Religion In A Free Society:

A Declaration and Constitution for a Free Society Brian P. Simpson, 2021-03-09 What are individual rights What is freedom How are they related to each other Why are they so crucial to human life How do you protect them These are some of the questions that A Declaration and Constitution for a Free Society answers The book uses Objectivist philosophy the philosophy of Ayn Rand to analyze subjective intrinsic and objective theories of rights and show why rights and freedom are objective necessities of human life This knowledge is then used to make changes to the Declaration of Independence and U S Constitution Through these changes the book shows the fundamental legal requirements of a free society and why we should create such a society It demonstrates why a free society is morally politically and economically beneficial to human beings

Religion in America John Cogley, 1958 Eleven distinguished American thinkers have joined to direct their attention to the relation of religion to American society the problem of religious pluralism the conflict of public and parochial education the issue of censorship and pressure lastly the role both of freedom and religion in a democratic society **Identifying a Free Society** Milan Zafirovski, 2017-05-15 In Identifying a Free Society Milan Zafirovski offers a holistic sociological approach to modern free society as a total social system The book examines the main conditions and indicators of modern free society such as democracy a free economy a free culture and a free civil society hence political economic cultural and individual liberty entwined with equality and justice It provides specific and aggregate free society estimates for Western and related societies based on a variety of objective rankings data and reports On the basis of these estimates the book identifies liberal societies as the freest as a whole and their anti liberal opposites as the most unfree **Jews in a Free Society**

Edward A. Goldman, 1978-12-31 This volume contains the lectures which the faculty of the Cincinnati School of Hebrew Union College Jewish Institute of Religion presented to the larger community during the College Centennial Year They are lectures by scholars moving out of the strict confines of their specialty and addressing a lay audience at large spreading Jewish information filtered through the channels of Jewish learning and representing a discussion of contemporary problems and concerns in the light of scholarly findings The convergence of the College Centennial and the national Bicentennial provided a unique occasion to assess the interrelationship between America and American Jewry Each lecturer therefore applied the insights of his own discipline to the situation of contemporary Jewish life in America elucidating both the challenges and the opportunities The lectures deal with the American Jewish Experience the history the sociology the artistic creativity and the ways in which the ancient legacy of religious ideas and literature can thrive in a free democracy The thirteen lectures published in this volume are by Professors Sheldon H Blank Herbert C Brichto Samuel Greengus Robert L Katz Jacob R Marcus Michael A Meyer Eugene Mihaly Jakob J Petuchowski Alvin J Reines Ellis Rivkin Samuel Sandmel Sylvan D Schwartzman and David B Weisberg Dr Alfred Gottschalk President of the College contributed an introductory essay on The Public Function of the Jewish Scholar **A Free Society Reader** Michael Novak, William Brailsford, Cornelis

Heesters,2000-01-01 A Free Society Reader rises to the challenge of freedom in the twenty first century offering thoughts and insights with significant implications for citizens of today s brand new world Our era s most prominent figures in the fields of Christianity and liberty speak about Pope John Paul II s vision of a free society conceptualize Christianity and political economy debate issues of democracy and the free society and question the role of culture Together for the first time in one volume these preeminent thinkers provide inspiration and insight to scholars students and general readers charting the enormous changes the new millennium has seen **Sociology for the South, or the failure of free society** George FITZHUGH,1854 **Religion and the Free Society** Fund for the Republic,William Lee Miller,1958 Champions of a Free Society Edward Wayne Younkins,2008-01-01 This book is constructed around great thinkers of the past and present who have been influential in developing the philosophy of freedom Its main purpose is to provide a survey and overview of the ideas of leading individual philosophers and economists of capitalism who have contributed to developing what might be called the classical liberal or libertarian worldview Champions of a Free Society endeavors to provide a guide to political and economic thinking about the desirability and construction of a free society that is intelligible to the educated layperson Edward Younkins provides an historical perspective of the pursuit of political and economic truth The goal of this book is to present the development of ideas in language that permits generally educated readers to understand and appreciate their significance The book s chronological approach considers the thinkers and their ideas as they have developed over the course of time There is much unfulfilled illuminative potential to be found in the ideas of the past and Younkins successfully integrates the ideas of past and current thinkers into a logical contemporary worldview Modern Free Society and Its Nemesis Milan Zafirovski,2007-01-01 Modern Free Society and Its Nemesis explores whether and to what extent conservatism represents a negation to free society and liberty in Western countries Egalitarianism of the Free Society Robert Corfe,2008 This volume presents the new realities in the spheres of social life as an introduction to the author s forthcoming three volume work on Social Capitalism which concentrates on the shattering economic and political changes in the contemporary world **Foundations of a Free Society** Gregory Salmieri,Robert Mayhew,2019-03-15 Foundations of a Free Society brings together some of the most knowledgeable Ayn Rand scholars and proponents of her philosophy as well as notable critics putting them in conversation with other intellectuals who also see themselves as defenders of capitalism and individual liberty United by the view that there is something importantly right though perhaps also much wrong in Rand s political philosophy contributors reflect on her views with the hope of furthering our understandings of what sort of society is best and why The volume provides a robust elaboration and defense of the foundation of Rand s political philosophy in the principle that force paralyzes and negates the functioning of reason it offers an in depth scholarly discussion of Rand s view on the nature of individual rights and the role of government in defending them it deals extensively with the similarities and differences between Rand s thought and the libertarian tradition to which she is often assimilated and objections to her

positions arising from this tradition it explores Rand's relation to the classical liberal tradition specifically with regard to her defense of freedom of the intellect and it discusses her views on the free market with special attention to the relation between these views and those of the Austrian school of economics The State and the Church in a Free Society ,

