Seales, 2025-03-31 The Routledge Handbook of Religion and American Culture explains where religion is made in the United States It offers essays profiling cultural sites including energy industry public life music arts and entertainment and life and death These sites organize the volume s 31 chapters demonstrating how cultural religion has been constructed and performed in specific historical and ethnographic case studies This volume offers a much needed resource for Religious Studies scholars and students interested in the study of religion and culture in the United States as well as those in American Studies Anthropology of Religion Sociology of Religion Material Culture Studies Environmental Studies and History      Exile and Embrace Anthony Santoro, 2013-07-09 Examining the religious debates and dimensions of the death penalty in America      The Death of Innocents Helen Prejean, 2006-01-24 From the author of the national bestseller *Dead Man Walking* comes a brave and fiercely argued new book that tests the moral edge of the debate on capital punishment What if we re executing innocent men Two cases in point are Dobie Gillis Williams an indigent black man with an IQ of 65 and Joseph Roger O Dell Both were convicted of murder on flimsy evidence O Dell s principal accuser was a jailhouse informant who later recanted his testimony Both were executed in spite of numerous

appeals Sister Helen Prejean watched both of them die As she recounts these men s cases and takes us through their terrible last moments Prejean brilliantly dismantles the legal and religious arguments that have been used to justify the death penalty Riveting moving and ultimately damning *The Death of Innocents* is a book we dare not ignore      **The Oxford Handbook of Religion and American Education** Michael D. Waggoner, Nathan C. Walker, 2018-08-01 From the founding of Harvard College in 1636 as a mission for training young clergy to the landmark 1968 Supreme Court decision in *Epperson v Arkansas* which struck down the state s ban on teaching evolution in schools religion and education in the United States have been inextricably linked Still today new fights emerge over the rights and limitations of religion in the classroom The Oxford Handbook of Religion and American Education brings together preeminent scholars from the fields of religion education law and political science to craft a comprehensive survey and assessment of the study of religion and education in the United States The essays in the first part develop six distinct conceptual lenses through which to view American education including Privatism Secularism Pluralism Religious Literacy Religious Liberty and Democracy The following four parts expand on these concepts in a diverse range of educational frames public schools faith based K 12 education higher education and lifespan faith development Designed for a diverse and interdisciplinary audience this addition to the Oxford Handbook series sets for itself a broad goal of understanding the place of religion and education in a modern democracy      **By Man Shall His Blood Be Shed** Edward Feser, Joseph Bessette, 2017-03-15 The Catholic Church has in recent decades been associated with opposition to the death penalty It was not always so This timely work recovers and calls for a revival of the Catholic tradition of support for capital punishment Drawing upon a wealth of philosophical scriptural theological and social scientific arguments the authors show that it is the perennial and irreformable teaching of the Church that capital punishment can in principle be legitimate not only to protect society from immediate physical danger but also for purposes such as retributive justice and deterrence They show that the recent statements of churchmen in opposition to the death penalty are merely prudential judgments with which faithful Catholics are not obliged to agree They also show that the prudential grounds for opposition to capital punishment offered by Catholics and others in recent years are without force The extreme statements made by some Catholics in opposition to the death penalty do grave harm to the Church by falsely suggesting a rupture in her traditional teaching thereby inadvertently casting doubt on the reliability of the Magisterium And they do grave harm to society by removing a key component of any system of criminal justice which can protect the lives of the innocent inculcate a horror of murder and affirm the dignity of human beings as free and rational creatures who must be held responsible for their actions By *Man Shall His Blood Be Shed* is a challenge to contemporary Catholics to move beyond simple minded sloganeering to a serious engagement with scripture tradition natural law and the actual social scientific evidence and a faithful exercise of the hermeneutic of continuity called for by Pope Benedict XVI      *Moral Choices* Scott B. Rae, 2009 Now in its third edition this foremost college ethics text helps students form a basis for practical ethical decision making in

contemporary culture Substantial updates and revisions include a new chapter on ethics and economics online resources for instructors current case studies new material on bioethics and stem cell research and more

**Routledge Handbook on Capital Punishment** Robert M. Bohm, Gavin Lee, 2017-12-15 Capital punishment is one of the more controversial subjects in the social sciences especially in criminal justice and criminology Over the last decade or so the United States has experienced a significant decline in the number of death sentences and executions Since 2007 eight states have abolished capital punishment bringing the total number of states without the death penalty to 19 plus the District of Columbia and more are likely to follow suit in the near future Nebraska reinstated its death penalty in 2016 Worldwide 70 percent of countries have abolished capital punishment in law or in practice The current trend suggests the eventual demise of capital punishment in all but a few recalcitrant states and countries Within this context a fresh look at capital punishment in the United States and worldwide is warranted The Routledge Handbook on Capital Punishment comprehensively examines the topic of capital punishment from a wide variety of perspectives A thoughtful introductory chapter from experts Bohm and Lee presents a contextual framework for the subject matter and chapters present state of the art analyses of a range of aspects of capital punishment grouped into five sections 1 Capital Punishment History Opinion and Culture 2 Capital Punishment Rationales

and Religious Views 3 Capital Punishment and Constitutional Issues 4 The Death Penalty's Administration and 5 The Death Penalty's Consequences This is a key collection for students taking courses in prisons penology criminal justice criminology and related subjects and is also an essential reference for academics and practitioners working in prison service or in related agencies

