## **Religion Education And The Supreme Court:**

*Mere Creatures of the State?* William Bentley Ball, 1994      **Education, Religion, and the Supreme Court** Richard C. McMillan, 1979      **Religion, Education, and the Supreme Court** Thayer S. Warshaw, 1979      Supreme Court Decisions Concerning Reading of the Bible and Religious Education in the Public Schools Illinois. Office of the Superintendent of Public Instruction, 1963      **The Church-State Debate** Emma Long, 2012-03-29 The Establishment Clause of the First Amendment governs the relationship between the institutions of the church and those of the state the Supreme Court as arbiter of the Constitution has since 1947 sought to determine where the line between the two should be drawn This book shows how and why the Court drew the line in particular cases and how and why the lines that were drawn by the Court had an impact on the relationship between institutions of government and the Church shaping US politics and society Using the Supreme Court's cases as a framework the book shows how the constitutional underpinnings of church state debates shaped the political economic and social debate on the issue and explores broader debates about religion and American society This book maintains that the Court cases cannot be understood separately from the context from which they arose and that legal factors are only part of a broader picture for a historical understanding of the Court and Establishment Clause cases

**Religion, Education and the State** Mark Strasser, 2016-04-08 In the context of education Church and State issues are of growing importance and appear to be increasingly divisive This volume critically examines the developing jurisprudence relating to religion in the schools beginning with *Everson v Board of Education* where the US Supreme Court discussed the wall of separation between Church and State The study traces both how the Court's views have evolved during this period and how through recharacterizations of past opinions and the facts underlying them the Court has appeared to interpret Establishment Clause guarantees in light of the past jurisprudence when in reality that jurisprudence has been turned on its head The Court not only offers an unstable jurisprudence that is more likely to promote than avoid the problems that the Establishment Clause was designed to prevent but approaches Establishment Clause issues in a way that decreases the likelihood that an acceptable compromise on these important issues can be reached The study focuses on the situation in the US but the important issue of religion education and the state has great relevance in many jurisdictions      *The Supreme Court and the Religion-education Controversy* J. Stephen O'Brien, Richard S. Vacca, 1974      Religion, Public Education, and the Supreme Court James S. Ackerman, Thayer S. Warshaw, Indiana University. Summer Institute on Teaching the Bible, 1974

educational value The development of this Handbook rests on the further assumption that interreligious education has an important role in elucidating the global demand for human rights justice and peace Interreligious education reveals that the creeds and holy books of the world's religions teach about spiritual systems that reject violence and the individualistic pursuit of economic and political gain and call their followers to compassion for every human being It also seeks to lead students to an awareness that the followers of religions across the world need to be and to grow in dialogical relationships of respect and understanding An essential aim of interreligious education is the promotion of understanding and engagement between people of different religions and therefore it has great potential to contribute to the common good of the global community Interreligious education has grown from the interfaith movement whose beginning is usually identified with the World Parliament of Religions held in Chicago in 1893 This was the first time in history that leaders of the eastern and western religions had come together for dialogue and to consider working together for global unity Education Legislation--1963, Hearings...88-1 United States. Congress. Senate.
