Reception An Ecumenical Opportunity:

Reception William G. Rusch, 1988 *Koinonia and the Quest for an Ecumenical Ecclesiology* Lorelei F. Fuchs, 2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communionality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought *Koinonia and the Quest for an Ecumenical Ecclesiology* provides a broad thoughtful framework for realizing Christ's prayer that all may be one so that the world may believe *Reshaping Ecumenical Theology* Paul Avis, 2010-04-11 *Receptive Ecumenism and the Call to Catholic Learning* Paul Murray, 2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other's gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesiologists professional ecumenists sociologists psychologists and organizational experts

Ecumenism: A Guide for the Perplexed R. David Nelson, Charles Raith II, 2017-07-27 *Ecumenism A Guide for the Perplexed* is a comprehensive introduction to the methods achievements and future prospects of the modern ecumenical movement The authors begin the volume by charting out a serviceable definition of ecumenism a term that has long been a source of confusion for students of theology and church history They review the chronology of the modern ecumenical movement and highlight the major events figures accomplishments and impasses This historical survey is followed by critical examinations of three significant challenges for contemporary ecumenical theology and practice Along the way the authors

provide commentary upon the difficulties and prospects that the ecumenical movement might anticipate as it enters this new millennium

Theology in the Service of the Church Timothy George, Eric Farrel Mason, 2008 This title bridges the chasm between church and academy This volume celebrates the life and work of Fisher H Humphreys a noted Baptist theologian whose teachings and writings have shaped several generations of pastors missionaries and theological students Humphreys has said about his own life s work My theology is church theology I do thinking about God in the fellowship of the church Since 1990 Humphreys has taught systematic theology at Beeson Divinity School of Samford University following an even longer tenure on the faculty of New Orleans Baptist Theological Seminary Written by Humphreys colleagues and friends the essays here illuminate various aspects of the theologian s calling from the standpoint of specific theological disciplines and from the intersection of theology with other areas of Christian life and thought In this way Fisher Humphreys self understanding of his own vocation as a theologian of the church is commended and the importance of thinking clearly and faithfully about God in the fellowship of the church is seen to be a vital component in the life of the faith

Recovering the Ecumenical Bonhoeffer Javier A. Garcia, 2019-10-14 In *Recovering the Ecumenical Bonhoeffer* Javier Garcia explores the possibilities for Dietrich Bonhoeffer s theology to revitalize interest in the ecumenical movement and Christian unity today Although many commentators have lamented the waning interest in the ecumenical movement since the 1960s the celebration of the 500th anniversary of the Protestant Reformation in 2017 coupled with recent in roads such as the ecumenical efforts of Pope Francis have opened new possibilities for the ecumenical project In this context Garcia presents Bonhoeffer as a helpful model for contemporary ecumenical dialogue He finds important points of convergence between Bonhoeffer and Calvin thereby establishing potential areas of rapprochement between the Lutheran and Reformed traditions Beyond examining the state of ecumenism and unfolding the ecumenical promise of Bonhoeffer s thought Garcia assesses the future of ecumenical engagement in a secular age Altogether he proposes a recovery of the ecumenical Bonhoeffer for envisioning new possibilities for church unity in our day

FitzGerald,2004-04-30 What is Ecumenism How and when did it start What are its goals and how will they affect the future of the Christian churches This book answers these questions and examines the remarkable story of new encounters between Orthodox Roman Catholic Anglican Old Catholic and most Protestant churches Most of these churches have been divided for centuries over issues of theology faith and practice Ecumenism seeks to reconcile these differences and to bring the churches together into a new unity based on their commonalities and their understanding of Christian faith Here FitzGerald traces the history of the churches and their divisions and focuses on the ways in which the Ecumenical movement began and the efforts that have been made to assist the churches in overcoming age old strife animosity and misunderstanding For centuries Christian churches have remained divided over their doctrinal differences but beginning in the late nineteenth century churches and their members slowly began to emerge from their isolation They began to abandon competition mistrust and misunderstanding in an effort to seek out their common interests and faith through meetings and organizations meant to bring them together The encounters between the churches led to proposals for common prayers for unity and for common witness in society While not without difficulty these encounters have fostered a renewal in Christian theology worship and witness affecting all levels of church life The process has touched Christians all over the world in various ways FitzGerald carefully traces the history of the movement and its impact on the churches themselves as well as the believers who attend them making this important reading for all Christians and anyone interested in learning more about church division and efforts to restore unity **Essays in Public Theology** Dirkie