Islamic Foundations of a Free Society Mustafa Acar, Souad Adnane, Azhar Aslam, Hasan Yücel Başdemir, Kathya Berrada, Maszlee Malik, Youcef Maouchi, Hicham El Moussaoui, M. A. Muqtedar Khan, Bican Şahin, Atilla Yayla, 2016-09-12 Islam is growing rapidly both in its traditional homelands and in the West Some in the West view Islam with a mixture of fear and suspicion However it is also fair to say that there is widespread ignorance about Islam and especially about its relationship to political systems and the economy Is Islam compatible with a free society and a free economy Is the fact that many Muslim majority states do not have free economies or polities a result of an incompatibility between Islam and political and economic freedom or does it result from an unfortunate series of historical events What role has past colonialism played in encouraging Muslim extremism Exactly what does Islam have to say about freedom in economic political and religious life This book written by a range of Islamic scholars sheds a great deal of light on these crucial questions It is an important book for those in the West who need to understand Islam better It is also important for those in Muslim countries who can influence the development of political systems and economic policy The publication of this book could not be more timely

The Challenge of Crime in a Free Society United States. President's Commission on Law Enforcement and Administration of Justice, 1967 This report of the President's Commission on Law Enforcement and Administration of Justice established by President Lyndon Johnson on July 23 1965 addresses the causes of crime and delinquency and recommends how to prevent crime and delinquency and improve law enforcement and the administration of criminal justice In developing its findings and recommendations the Commission held three national conferences conducted five national surveys held hundreds of meetings and interviewed tens of thousands of individuals Separate chapters of this report discuss crime in America juvenile delinquency the police the courts corrections organized crime narcotics and drug abuse drunkenness offenses gun control science and technology and research as an instrument for reform Significant data were generated by the Commission's National Survey of Criminal Victims the first of its kind conducted on such a scope The survey found that not only do Americans experience far more crime than they report to the police but they talk about crime and the reports of crime engender such fear among citizens that the basic quality of life of many Americans has eroded The core conclusion of the Commission however is that a significant reduction in crime can be achieved if the Commission's recommendations some 200 are implemented The recommendations call for a cooperative attack on crime by the Federal Government the States the counties the cities civic organizations religious institutions business groups and individual citizens They propose basic changes in the operations of police schools prosecutors employment agencies defenders social workers prisons housing authorities and probation and parole officers **Science in a Free Society** Paul Feyerabend, 2017-11-10 No study in the

philosophy of science created such controversy in the seventies as Paul Feyerabend's *Against Method*. In this work Feyerabend reviews that controversy and extends his critique beyond the problem of scientific rules and methods to the social function and direction of science today. In the first part of the book he launches a sustained and irreverent attack on the prestige of science in the West. The lofty authority of the expert claimed by scientists is he argues incompatible with any genuine democracy and often merely serves to conceal entrenched prejudices and divided opinions with the scientific community itself. Feyerabend insists that these can and should be subjected to the arbitration of the lay population whose closest interests they constantly affect as struggles over atomic energy programs so powerfully attest. Calling for far greater diversity in the content of education to facilitate democratic decisions over such issues, Feyerabend recounts the origin and development of his own ideas successively engaged by Brecht, Ehrenhaft, Popper, Mill and Lakatos in a spirited intellectual self-portrait. *Science in a Free Society* is a striking intervention into one of the most topical debates in contemporary culture and politics.

Political Discipline in a Free Society H. J. Blackham, 2013-04-15 This book traces the rise and fall of political philosophies since the 17th century. The second part of the book shows how the general technique of cumulative learning from experience applies to social legislation and social services, party politics to defence strategy and to the trends that follow the modern explosion of knowledge and capital. The main argument is that social control is at its best a deliberate joint creation of and learning from social experience and in this sense political discipline although not the same as logical or scientific discipline is like them a submission to form not force. The book gives a definite meaning to the idea of human progress and finds reason for a restoration of political hope and faith.

Religion and the Free Society William Lee Miller, 1960 **Drug Control in a Free Society** James B. Bakalar, Lester Grinspoon, 1988-04-29 This book offers a provocative analysis of controlling alcohol and drugs in industrial societies.

Jurisprudence for a Free Society Harold Dwight Lasswell, Myres Smith Macdougall, 1992-03-26 *Jurisprudence for a Free Society* is a remarkable contribution to legal theory. In its comprehensiveness and systematic elaboration it stands among the major theories. It is also the most important jurisprudential statement to emerge in the post-war period. The pioneering work of Lasswell and McDougall on law and policy is already legendary. Most of the work produced by these scholars together and in collaboration with their students represent applications of their basic theory to a wide assortment of international and national legal and policy problems. Now for the first time the authoritative statement of their legal philosophy appears as a single volume. In Part I the authors develop their fundamental criteria for a theory about law including the requirements of clarifying observational standpoint, focus of inquiry and the pertinent intellectual tasks incumbent on the scholar and decisionmaker for determining and achieving common interests. Trends in theories about law including Natural Law, the Historical School, Positivism, the Sociological Study of Law, American Legal Realism and other

contemporary theories are explored for what they might contribute to the achievement to the authors conception of an adequate jurisprudence In Part II the social process as a whole and the particular value institutional processes that comprise it are described and analyzed Because people establish maintain and change institutions the dynamics of personality and personality s relation to law is delineated Part III explores the intellectual tasks of policy thinking from clarification of values through description of trend the scientific examination of conditions projection of future developments and the invention of alternatives Part IV examines the structure of decision in a free society a society in which the achievement of human dignity is confirmed in both word and deed Six appendices bring together monographs by the authors over a period of forty years which deal in more detail with particular matters treated in the body of the book
