Christopher Augustus Bixel Tirkey

Religion Primal Religions

Gillian M. Bediako

Religion Primal Religions:

Religion Christopher Augustus Bixel Tirkey, I.S.P.C.K. (Organization), 1998 Primal Religion and the Bible Gillian M. Bediako, 1997-01-01 This important study of the published and unpublished writings of Scotland's most brilliant and controversial nineteenth century theologian focuses on his concern to situate biblical religion within the context of the primal religions of Israel's neighbours. The book explores the implications of the relationship between the Christian faith and primal religion. Robertson Smith has still a contribution to make to contemporary discussion of the phenomenology of the Christian faith and Christian responses to religious pluralism *A Primal Perspective on the Philosophy of Religion* Arvind Sharma, 2006-09-09 What am I trying to accomplish through the exercise which I have undertaken namely to examine the philosophy of religion in the light of primal religions? If to choose someone else's expression to characterize one's own intellectual endeavour is an indication of one's own lack of imagination then I must plead guilty to that charge but not to that of lack of gratitude for I have to thank Robin Horton for describing better than I can what I have attempted in the book. It is an exercise in what he calls translational understanding. I quote him now: By translational understanding I mean the kind of understanding of a particular thought system that results from the successful translation of the language and conceptual system that embody it into terms of a language and conceptual system that currently enjoy world status. In talking of translation of course I am not just talking of the provision of dictionary equivalents for individual words or sentences. I am talking about finding a world language equivalent for a whole realm of discourse and of showing in world language terms what the point of that realm of discourse is in the life of the people who use it. Translation in this broader sense can be very arduous. There may be no realm of discourse in the world language that exactly fits the bill. We may have to bend and refashion existing realms and even redefine their guiding intentions **Primal Religions Worldwide** S. A. Thorpe, 1992 This book is intended for the undergraduate student or general reader who wishes to have a brief review of the many traditional religious approaches which are still practised to a greater or lesser degree particularly in Asia, Africa and Australia **A Guide to the Phenomenology of Religion** James Cox, 2006-08-15 Provides an introduction and overview to the Phenomenology of Religion through describing, analysing and evaluating the ideas of key thinkers in the phenomenology of religion. This book also examines the thinking of scholars within the Dutch, British and North American schools of religious phenomenology **A Guide to Religious Thought and Practices** Santanu K. Patro, 2015-07-01 A Guide to Religious Thought and Practices devotes a chapter to each of the world religions, all but one of which are written by a member of that faith community. Readers thus gain insiders' views into the theology, spirituality and religious practice of each faith. The introduction encourages respect and engagement with those of other faiths. The book emphasizes the cultural nature of religion and its importance to society and it notes the rise of interest in the study of religious traditions in the face of contemporary geopolitics **Religion** Seth Daniel Kunin, 2003 Over the course of the twentieth century the way we

understand the religious experience has been transformed Various thinkers and intellectual approaches have shaped the ways in which scholars examine rituals symbols and belief systems In *Recent Reference Books in Religion* William M. Johnston, 2014-01-27 *Recent Reference Books in Religion* provides incisive summaries and evaluations of more than 350 contemporary reference works on religious traditions ancient and modern that have been published in English French and German For maximum usefulness to readers Professor Johnston has broadly defined religion to include not just the world religion of Christianity Judaism Islam Hinduism and Buddhism but also such alternative approaches as mythology folklore and the philosophy of ethics Each entry analyzing a particular work includes full bibliographic details as well as commentary outstanding articles and contributors are highlighted strengths and weaknesses are carefully noted and weighed Readers are directed to volumes whose strengths and weaknesses are carefully noted and weighed Readers are directed to volumes whose strengths complement the weaknesses of others An indispensable guide in any religious studies collection *Recent Reference Books in Religion* 2nd Edition includes works published through the end of 1997 It also includes a Glossary that describes types and functions of reference books and five indexes Titles Authors Topics Persons and Places

Understanding Religion Moojan Momen, 2019-06-20 With the aid of hundreds of photographs an in depth exploration of the role of religion An innovative thematic presentation of the role of religion in human society from traditional cultures to the modern world this comprehensive account will prove invaluable for students experts or the interested general readers seeking an understanding of the nature and significance of diverse religious experience Drawing from all major religious traditions in the world as well as a variety of non religious disciplines such as psychology philosophy and sociology Momen s informative study covers everything from art and history to theology and the World Wide Web *Christianity and Religious Plurality* Wilbert R. Shenk, Richard J. Plantinga, 2016-10-11 Over the past two centuries the Christian faith has spread to all continents Although more global than ever Christians are religious minorities in most societies Religious freedom is hardly universal In the past fifty years millions of people have been uprooted from their traditional homelands in Asia Africa and Latin America Some have emigrated to Western Europe and North America The West has become the scene of cultural linguistic and religious variety on a scale unimagined in 1900 Today the full range of faiths and religious practices from all continents are present in Europe and North America Christians are challenged to come to terms with this changed situation These developments have intensified religious plurality Christians all over the world are being urged to understand and engage with this new situation This volume highlights this new reality and specifies some sources for engagement not least among them the Judeo Christian scriptures fundamental to all Christianities that emerged out of religious plural contexts On the basis of their faith in the Triune God disclosed in this text all followers of Jesus Christ must interact with these opportunities in today s radically context sensitive world *Problematizing Religious Freedom* Arvind Sharma, 2011-08-08 The concept of religious freedom is the favoured modern human rights concept with which the modern world hopes to tackle

