## **Religious Experience The End Of Metaph:**

*Religious Experience, Justification, and History* Matthew C. Bagger, 1999-11-13 Many philosophers of religion have sought to defend the rationality of religious belief by shifting the burden of proof onto the critic of religious belief Some have appealed to extraordinary religious experience in making their case Religious Experience Justification and History restores neglected explanatory and historical considerations to the debate Through a study of William James it contests the accounts of religious experience offered in recent works Through reflection on the history of philosophy it also unravels the philosophical use of the term justification Matthew Bagger argues that the commitment to supernatural explanations implicit in the religious experiences employed to justify religious belief contradicts the modern ideal of human flourishing For contrast and to demonstrate the indispensability of history he includes a study of Teresa of Avila's mystical theology The controversial supernatural explanations implicit in extraordinary religious experience places the burden of proof on the believer

*Exploring Christian Spirituality* Bruce H. Lescher, Elizabeth Liebert, 2006 Sandra Schneiders commands respect as one of the most significant and influential figures in the emergence of the study of Christian spirituality as an academic discipline as the focused and disciplined exploration of religious experience This book honors her contributions to the field by addressing issues that are emerging at the creative edges of the discipline In this volume colleagues and students of Dr Schneiders and other collaborators in the academic discipline of Christian spirituality examine crucial issues from their various disciplinary and methodological perspectives Questions of methodology address the status of spirituality as a discipline interdisciplinarity and self implication Other essays explore the edges of Christian spirituality and biblical spirituality gender studies the natural sciences nature writing the social sciences and interfaith issues This collection of essays will provoke students and scholars of Christian spirituality as well as practitioners to continue critically thinking discussing writing and practicing it

**Bodies in Society** Margaret R. Miles, 2008-08-01 Education is about learning to think Much of what we call thinking however is a hodge podge of repetitious self talk opinion and cutting and pasting of second hand ideas Moreover thinking in the present has often been alien to scholars who were tempted to think abstractly But life and thought belong together and require each other as Plotinus pointed out many centuries ago The object of contemplation is living and life and the two together are one Ennead 3 8 8 Presently many women and men in the academic world are thinking concretely within the context of their own lives and with acknowledged accountability to broader communities with whom they think and to whom they are answerable The essays in this volume consider Christianity as an aspect of North American culture bringing the critical tools of the academy to thinking about some of the perplexing and pressing problems of contemporary public life Three interactive and interdependent themes traverse these essays gender the effects of media culture and institutions Each of these themes has been central to Margaret Miles's work for thirty years Each understands corporeality as fundamental both to subjectivity and society Miles finds that Christianity critically

appropriated provides ideas and methods for thinking concretely about life in North American society      *Understanding Religious Experiences* J. Harold Ellens, 2007-11-30 Today most people feel less interested in religion and more interested in spirituality If you ask what they mean they will tell you that organized religion tends to turn them off but nonetheless they feel a hunger in the heart that they cannot seem to fill They do not mean that they would rather have disorganized religion they mean that institutional religion does not seem to satisfy their spirits and feel there must be something more some better way of experiencing whatever that is for which they are hungry Much new experimentation is going on as a result Some of it is a search for the meaning to fill the soul and satisfy the spirit much of it is a search for meaning on the spiritual level itself Spirituality reaches always toward the question about the meaning of God the meaning of relationships with others the meaning of intimacy and the meaning of soul gratifying insights into truth Here Ellens carefully and sensitively explores the full range of our spiritual natures and the variety of spiritual experiences of which we are capable describing the way our souls and psyches work in our hunger and thirst for meaning He explains in an enlightening and unconventional way why and how every human desires to reflect upon learn and share a heartfelt experience of God and of others Readers will find in this book a description of the meaning of the biblical stories about spiritual experiences in addition to descriptions of the kinds of spiritual experiences that ordinary people are having how they are achieving them and the ways in which they are filling their lives with meaning that goes beyond the horizons of material life The author paints this picture in such a way as to let us in on what biblically based authentic spirituality and spiritual experience really is and why it may or may not necessarily have anything to do with traditional institutionalized religion He carefully and vividly explains the notion of spirituality as it is illustrated in the Bible and discusses spiritual experiences such as prayer epiphany visions and other experiences He considers whether spirituality is mainly a connection with God with others or with both Readers hoping to get a better sense of what it means to be spiritual will have many of their questions answered in these pages      **A People Apart** Daniel H. Frank, 1993-09-30 Philosophical speculations on chosenness and ritual in Judaism      **Pain and Its Ending** Carol Anderson, 2013-10-11 Demonstrates how the four noble truths are used throughout the Pali canon as a symbol of Buddha's enlightenment and as a doctrine within a larger network of Buddha's teachings Their unique nature rests in their function as a proposition and as a symbol in the Theravada canon      **Acute Religious Experiences** Richard Saville-Smith, 2023-02-09 This book engages the problem of how in the 21st century we are to speak about experiences of the extraordinary anomalous extreme which occur on a transhistorical and transcultural basis Critical re-readings of seminal texts show how 20th century theoreticians in the humanities sought to erase madness from their irrational subjects This propensity to sanitize madness in the study of religions was mirrored by the instinct of psychiatrists to degrade religious experiences by reducing mad consciousness to psychosis or dissociation Richard Saville Smith introduces explanatory pluralism as a way of recognizing these disciplinary biases and mad studies as a way of negotiating this understanding The disproportionate significance of

