Recherches Pour Une Sémalyse:

Sèmeiotikè. Recherches pour une sémalyse Julia Kristeva, 2014-12-25T00:00:00+01:00 Ce titre dans son inscription grecque se veut un rappel muet des débuts occidentaux du savoir sur le signe et le sens La sémiotique ici se propose comme le lieu depuis lequel s'articulera une théorie générale des modes de signifier Visant en même temps interroger ou refondre les systèmes linguistiques et logiques par les analyses du sujet et de l'histoire appelées par Freud et Marx elle se désigne comme une sémalyse L'élaboration de la sémalyse dépassant les limites du signe du sens de la structure devait nécessairement trouver pour point de départ un objet exclu de l'ordre du savoir puisque soulignant ses bords la littérature **Sèmeiōtikē**

Julia Kristeva, 1969 **Recherches pour une sémalyse** Julia Kristeva, 1969 **Key Terms in Semiotics** Bronwen Martin, 2006-06-02 Provides information that a student needs when encountering semiotics for the first time or as a more advanced reader wishing to do in depth semiotic readings This book provides a brief historical overview of the field an explanation of semiotic theory key term definitions outlines of the work of key thinkers and key readings for students

French Women Writers Eva Martin Sartori, Dorothy Wynne Zimmerman, 1994-01-01 Marie de France Mme De Ségur and Mme De Lafayette achieved international reputations during periods when women in other European countries were able to write only letters translations religious tracts and miscellaneous fragments There were obstacles but French women writers were more or less sustained and empowered by the French culture Often unconventional in their personal lives and occupied with careers besides writing as educators painters actresses preachers salon hostesses labor organizers these women did not wait for Simone de Beauvoir to tell them to make existential choices and have projects in the world French Women Writers describes the lives and careers of fifty two literary figures from the twelfth century to the late twentieth All the contributors are recognized authorities Some of their subjects like Colette and George Sand are celebrated and others are just now gaining critical notice From Christine de Pizan and Marguerite de Navarre to Rachilde and Hélène Cixous from Louise Labé to Marguerite Duras these women speak through the centuries to issues of gender sexuality and language French Women Writers now becomes widely available in this Bison Book edition L'allusion en poésie Jacques Lajarrige, Christian

Moncelet, 2002 *History of Structuralism: The sign sets, 1967-present* François Dosse, 1997 Content Description Includes bibliographical references and index Bakhtin Between East and West Karine Zbinden, 2006 Mikhail Bakhtin 1895 1975 has had an enormous influence on literary studies and cultural theory Bakhtin between East and West Cross Cultural Transmission looks beyond the concepts of carnival and dialogue and traces for the first time the transformation of the Bakhtin Circle's thought from its introduction to the West in Julia Kristeva's seminal late 1960s theory of intertextuality through Tzvetan Todorov's landmark study and on to contemporary interpretations The notion of sociality in all its problematic complexity provides the red thread guiding us through this historical and thematic examination of Western and Russian Bakhtin studies As a critical evaluation of Bakhtin scholarship across various cultures and a celebration of the vigour

of the Circle's legacy this is an invaluable resource for scholars and students with an interest in Bakhtin and critical theory

Joel's Use of Scripture and the Scripture's Use of Joel John Strazicich, 2007-04-30 The methodological approach employed in this research utilizes the hermeneutics of comparative midrash combined with aspects of Bakhtinian dialogism and intertextuality The purpose of this enterprise is to discern the function of scripture in Joel and its New Testament Nachleben The terms appropriation and resignification are descriptive of the process through which an antecedent text is transformed by its displacement condensation and recontextualization These methodologies assist in giving an account of the intertextual dialogism involved in a text's unrecorded hermeneutics The scope of the work looks at the use of scriptural traditions within the book of Joel during the Second Temple period There is an introduction to the hermeneutical methods employed followed by a general introduction to the book of Joel in chapter one Chapters two and three concern the function of scripture in Joel Finally the last chapter deals with Joel's New Testament Nachleben Each chapter has an introduction and conclusion This work does not eschew the importance of diachronic issues The diachronic method pays attention to the context of an antecedent's voice while the synchronic methodological approach pays attention to the function and purpose in which the receptor text resignifies the appropriated motifs and allusions The diachronic becomes fused with the synchronic in the process of an allusion's recontextualization This study in a heuristic manner focuses on the way that each allusion is appropriated and resignified for the needs of both Joel's community and those of the later NT in order to understand the function of canonical hermeneutics

Remembering the Covenants in Song Young-Sam Won, 2019-08-20 In biblical and theological studies fresh perspectives and novel approaches can breathe new life into familiar subjects *Remembering the Covenants in Song* reconsiders the Abrahamic and Mosaic covenant relationship through the unique biblical and canonical lens of a postexilic song In Psalm 105 the psalmist's intriguing intertextual engagement with both of Israel's great covenant traditions provides a rare glimpse into the covenant understanding of a postexilic biblical writer

interacting with the Torah Remembering the Covenants in Song entails an intertextual study of Psalm 105 that brings the psalmist's rhetorical design and covenant references into a dialogue with the Torah's seminal covenant texts The examination of the psalmist's use of covenant references and allusions represents an innovative approach to assessing the rhetorical significance of intertextuality in biblical writings

The Figure of Knowledge Sebastiaan Loosen, Rajesh Heynckx, Hilde Heynen, 2020-10-01 It is a major challenge to write the history of post WWII architectural theory without boiling it down to a few defining paradigms An impressive anthologising effort during the 1990s charted architectural theory mostly via the various theoretical frameworks employed such as critical theory critical regionalism deconstructivism and pragmatism Yet the intellectual contours of what constitutes architectural theory have been constantly in flux It is therefore paramount to ask what kind of knowledge has become important in the recent history of architectural theory and how the resulting figure of knowledge sets the conditions for the

actual arguments made The contributions in this volume focus on institutional geographical rhetorical and other conditioning factors They thus screen the unspoken rules of engagement that postwar architectural theory ascribed to **Desire in Language** Julia Kristeva,1980 Desire in Language traces the path of an investigation extending over a period of ten years into the semiotics of literature and the arts But the essays of Julia Kristeva in this volume though they often deal with literature and art do not amount to either literary criticism or art criticism Their concern writes Kristeva remains intratheoretical they are based on art and literature in order to subvert the very theoretical philosophical or semiological apparatus Probing beyond the discoveries of Sigmund Freud Jacques Lacan Roman Jakobson and others Julia Kristeva proposes and tests theories centered on the nature and development of the novel and on what she has defined as a signifying practice in poetic language and pictural works Desire in Language fully shows what Roman Jakobson has called Kristeva s genuine gift of questioning generally adopted axioms and her contrary gift of releasing various damned questions from their traditional question marks *A Semiotic Landscape.
