## **Religious Politics In Global And Comparative Perspective Contributions To The Study Of Religion:**

**The Politics of Buddhist Organizations in Taiwan, 1989-2003** André Laliberté, 2013-08-21 Exploring a dimension of Taiwanese politics that has received little attention this book gives a detailed survey of three of the most important Buddhist organizations in Taiwan the Buddhist Association of the Republic of China the Buddha Light Mountain monastic order and the Buddhist Compassion Relief Tzu Chi Association

*Black Theology—Essays on Global Perspectives* Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs *Black Theology Essays on Global Perspectives* bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today's international challenges The essays in this book draw on tradition and point forward in the midst of today's worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures

**Religion, Politics and International Relations** Jeff Haynes, 2011-04-07 Bringing together in one collection his most influential essays spanning two decades of research Jeffrey Haynes seeks to explore the complex relationship between religion politics and international relations

**Religious Politics in Global and Comparative Perspective** William H. Swatos Jr., 1989-09-07 Current social and political theories which tend to dismiss religious resurgence as a deviant occurrence in the broad sweep of history do not provide an adequate framework for the study of the dramatic resurgence of religion as a worldwide political force This book is the first to address the interplay of religion and politics systematically and on a global scale Offering interpretive essays as well as quantitative comparative analyses it develops a comprehensive theoretical framework and presents the most complete comparative account available of the realities of religious politics in the contemporary world The first of the interpretive chapters focuses on the cultural factor as a means of clarifying the role of religion in the modern world system The next two chapters examine the concept of the self in the context of globalization and the absence of solidarity as a unifying force in societal systems The role of ultimate values in politics and the reasons for the emergence of militant religious movements in nation states is also considered A worldwide study of religious change between 1900 and 1980 gives a clear picture of contemporary global religious movements and formulates a tentative set of explanations of change based on data analysis The statistical links between religious beliefs and political views and between religion and democracy are explored The editor's concluding chapter looks at the implications of the author's findings for general theory in the sociology

of religion The editor stresses the need for reconceptualizing basic theoretical constructs particularly the concept of religion itself An important contribution to our understanding of the religious and political forces that are shaping the modern world this work will be of interest to academics researchers and students of world religions sociology and political science

**Citizens of the World** Margit Warburg, 2018-08-14 Citizens of the World deals with the Baha'is and their religion While covering the historical development in sufficient detail to serve as a general monograph on Baha'ism emphasis is laid on examining contemporary Baha'ism with the Danish Baha'ist community as a recurrent case The book discusses Baha'ist religious texts rituals economy everyday life demographic development mission strategies leadership and international activism in analyses based on primary material such as interview studies among the Baha'is fieldwork data from the Baha'ist World Centre in Israel and field trips around the world The approach is a combination of history of religions and sociology of religion within a theoretical framework of religion and globalisation Several general topics in the study of new religions are covered The book contributes to the theoretical study of globalisation by proposing a new model for analysing globalisation and transnational religions

**The Oxford Handbook of Religion and Europe** Grace Davie, Lucian Leuștean, 2022 Features contributions from leading scholars providing crucial insight into the role of religious ideas structures and institutions in the making of Europe Introduces the building blocks of Europe's religious and the part that they played in the formation of the continent Explores the relationship between religious communities and ideologies in the twentieth century connections that play out very differently in East and West Europe Examines the role of religion in the construction of the European Union from the end of the Second World War until the present day Assesses the relationship between the major world religions and the idea of Europe Book jacket

**Gendering Religion and Politics** H. Herzog, A. Braude, 2009-07-20 The aim of this book is to suggest an interdisciplinary perspective on the complex relations of gender religion and politics in light of paradigmatic shifts in theories of modernity and the growing body of studies on gender and religion *Bibliographic Index*, 1997

**Politics of Religion** Tobias Köllner, Alessandro Testa, 2023-04 The relationship between religion and politics has been explored systematically since the very inception of modern social sciences This volume tackles this classical topic anew Its chapters offer fresh ethnographic empirical evidence up to date analyses as well as an original theoretical discussion on the entanglements between these two spheres In particular focus is drawn on three dimensions that characterise the politics of religion in the very different societal contexts explored in this book those pertaining to religious authority creativity and conflicts all within the globalised interconnected world of the 21st century *The Routledge Handbook of Religion, Politics and Ideology* Jeffrey Haynes, 2021-08-14 This comprehensive handbook examines relationships between religion politics and ideology with a focus on several world religions Christianity Islam Buddhism Hinduism and Judaism in a variety of contexts regions and countries Relationships between religion politics and ideology help mould people's attitudes about the way that political systems both domestically and internationally are organised and operate While conceptually separate religion

politics and ideology often become intertwined and as a result their relationships evolve over time This volume brings together a number of expert contributors who explore a wide range of topical and controversial issues including gender nationalism communism fascism populism and Islamism Such topics inform the overall aim of the handbook to provide a comprehensive summary of the relationships between religion politics and ideology including basic issues and new approaches This handbook is a major research resource for students researchers and professionals from various disciplinary backgrounds including religious studies political science international relations and sociology Encyclopedia of Religion and Society William H. Swatos,1998 As the new millennium approaches the sacred and profane interface conflict and intermingle in novel ways The Encyclopedia of Religion and Society provides a guide map for these developments From succinct brief notes to essay length entries it covers world religions religious perspectives on political and social issues and religious leaders and scholars present and past in the United States and the world This comprehensive volume is an essential reference for studies in the anthropology psychology politics and sociology of religion Topics include abortion adolescence African American religious experience anthropology of religion Buddhism commitment conversion definition of religion ecology movement Emile Durkheim ethnicity fundamentalism Hinduism Islam Judaism new religious movements organization parish Talcott Parsons racism research methods Roman Catholicism sexism Unification Church Max Weber and many others