madness in shaping the fabric of the human story can then be recovered from both erasure and dismissal to be given the recognition previously denied as acute religious experiences

Acute Religious Experiences divides into three sections beginning with re readings of William James s pathological programme Rudolf Otto s numinous T K Oesterreich s possession Mircea Eliade s shamanism Walter Stace s mysticism Walter Pahnke s psychedelic experience and Abraham Maslow s peak experiences These ideas are shown to constitute the beginnings of a fractured discourse on the irrational In part two contemporary psychiatry s Diagnostic and Statistical Manual DSM and Foucault s History of Madness are re read to reposition madness as not necessarily pathological This opens the way for the identification of acute religious experiences as a new holistic and post colonial approach through which religious data can be organized and addressed on a comparative basis In part three The Gospel of Mark is re read as a case study to demonstrate the novel insights which flow from the identification of acute religious experiences Richard Saville Smith draws on his own experiences of madness and his PhD from the School of Divinity at The University of Edinburgh to elucidate his research

Cognitive Linguistics and Religious Language Peter Richardson, Charles M. Mueller, Stephen Pihlaja, 2021-03-28 This book comprehensively introduces Cognitive Linguistics and applies its tools to religious language Drawing on authentic samples from a range of faiths text types and modes of interactive discourse the authors accessibly define concepts like embodied cognition agency metaphor analysis and Dynamic Systems Theory illustrate how they can be used in analyzing religious language and offer thorough pedagogical material to aid learning and application Advanced students and scholars of linguistics discourse analysis cognitive science and religious and biblical studies will benefit from this practical guide to understanding and conducting research on religious discourse

*The Fantasy Principle* Michael Vannoy Adams, 2004 The Fantasy Principle makes a strong case for a new school of psychoanalysis the school of imaginal psychology It radically affirms the centrality of imagination and emphasizes the transformative impact of images

**Timothy Leary: The Harvard Years** James Penner, 2014-07-21 The first collection of Leary s writings devoted entirely to the research phase of his career 1960 to 1965 Presents Leary s early scientific articles and scholarly essays including those on the Harvard Psilocybin Project the Concord Prison Project and the Good Friday Experiment With an editor s introduction that examines the Harvard Drug Scandal in detail as well as a critical preface for each essay On May 27 1963 Dr Timothy Leary and Dr Richard Alpert were dismissed from Harvard University s Psychology Department a watershed event marking the moment when psychedelic drugs were publicly demonized and driven underground Today little is known about the period in the early 1960s when LSD and psilocybin were not only legal but also actively researched at universities Presenting the first collection of Leary s writings devoted entirely to the research phase of his career 1960 to 1965 this book offers rare articles from Leary s time as a professor in Harvard s Psychology Department including writings from the Harvard Psilocybin Project the Concord Prison Project and the Good Friday Experiment These essays coauthored with Richard Alpert Huston Smith Ralph Metzner and other psychedelic research visionaries explore the

nature of creativity and the therapeutic spiritual and religious aspects of psilocybin and LSD Featuring Leary's scientific articles and a rare account of his therapeutic approach On Existential Transaction Theory the book also includes Leary's final essay from his time at Harvard The Politics of Consciousness as well as controversial articles published shortly after his dismissal With an editor's introduction examining the Harvard Drug Scandal and a critical preface to each essay this book of seminal early writings by Leary appearing in unabridged form shows why he quickly became an articulate spokesperson for consciousness expansion and an iconic figure for the generation that came of age in the 1960s

