Religion As Poetry:

Religion as Poetry Andrew M. Greeley, 2017-07-05 Religion as Poetry continues in the grand tradition of the sociology of religion pioneered by Emile Durkheim Max Weber and Talcott Parsons among other giants in intellectual history Too many present day sociologists either ignore or disparage religious currents In this provocative book Andrew M Greeley argues that various religions have endured for thousands of years as poetic rituals and stories Religion as Poetry proposes a theoretical framework for understanding religion that emphasizes insights derived from religious stories By virtue of his own rare abilities as a novelist as well as sociologist Greeley is uniquely qualified for this task Greeley first considers classical theories of the sociology of religion and then drawing upon them he explicates his own interpretation He critically examines the viewpoint that society is becoming more secular and that religion is declining He observes that this theory stands in the way of persuading sociologists that religion is still worth studying In contrast Greeley is interested in why religions persist despite secular trends and alongside them He argues that it is poetic elements that touch the human soul Greeley then sets out to test this viewpoint Greeley maintains that his theory is not the only or necessarily even the best approach to study religion Rather it is his contention that it uniquely provides sociologists with perspectives on religion that other theories too often overlook or disregard Religion as Poetry an original and intriguing study by a distinguished social scientist and major novelist will be enjoyed and evaluated by sociologists theologians and philosophers alike The Poetry of Religion Charles Burroughs, 1851 **The Poet and His Faith. Religion and Poetry in England from Spenser to Eliot and Auden** Arthur Sutherland Pigott Woodhouse, 1965 *Heaven in Ordinary* David Jasper, 2018-11-29 Heaven in Ordinary is like a love affair with poetry that engages with religious questions for good or ill concerned with five poets who are haunted by God Poets in times of great faith and times of doubt have expressed for us their sense of both the presence and the absence of God in language that is sometimes almost sacramental in its weight of beauty love fear anger or despair The poets considered here all relate in some way to the traditions of Anglicanism through the centuries reflecting both a common humanity and a wide breadth of human experience as it struggles with God Heaven in Ordinary is deliberately autobiographical in approach as it is grounded in David Jasper's own lifetime experience of reading poetry since his school years and over four decades as a priest The poets he so beautifully discusses have related both positively and negatively to the Christian faith and the Anglican tradition Some are deeply religious others are haunted by God and the divine mystery Contemporary Religious Poetry Paul Ramsey, 1987 An anthology of religious poetry written between 1950 and the present that will aid in the study of the religious tradition in poetry The Religious Spirit in the Poets William Boyd Carpenter, 1901 **Poetry and the Religious Imagination** Dr David Lonsdale, Dr Francesca Bugliani Knox, 2015-01-28 What is the role of spiritual experience in poetry How do poetic imagination and religious beliefs interact Exploring such questions through the concept of the religious imagination this book integrates interdisciplinary research in the area of poetry on the one hand and theology

philosophy and Christian spirituality on the other Established theologians philosophers literary critics and creative writers explain the primary role of imagination in the writing and reading of poetry **Interpretations of Poetry and Religion**

Society, Religion, and Poetry in Pre-Islamic Arabia Ibrahim A. Mumayiz,2010 The growing diversity of our society means that we are increasingly confronted with foreign cultures and their art forms The Western Canon has in recent years lost some of its monopoly in favor of influences from the Middle and Far East This offers quite a few new perspectives but for these cultures it is not always self evident to find their way to a Western audience The different language the lack of familiarity with Arabic society and several other cultural aspects hinder an easy access and interest This is definitely the case for early Arabic literature One of the most important poetic works from pre Islamic Arabia is The Mu allaqat or The Hanging Poems These odes can be considered as the best poetic work in a tradition that spans six centuries from the first to the sixth century AD They describe in poetic form the early Arabic life of the bedouin communities in great detail and are widely read praised and studied in Arabic schools and universities This book is devoted to making these odes accesible for a Western audience The first part consists of seven essays that provide a thorough insight of the society in which these odes originated with sharp critical analyses of the country its overview of pre Islamic Arabia with an emphasis on the influence of Christianity the Nabataeans the reign of the fourth century Queen Mavia and an analysis of the structure of pre Islamic poetry The second part consists of a poetic translation of The Mu allaqat in English Series Arabic Literature Unveiled Vol 1 Subject Arabic Studies Sociology Poetry History Literature Faith in Poetry Michael D. Hurley,2017-11-16 In this ambitious book Michael D Hurley explores how five great writers William Blake Alfred Tennyson Christina Rossetti Gerard Manley Hopkins and T S Eliot engaged their religious faith in poetry with a view to asking why they chose that literary form in the first place What did they believe poetry could say or do that other kinds of language or expression could not And how might poetry itself operate as a unique mode of believing These deep questions meet at the crossroads of poetics and metaphysics and the writers considered here offer different answers But these writers also collectively shed light on the interplay between literature and theology across the long nineteenth century at a time when the authority and practice of both was being fiercely reimagined *A Collection about Religion* Kristy Thomas,2013-09-01 *Humanism and Religion* Jens Zimmermann,2012-01-26 The question of who we are and what vision of humanity we assume in Western culture lies at the heart of hotly debated questions on the role of religion in education politics and culture in general The need for recovering a

greater purpose for social practices is indicated for example by the rapidly increasing number of publications on the demise of higher education lamenting the fragmentation of knowledge and university culture's surrender to market driven pragmatism The West's cultural rootlessness and lack of cultural identity are also revealed by the failure of multiculturalism to integrate religiously vibrant immigrant cultures A main cause of the West's cultural malaise is the long standing separation of reason and faith Jens Zimmermann suggests that the West can rearticulate its identity and renew its cultural purpose by recovering the humanistic ethos that originally shaped Western culture In tracing the religious roots of humanism from patristic theology through the Renaissance into modern philosophy we find that humanism was originally based on the correlation of reason and faith In this book the author combines humanism religion and hermeneutic philosophy to re-imagine humanism for our current cultural and intellectual climate The hope of this recovery is for humanism to become what Charles Taylor has called a social imaginary an internalized vision of what it means to be human This vision will encourage once again the correlation of reason and faith in order to overcome current cultural impasses such as those posed for example by religious and secularist fundamentalisms

Menken was the most highly paid and most scandalous stage performer of the 1860s. She is also one of the most fascinating and unconventional writers in American literary history and the first to follow the revolution in poetry started by Whitman's *Leaves of Grass*. This edition presents for the first time a generous selection of Menken's uncollected poems and essays along with the first edition of *Infelicia* (1868), her only book. Also included is a range of carefully selected appendices that help contextualize Menken's writings in terms of theater, Judaism, Bohemianism, women's rights, and women writers.

**A
Threefold Cord; Poems of Religion, Literature and Humanity**

C. W. Pearson (1846-1905), 2025-05-22

A Threefold Cord: Poems of Religion, Literature and Humanity is a collection of poems by C. W. Pearson reflecting on themes of faith, human existence, and the power of literature. Written in the late 19th century and published in 1908, the poems offer a glimpse into the author's spiritual and intellectual world. This collection explores the intersections of religious belief, literary expression, and a deep concern for humanity's shared experience. Readers interested in classic poetry with a focus on spirituality and the human condition will appreciate the thoughtful verses contained within this volume.
