Religion In Social Context Tradition And Transition:

Religion in social context: tradition and transition Nicholas J. Demerath, Phillip E. Hammond, *Religion in social context* Nicholas Jay Demerath, Phillip E. Hammond, 1969 **Religion in Social Context** Nicholas Jay Demerath, 1969

The SAGE Handbook of the Sociology of Religion James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook s 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009 **American Congregations, Volume 2** James P. Wind, James W. Lewis, 1998-09 Continuing this two part series on American religion Volume 2 addresses three questions Where is the congregation located on the broader map of American cultural and religious life What are congregations distinctive roles in American culture And what patterns of leadership characterize congregations in America The Consciousness Reformation Robert Wuthnow, 2023-11-15 The late 1960s and early 1970s marked an era of profound social experimentation and cultural transformation This period saw an explosion of countercultural movements ranging from communes and alternative family structures to radical political organizations like SDS Students for a Democratic Society and SLA Symbionese Liberation Army Alongside these visible upheavals subtler shifts occurred in societal attitudes toward sexuality race religion and politics

reflecting a broader reimagining of fundamental social norms These changes collectively signify a pivotal moment in American history with enduring implications for understanding social conflict and transformation This book seeks to explain the underlying forces driving these shifts by focusing on what we term the new consciousness a cultural evolution that legitimized and encouraged social experimentation Departing from traditional analyses that attribute unrest to economic or institutional strains this study explores symbolic cultural constructions and their role in reshaping societal values By emphasizing how individuals interpret their circumstances rather than solely examining objective conditions we align with theoretical traditions like those of Weber and symbolic interactionism Our inquiry examines four dominant meaning systems in American culture Theism Individualism Social Determinism and Mysticism and their varying relationships with social experimentation aiming to uncover how these symbolic frameworks influence attitudes behaviors and societal change This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976

Politics and Religious Consciousness in America Kelly,1984 *Politics and Religious Consciousness in America* George Armstrong Kelly,2017-07-12 This exploration of the tensions of politics and religion in the United States from its earliest settlement to contemporary times is the first coherent history of American religious thought and practice within the context of politics Kelly sets forth a chronology and topology of the patterns of collaboration competition and interaction of politics and religion in America

Religion, the Social Context Meredith B. McGuire,1992 Drawing from the work of theorists of a wide ideological range McGuire provides an integrative framework in which to examine key issues in the sociology of religion

Faith and Economic Practice Paul Heidebrecht,2020-10-29 First published in 1989 *Faith and Economic Practice* Protestant Businessmen in Chicago 1900 1920 ponders the role that religion played in North American society in the 20th Century Written against the backdrop of a religious resurgence in American society represented by such phenomena as the Moral Majority television preachers prayer breakfasts parochial schools brainwashing cults anti pornography campaigns and organizations established for the purpose of restoring Judeo Christian values the volume examines both the religious milieu and the larger environment in which it functions Through studying businessmen in Chicago who were both leading actors in a capitalist society and Protestant church members with personal religious agendas the book explores the interactions between religious expression and economic order and the role of religion in capitalism with the purpose of assessing the extent to which their religious views were shaped by their business experience and social outlook as the wealthy elite of society

Indicators of Social Change Eleanor Bernert Sheldon,Wilbert E. Moore,1968-12-31 Includes many original contributions by an assembly of distinguished social scientists They set forth the main features of a changing American society how its organization for accomplishing major social change has evolved and how its benefits and

deficits are distributed among the various parts of the population Theoretical developments in the social sciences and the vast impact of current events have contributed to a resurgence of interest in social change in its causes measurement and possible prediction These essays analyze what we know and examine what we need to know in the study prediction and possible control of social change The Precarious Organisation Mady A. Thung,2016-05-24 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series **The Protestant Ethic and the Spirit of Sport** Steven J. Overman,2011 Steven Overman explores the concordant values of the Protestant ethic capitalism and sport by applying German scholar Max Weber s seminal thesis Weber demonstrated a relationship between the Protestant ethic and a form of economic behavior he labeled the calling of capitalism **Acts of Faith** Rodney Stark,Roger Finke,2000-08-01 Finally social scientists have begun to attempt to understand religious behavior rather than to discredit it as irrational ignorant or foolish and Rodney Stark and Roger Finke have played a major role in this new approach Acknowledging that science cannot assess the supernatural side of religion and therefore should not claim to do so Stark and Finke analyze the observable human side of faith In clear and engaging prose the authors combine explicit theorizing with animated discussions as they move from considering the religiousness of individuals to the dynamics of religious groups and then to the religious workings of entire societies as religious groups contend for support The result is a comprehensive new paradigm for the social scientific study of religion Mainline Christianity Jason S Lantzer,2023-11-21 Since the Revolutionary War Mainline Christianity has been comprised of the Seven Sisters of American Protestantism the Congregational Church the Episcopal Church the Evangelical Lutheran Church the Presbyterian Church the United Methodist Church the American Baptist Convention and the Disciples of Christ These denominations have been the dominant cultural representatives since the nineteenth century of how and where the majority of American Christians worship Today however the Seven Sisters no longer represent most American Christians The Mainline has been shrinking while evangelical and fundamentalist churches as well as non denominational congregations and mega churches have been attracting more and more members In this comprehensive and accessible book Jason S Lantzer chronicles the rise and fall of the Seven Sisters documenting the ways in which they stopped shaping American culture and began to be shaped by it After reviewing and critiquing the standard decline narrative of the Mainline he argues for a reconceptualization of the Mainline for the twenty first century a new grouping of Seven Sisters that seeks to recognize the vibrancy of American Christianity