**Animal Sacrifice and the Death Penalty** Giosuè Ghisalberti,2021-12-03 The slaughter of animals as a religious ritual and the execution of human beings as a judicial one was an interrelated phenomenon in the ancient world Writings from different traditions had to be interpreted in relation to each other for the connection between two sacred rituals to be made The history of the death penalty within the textual traditions of Judaism and ancient Greece could be traced to specific commandments beginning in Genesis and in laws specified as early as in Hesiod's Theogony in each case however with far from unambiguous conclusions despite their divine origins in YHWH or Zeus An ever present uncertainty in the nature of the death penalty pervades the writings of the Bible from Genesis to the Gospels of Jesus as well as in the mytho poetic world of Hesiod the tragedy of Aeschylus and Socratic philosophy as represented in Plato's dialogues Scholarship has not considered the importance of these two interrelated traditions insofar as both expose the specific characteristics of violence and killing within the institutions of religion and the law The creation of religious rituals and the acts of the law are inseparable and essential to the authority of the politico religious state Animal sacrifice and the death penalty serve as the pillars of social legitimacy in the ancient world

**Leviticus** Jay Sklar,2023-08-29 The Zondervan Exegetical Commentary on the Old Testament series serves pastors and teachers by providing them with a careful discourse analysis and interpretation of the Hebrew text tracing the flow of argument in each Old Testament book and showing that how a biblical author says something is just as important as what they say

**The Line Through the Heart** J. Budziszewski,2023-05-16 Why do we demand happiness on terms that make happiness impossible And what can we do about it Acclaimed philosopher J Budziszewski addresses these questions in the brilliantly persuasive book The Line Through the Heart finding the answers in the natural law The journey of exploration takes us through politics religion ethics law philosophy and more with Budziszewski as expert guide While investigating the natural law and its implications Budziszewski boldly confronts a wide range of contemporary issues offering a newly integrated view of abortion evolution euthanasia capital punishment runaway courts and the ersatz state religion built in the name of religious toleration Written in Budziszewski's usual crystalline style The Line Through the Heart shows that natural

law is a matter of concern not merely to scholars but to everyone for it touches how each of us lives and how all of us live together His profound examination of this subject helps us make sense of why habits that run against our nature have become second nature and why our world seems to be going mad      Catholic Perspectives on Crime and Criminal Justice Willard M. Oliver, 2008-01-01 Drawing upon Catholic social teaching traditional writings and Sacred Scripture this book presents a Catholic perspective of crime and criminal justice in America Specifically it presents a policy framework for the criminal justice system describing how and why police courts and corrections should adopt the tenets of restorative and community justice In addition it presents how certain crime related issues would be addressed under a Catholic perspective particularly focusing on the death penalty abortion euthanasia and so called victimless crimes      Growing in Love and Wisdom Susan J. Stabile, 2012-11-01 Although raised Roman Catholic Susan Stabile was ordained as a Tibetan Buddhist nun and devoted 20 years of her life to practicing Buddhism before returning to Catholicism in 2001 In *Growing in Love and Wisdom* she draws on this unique dual perspective to explore the value of interreligious dialogue the spiritual dynamics that operate across faith traditions and how Buddhist meditation practices can deepen Christian prayer She begins by examining the values and principles shared by the two faiths and shows that both traditions seek to effect a fundamental transformation in the lives of believers Both stress the need for experiences with deep emotional resonance that goes beyond the level of concepts to touch the heart The center of the book offers 15 Tibetan Buddhist contemplative practices adapted for Christian use Stabile provides clear instructions on how to do these meditations and helpful commentary on each explaining its purpose and the relation between the Buddhist original and her Christian adaptation of it Throughout she highlights the many remarkably close parallels between the teachings of Jesus and the Buddha The meditations offered in this unusual book will be extremely useful to thoughtful Christians to those responsible for giving spiritual direction and also to Buddhist sympathizers who will be intrigued and pleased to see familiar contemplations handled so skillfully by a former Buddhist practitioner who has gratefully learned so much from her former religion and now introduces the riches of that tradition to her fellow Christians      *The End of Sacrifice* John Howard Yoder, 2011-09-01 John Howard Yoder 1927 1997 who was a professor at Notre Dame University and Associated Mennonite Biblical Seminary was one of the 20th century's leading theologians Scholars continue to study his writings on pacifism and other subjects *The End of Sacrifice* brings together four decades of Yoder's published and unpublished writings on capital punishment He engaged in sophisticated biblical sociological and historical analysis in order to demonstrate that from ancient society until today capital punishment is an inherently cultic sacrificial rite Since the death of Jesus brought a decisive end to all sacrifices for sin Yoder argues Christians should proclaim the abolition of the death penalty Its advocates should no longer claim biblical validation In doing so Yoder also makes a persuasive case for proactive Christian witness to the state He calls the church to proclaim the end of sacrifice to public officials who are responsible for carrying out capital punishment John Howard Yoder was unique in how he

brings together both the biblical and sociological roots of the practice of capital punishment Many Christian works focus on the former whereas other works focus exclusively on the latter John C Nugent
