishness They reject analyses of texts as chronicles of personal psychological development in favor of analyses that assume texts are shaped by their authors public intellectual involvement In addition they offer detailed specific explorations of ways in which British women in the 1930s narrativize empire and war Thus they will resonate with significance for readers in the early twenty first century for whom empire and war as well as terror and security are part of the discourse of everyday life Robin Hackett is an Associate Professor of English at the University of New Hampshire Freda S Hauser is an independent scholar Gay Wachman is retired from the State University of New York Old Westbury *Modernism and Latin America* Patricia Novillo-Corvalán, 2017-09-22 This book is the first in depth exploration of the relationship between Latin American and European modernisms during the long twentieth century Drawing on comparative historical and postcolonial reading strategies including archival research it seeks to reenergize the study of modernism by putting the spotlight on the cultural networks and aesthetic dialogues that developed between European and non European writers including Pablo Neruda James Joyce Leonard Woolf Virginia Woolf Jorge Luis Borges Victoria Ocampo Roberto Bola o Julio Cort zar Samuel Beckett Octavio Paz Carlos Fuentes and Malcolm Lowry The book explores a wide range of texts that reflect these writers complex concerns with questions of exile space empire colonization reception translation human subjectivity and modernist experimentation By rethinking modernism comparatively and by placing this intricate web of cultural interconnections within an expansive transnational and transcontinental framework this unique study opens up new perspectives that delineate the construction of a polycentric geography of modernism It will be of interest to those studying global modernisms as well as Latin American literature transatlantic studies comparative literature world literature translation studies and the global south **Identity and Cultural Translation** Ana Gabriela Macedo, Margarida Esteves Pereira, 2006 Exile and Otherness investigates the exile experience in a theoretical and comparative way by exploring the possibilities and limitations of concepts like diaspora de localization and transit culture for understanding the lives and works of German and Austrian refugees from Nazi persecution

Irish Literature in Italy in the Era of the World Wars Antonio Bibbò, 2021-12-14 This book addresses both the dissemination and increased understanding of the specificity of Irish literature in Italy during the first half of the twentieth century This period was a crucial time of nation building for both countries Antonio Bibb illustrates the various images of Ireland that circulated in Italy focusing on political and cultural discourses and examines the laborious formation of an Irish

literary canon in Italy The center of this analysis relies on books and articles on Irish politics culture and literature produced in Italy including pamphlets anthologies literary histories and propaganda translations of texts by Irish writers and archival material produced by writers publishers and cultural and political institutions Bibb argues that the construction of different and often conflicting ideas of Ireland in Italy as well as the wavering understanding of the distinctiveness of Irish culture substantially affected the Italian responses to Irish writers and their presence within the Italian publishing field This book contributes to the discussion on transnational aspects of canon formation reception studies and Italian cultural studies