**The Certainty of Uncertainty** Mark Schaefer, 2018-08-23 The world is full of people who are very certain in politics in religion in all manner of things In addition political religious and social organizations are marketing certainty as a cure all to all life's problems But is such certainty possible Or even good The Certainty of Uncertainty explores the question of certainty by looking at the reasons human beings crave certainty and the religious responses we frequently fashion to help meet that need The book takes an in depth view of religion language our senses our science and our world to explore the inescapable uncertainties they reveal We find that the certainty we crave does not exist As we reflect on the unavoidable uncertainties in our world we come to understand that letting go of certainty is not only necessary it's beneficial For in embracing doubt and uncertainty we find a more meaningful and courageous religious faith a deeper encounter with mystery and a way to build strong relationships across religious and philosophical lines In The Certainty of Uncertainty we see that embracing our belief systems with humility and uncertainty can be transformative for ourselves and for our world

**Journeys of Faith** Mike Brock, 2023-06-20 Journeys of Faith examines the contributions of the leading figures of the humanistic psychology movement with particular attention to their spiritual journeys Rising to prominence in America during the post World War II years humanistic psychology is experiencing a resurgence in the present day in response to the need for a psychological approach that addresses meaning and purpose in life The key players Abraham Maslow Carl Rogers Erich Fromm and Rollo May all rejected the orthodoxy of their religious inheritance in favor of a more humanistic approach and in the process discovered a renewed spirituality that they hoped would address the concerns of a world yearning for something to believe in While the humanistic psychologists confronted the world's problems through the lens of psychology other thinkers such as the evolutionary biologist Julian Huxley approached them through different though equally humanistic perspectives Others still such as Paul Tillich Martin Buber and Pierre Teilhard de Chardin confronted the times through a religious lens The influence of the centuries long Jewish tradition of scholarship and social justice and the frequent examples of friendship and professional cooperation between the secular and the religious worlds provide critical subthemes for the lasting appeal of humanistic psychology

*Intentional Transformative Experiences* Sarah Perez, Bastiaan van Rijn, Jens Schlieter, 2024-09-23 This book offers new theoretical insights into religious esoteric and philosophical practices and narratives that deal with intentional transformative experiences Exceptional life changing experiences are often believed to be beyond the individual's

control they are thought to simply happen However many individuals actively and self reflectively search for transformative experiences *Intentional Transformative Experiences* provides analyses of such intentionally sought experiences in different spiritual religious and esoteric milieus Case studies range from South and Central Asian traditions to Western esoteric practices compare autobiographical narratives of self cultivation and explore attempts to systematize intentional transformative experiences Next to applying established theoretical frameworks such as the cognitive science of religion and philosophy this volume also includes considerations on subsets of transformative experiences such as the dichotomy of intentionality and unintentionality risk and failure as well as the transformation of others instead of one's own self The result is an important contribution for researchers who deal with narratives or practices that include transformative experiences

**Let the Cow Wander** Michael Warren Myers,1995 In *Let the Cow Wander* the author argues that metaphors inform our conceptual spheres and are in turn informed by them The book begins with a discussion of metaphor model and conceptual sphere followed by an investigation into Vedic and Advaitic sacred texts and by generalizations on religious explanation and practice

**A Student's Guide to AS Religious Studies for the AQA Specification** Kate Brown,Ting Morris, **Ethics and Medical Decision-Making** Michael Freeman,2017-10-05 This title was first published in 2001 Ethical thinking about medical decision making has roots deep in history This collection of contemporary essays by leading international scholars traces the development of modern bioethics and explores the theory and current issues surrounding this widely contested field