the phenomenon of religious pluralism as our modern existence in an electronically shrinking globe comes to be increasingly characterised by this phenomenon To begin with the concept of religious freedom as embodied in Article 18 of the Universal Declaration of Human Rights seems self evident in nature It is the claim of this book however that although emblematic on the one hand the concept is also problematic on the other and the implications of the concept of religious freedom are far from self evident despite the ready acceptance the term receives as embodying a worthwhile goal This book therefore problematizes the concept along legal constitutional ethical and theological lines and especially from the perspective of religious studies so that religious freedom in the world could be enlarged in a way which promotes human flourishing

African Christian God-talk George F. Pickens, 2004 Pickens mission and cultural studies Kentucky Christian College examines Matthew Ajuoga s description of his role in the development of a very significant African Initiated Church AIC and the story of his life and Christian experience Ajuoga a key figure in the East African Revival of the late 1950s was a leader in the establishment of the Church of Christ in Africa Johera along with 16 000 former Anglican communicants and a handful of priests in Kenya Pickens has collected and presented Ajuoga s largely oral Johera Narrative complete with commentary and resources which heretofore had only been available within Ajuoga s immediate religious community In doing so Pickens has not only illuminated the largely unnoticed AIC movement but also created a template for similar work by scholars working with nontraditional primary sources Annotation 2004 Book News Inc Portland OR booknews com Jesus and the Gospel in Africa Kwame Bediako, 2004 Deep Religious Pluralism David Ray Griffin, 2005-01-01 A groundbreaking scholarly work Deep Religious Pluralism is based on the conviction that the philosophy articulated by Alfred North Whitehead encourages not only religious diversity but deep religious pluralism Arising from a 2003 Center for Process Studies conference at Claremont Graduate University this book offers an alternative to the version of religious pluralism that has dominated the recent discussion especially among Christian thinkers in the West which has evoked a growing call to reject pluralism as such Renowned contributors of a diversity of faiths include Steve Odin John Shunji Yakota Sandra B Lubarsky Jeffery D Long Mustafa Ruzgar Christopher Ives Michael Lodahl Chung ying Cheng Wang Shik Jang and John B Cobb Jr *Epistemics of Divine Reality* Domenic Marbaniang, 2017-08-18 What Knowledge Claims of God Involve This book investigates the various traditions like monism polytheism pantheism panentheism and approaches such as foundationalism fideism pragmatism and rational fideism This book was originally the PhD thesis of the writer submitted to ACTS Academy in 2007 **Religion in World History** John C. Super, Briane K. Turley, 2006-08-21 Examining the value of religion for interpreting the human experience in the past and present this authoritative book is one of the few to examine religion s role in geo political affairs **In the Courts of the Conqueror** Walter R Echo-Hawk, 2018-03-26 Now in paperback an important account of ten Supreme Court cases that changed the fate of Native Americans providing the contemporary historical political context of each case and explaining how the decisions have adversely affected the cultural survival of Native people to this day *The*

World's Religious Traditions Frank Whaling, 2016-10-06 The aim of this book is to make a major contribution to the field of religious studies while at the same time paying tribute to the work of Wilfred Smith Although the basis of the chapters is provided by Smith's themes of faith and tradition and Smith's approach to the study of religion this book stands in its own right as a significant addition to both content and method in the global history of religions First published in 1984 it includes contributions by Geoffrey Parrinder Annemarie Schimmel George Rupp Ninian Smart and others

African Identities and World Christianity in the Twentieth Century Klaus Koschorke, Jens Holger Schjørring, 2005 The map of global Christianity continues to undergo dramatic changes and on this map Africa comes to the fore The proceedings of the Third International Conference at Munich Freising on the History of Christianity in the Non Western World seek to respond to the growing importance of Africa in the context of World Christianity Prominent scholars from Africa and Europe deal with the manifold manifestations of African Christianity in the 20th century and the various ways in which African and Christian identities were formulated and interacted with each other The negotiation of the local and the global in the process of forming African churches is discussed as is the question of the impact of internal African debates and developments on global ecumenical discussions From the table of contents 16 contributions O U Kalu A Trail of Ferment in African Christianity Ethiopianism Prophetism Pentecostalism K Ward African identities in the historic Mainline Churches A case study of the negotiation of local and global within African Anglicanism A Anderson African Independent Churches and Global Pentecostalism Historical Connections and Common Identities E Kamphausen African Cry Anmerkungen zur Entstehungsgeschichte einer kontextuellen Befreiungstheologie in Afrika A Adamavi Aho Ekue Troubled but not destroyed The development of African Theologies and the paradigm of the Theology of reconstruction K Hock Appropriated Vibrancy Immediacy as a Formative Element in African Theologies

The Joy of Religious Pluralism Phan, Peter C., 2017-02-16
