Religions Mythologies Folklores:

Religions, Mythologies, Folklores Katharine Smith Diehl, 1956 *Other Peoples' Myths* Wendy Doniger, 1995-11 *Other People's Myths* celebrates the universal art of storytelling and the rich diversity of stories that people live by Drawing on Biblical parables Greek myths Hindu epics and the modern mythologies of Woody Allen and soap operas Wendy Doniger O Flaherty encourages us to feel anew the force of myth and tradition in our lives and in the lives of other cultures She shows how the stories of mythology whether of Greek gods Chinese sages or Polish rabbis enable all cultures to define themselves She raises critical questions about the way we interpret mythical stories especially the way different cultures make use of central texts and traditions And she offers a sophisticated way of looking at the roles myths play in all cultures A Dictionary of Albanian Religion, Mythology, and Folk Culture Robert Elsie, 2001 In some senses Albania is a living museum of the past Originally a small herding community in the most inaccessible reaches of the Balkans the presence of Albanians in southeastern Europe has been documented for over a thousand years Albanian traditional folk culture which evolved over centuries of relative isolation is surprisingly rich Yet despite recent events this culture remains little known to the Western world Due to the lasting effects of a half century of Stalinist dictatorship very few individuals even in Albania know much about their own popular traditions The Dictionary of Albanian Religion Mythology and Folk Culture makes available for the first time a wealth of knowledge about Albanian popular belief and folk customs Alphabetical entries shed light on blood feuding figures of Albanian mythology religious beliefs communities and sects calendar feasts and rituals and popular superstitions as well as birth marriage and funeral customs and sexual mores This unique volume will stand as the standard reference work on the subject for years to come **Bible Myths, and Their Parallels in Other Religions** Thomas William Doane, 1883 **The Role of Mythology in Religion: A Simple Guide to Big Ideas** Nova Martian, 2025-05-12 In *The Role of Mythology in Religion: A Simple Guide to Big Ideas* readers are invited on an accessible and thought provoking journey through the intricate relationship between myth and faith This illuminating guide unpacks the essential concepts of both mythology and religion tracing their shared origins and addressing common misconceptions Readers will discover how foundational myths not only explain the mysteries of existence but also forge the customs morals and collective identities that have shaped societies across time The book expertly explores universal mythic themes such as creation the hero's journey and life after death while examining the symbolic language and ritual practices that bring these stories to life in major world religions and indigenous traditions alike From the sacred narratives of ancient Egypt and the epics of Hinduism to the mythic reinterpretations found in contemporary spiritual movements each chapter reveals how storytelling forms the backbone of both personal belief and communal worship Themes of authority morality and community are addressed alongside more contemporary topics including the interplay between myth and science and the emergence of new secular myths in modern culture With a clear and engaging style the guide also presents critical frameworks for interpreting and analyzing myths

offering perspectives from comparative studies feminist scholarship and psychological archetypes As it examines how myths persist adapt and underpin social change the book underscores their enduring role in helping humanity grapple with the deepest questions of existence Perfect for curious readers or students seeking a comprehensive introduction this guide affirms that myth far from being obsolete remains a living evolving force at the heart of religious experience and human meaning

Bible Myths and their Parallels in other Religions T. W. Doane,2020-07-16 Bible Myths and their Parallels in other Religions is a study the Old and New Testament Myths and Miracles being compared to mythologies of other nations and religions of ancient times taking in considering their origin and meaning Comparing biblical myths to those of other nations of antiquity the author shows that many of the Bible tales mainly about Jesus and of other legends are often copied or borrowed from the myths of other religions The book gives a good history of how long the idea of the mythological nature of the Jesus in the New Testament has been noted

Christian Mythology Philippe Walter,2014-11-20 Reveals how Christian mythology has more to do with long standing pagan traditions than the Bible Explains how the church fathers knowingly incorporated pagan elements into the Christian faith to ease the transition to the new religion Identifies pagan deities that were incorporated into each of the saints Shows how all the major holidays in the Christian calendar are modeled on pagan rituals and myths including Easter and Christmas In this extensive study of the Christian mythology that animated Europe in the Middle Ages author Philippe Walter reveals how these stories and the holiday traditions connected with them are based on long standing pagan rituals and myths and have very little connection to the Bible The author explains how the church fathers knowingly incorporated pagan elements into the Christian faith to ease the transition to the new religion Rather than tear down the pagan temples in Britain Pope Gregory the Great advised Saint Augustine of Canterbury to add the pagan rituals into the mix of Christian practices and transform the pagan temples into churches Instead of religious conversion it was simply a matter of convincing the populace to include Jesus in their current religious practices Providing extensive documentation Walter shows which major calendar days of the Christian year are founded on pagan rituals and myths including the high holidays of Easter and Christmas Examining hagiographic accounts of the saints he reveals the origin of these symbolic figures in the deities worshipped in pagan Europe for centuries He also explores how the identities of saints and pagan figures became so intermingled that some saints were transformed into pagan incarnations such as Mary Magdalene s conversion into one of the Celtic Ladies of the Lake In revealing the pagan roots of many Christian figures stories and rituals Walter provides a new understanding of the evolution of religious belief