financial resources It is structured thematically into four broad sections Section I provides a regional tour d horizon of the current state of democratisation and democracy in eight regions around the world Section II examines key structures processes and outcomes of democratisation and democracy Section III focuses on the relationship between democratisation and international relations through examination of a range of issues and actors including the third and fourth waves of democracy political conditionality the United Nations the European Union the African Union and the Organisation of African States Section IV Examines the interaction between democratisation and development with a focus on poverty and inequality security human rights gender war and conflict resolution A comprehensive survey of democratization across the world this work will be essential reading for scholars and policy makers alike

**Postcolonial Politics and Theology** Kwok Pui-lan, 2021-12-07 Postcolonial Politics and Theology seeks to reform and reimagine the field of political theology uprooting it from the colonial soil using the comparative lenses of postcolonial politics and theology to bring attention to the realities of the Global South Kwok Pui lan traces the history of the political impacts of Western theological development especially developments in the U S context and the need to shift these interlocking fields toward non Western traditions in theory and practice A special focus of the book is on the changing sociopolitical realities of American Empire and Sino American competition illustrated in Donald Trump s slogan of Make America Great Again and Xi Jinping s hope for a China Dream The shifting of U S and Asian relationships highlights the need to move our theological and political categories away from a vision of strongman domination and toward a postmodern postcolonial and transnational world especially exemplified in the Asia Pacific context Throughout Kwok overturns the idea of centering one cultural framework and marginalizing others in favor of living into a multiplicity of deeply contextual theologies She explores how these theologies are being developed in global postcolonial contexts through struggles for democracy and civil disobedience in Hong Kong by efforts to reclaim selfhood and sexual identity from exploitative colonial desire through the work of interreligious solidarity and peacebuilding and in the practice of earth care in the face of ecological crisis

**The Ashgate Research Companion to Modern Theory, Modern Power, World Politics** Nevzat Soguk, Scott G Nelson, 2016-04-28 Deliberately eschewing disciplinary and temporal boundaries this volume makes a major contribution to the de traditionalization of political thinking within the discourses of international relations Collecting the works of twenty five theorists this Ashgate Research Companion engages some of the most pressing aspects of political thinking in world politics today The authors explore theoretical constitutions critiques and affirmations of uniquely modern forms of power past and present Among the themes and dynamics examined are textual appropriation and representation materiality and capital formation geopolitical dimensions of ecological crises connections between representations of violence and securitization subjectivity and genderization counter globalization politics constructivism biopolitics post colonial politics and theory as well as the political prospects of emerging civic and cosmopolitan orders in a time of national religious and secular polarization Radically different in their approaches the

authors critically assess the discourses of IR as interpretive frames that are indebted to the historical formation of concepts and to particular negotiations of power that inform the main methodological practices usually granted primacy in the field. Students as well as seasoned scholars seeking to challenge accepted theoretical frameworks will find in these chapters fresh insights into contemporary world political problems and new resources for their critical interrogation. International Handbook of Inter-religious Education Kath Engebretson, Marian de Souza, Gloria Durka, Liam Gearon, 2010-08-17. This Handbook is based on the conviction of its editors and contributing authors that understanding and acceptance of as well as collaboration between religions has essential educational value. The development of this Handbook rests on the further assumption that interreligious education has an important role in elucidating the global demand for human rights justice and peace. Interreligious education reveals that the creeds and holy books of the world's religions teach about spiritual systems that reject violence and the individualistic pursuit of economic and political gain and call their followers to compassion for every human being. It also seeks to lead students to an awareness that the followers of religions across the world need to be and to grow in dialogical relationships of respect and understanding. An essential aim of interreligious education is the promotion of understanding and engagement between people of different religions and therefore it has great potential to contribute to the common good of the global community. Interreligious education has grown from the interfaith movement whose beginning is usually identified with the World Parliament of Religions held in Chicago in 1893. This was the first time in history that leaders of the eastern and western religions had come together for dialogue and to consider working together for global unity. *Rethinking Religion and World Affairs* Timothy Samuel Shah, Alfred C. Stepan, Monica Duffy Toft, 2012-02-29. In recent years the role of religion in the study and conduct of international affairs has become increasingly important. The essays in this volume seek to question and remedy the problematic neglect of religion in extant scholarship grappling with puzzles, issues and questions concerning religion and world affairs in six major areas. Contributors critically revisit the secularization thesis which proclaimed the steady erosion of religion's public presence as an effect of modernization, explore the relationship between religion, democracy and the juridico-political discourse of human rights, assess the role of religion in fomenting, ameliorating and redressing violent conflict and consider the value of religious beliefs, actors and institutions to the delivery of humanitarian aid and the fostering of socio-economic development. Finally, the volume addresses the representation of religion in the expanding global media landscape, the unique place of religion in American foreign policy and the dilemmas it presents. Drawing on the work of leading scholars as well as policy makers and analysts, *Rethinking Religion and World Affairs* is the first comprehensive and authoritative guide to the interconnections of religion and global politics. The Politics of Religious Party Change A. Kadir Yildirim, 2023-01-05. The book examines how religious institutional structures affect Islamist and Catholic political parties in the Middle East and Western Europe. *Religion Index Two*, 1996.