Religion Meredith B. McGuire, 2008-04-10 In this insightful examination of religions in their local and global context the author shows how analyzing religions social context helps us understand individuals lives social movements national and ethnic politics and widespread social changes Well researched and theory based the text is filled with intriguing anecdotes empirical data thought provoking discussions of both mainstream and nonofficial religions and historical and contemporary examples that illustrate the interplay between religion and society across cultures This volume takes an integrated approach to examining religion and includes cross cultural historical and methodological viewpoints Readers will learn to identify the complex interactions between religion and societal contexts as well as the ways in which these interactions shape individuals communities national politics and the world

The IRA James C. Dingley, 2012-10-02 Authored by an individual with 30 years of experience studying terrorism as well as access to the most senior counter terrorist army and police officers combating the IRA this book provides the first complete analysis of the world s premier terrorist group to explain them in ideological as well as operational terms The IRA The Irish Republican Army begins by examining the historical background to the development of the IRA the group s basic ideology and its aims and objectives The second part of the book concentrates on the IRA specifically the Provisional IRA as a contemporary phenomenon explaining its organization how it operates who joins the IRA and why The book explores how the IRA was formed from a Romantic reaction against modernity and is an expression of a vehement rejection of the liberal individualist and scientific values of the Enlightenment The IRA s attachment to violence almost as an end in itself its conflation of Catholicism with Irish ness its rejection of big business for peasant proprietor economics and its disregard for individual rights in pursuit of group rights is explained in terms of the groups scholastic Catholicism foundation For academic audiences in Irish studies politics sociology history and security and defense studies as well as professional security forces and interested general readers with an interest in current affairs this book supplies a wholly new perspective on both the IRA and terrorism in general

Mexican Americans Across Generations Jessica M. Vasquez, 2011-04-18 Studies middle class Mexican American families across three generations and their experiences of racism and assimilation

The Politics of the Sacred in America Anthony Squiers, 2017-12-21 This book provides a comprehensive investigation of the political dimensions of civil religion in the United States By employing an original social psychological theory rooted in semiotics it offers a qualitative and quantitative empirical examination of more than fifty years of political rhetoric Further it presents two in depth case studies that examine how the cultural totemic sign of the Founding Fathers and the signs of America s sacred texts the Constitution and the Declaration of Independence are used in attempts to link partisan policy positions with notions that the country collectively holds sacred The book s overarching thesis is that America s civil religion serves as a discursive framework for the country s politics of the sacred mediating the demands of particularistic interests and social solidarity through the interaction of social belief and institutional politics like elections and the Supreme Court The book penetrates America s unique political religiosity to reveal

and unravel the intricate ways in which politics political institutions religion and culture intertwine in the United States

The World's Religions Peter B. Clarke, Peter Beyer, 2009-05-07 This comprehensive volume focuses on the world's religions and the changes they have undergone as they become more global and diverse in form It explores the religions of the world not only in the regions with which they have been historically associated but also looks at the new cultural and religious contexts in which they are developing It considers the role of migration in the spread of religions by examining the issues raised for modern societies by the increasing interaction of different religions The volume also addresses such central questions as the dynamics of religious innovation which is evidenced in the rise and impact of new religious and new spirituality movements in every continent

Religion In Social Context Tradition And Transition Introduction

In the digital age, access to information has become easier than ever before. The ability to download Religion In Social Context Tradition And Transition has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Religion In Social Context Tradition And Transition has opened up a world of possibilities. Downloading Religion In Social Context Tradition And Transition provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Religion In Social Context Tradition And Transition has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Religion In Social Context Tradition And Transition. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Religion In Social Context Tradition And Transition. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Religion In Social Context Tradition And Transition, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and

validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Religion In Social Context Tradition And Transition has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Religion In Social Context Tradition And Transition Books
