Remaking Of An American:

The Remaking of an American Elizabeth L. Banks, 1928 **Remaking American Communities** David C.

Soule, 2007-11-01 Urban sprawl has gained much national attention in recent years. Sprawl involves not only land use issues but also legal, political, and social concerns. It affects our schools, the environment, and race relations. Comprehensive enough for high school students and also appropriate for college undergraduates, *Remaking American Communities* delves into the challenges of urban sprawl by turning to some of America's top thinkers on the problem, including Robert Yaro, president of the Regional Planning Association. Other cutting-edge essays include a foreword about the emergence of sprawl by nationally syndicated columnist Neal Peirce, views about race and class by former mayor of Albuquerque David Rusk, and a discussion of transportation dynamics by Curtis Johnson, president of the CitiStates Group. The essays in this collection explore the core issues of sprawl and the agenda for dealing with it. Complete with a glossary, resources, and contact information for smart growth alliances, this book is extremely user-friendly. David C. Soule offers an unbiased viewpoint of this national phenomenon in a way that will be accessible to students and those with little background in the issue. **Remaking America** John

Bodnar, 2020-07-21 In a compelling inquiry into public events ranging from the building of the Vietnam Veterans Memorial through ethnic community fairs to pioneer celebrations, John Bodnar explores the stories, ideas, and symbols behind American commemorations over the last century. Such forms of historical consciousness, he argues, do not necessarily preserve the past but rather address serious political matters in the present. Remaking America Joe Soss, Jacob S. Hacker, Suzanne

Mettler, 2007-11-08 Over the past three decades, the contours of American social, economic, and political life have changed dramatically. The post-war patterns of broadly distributed economic growth have given way to stark inequalities of income and wealth. The GOP and its allies have gained power and shifted U.S. politics rightward, and the role of government in the lives of Americans has changed fundamentally. *Remaking America* explores how these trends are related, investigating the complex interactions of economics, politics, and public policy. *Remaking America* explains how the broad restructuring of government policy has both reflected and propelled major shifts in the character of inequality and democracy in the United States. The contributors explore how recent political and policy changes affect not just the social standing of Americans but also the character of democratic citizenship in the United States today. Lawrence Jacobs shows how partisan politics, public opinion, and interest groups have shaped the evolution of Medicare but also how Medicare itself restructured health politics in America. Kimberly Morgan explains how highly visible tax policies created an opportunity for conservatives to lead a grassroots tax revolt that ultimately eroded the revenues needed for social welfare programs. Deborah Stone explores how new policies have redefined participation in the labor force as opposed to fulfilling family or civic obligations as the central criterion of citizenship. Frances Fox Piven explains how low-income women remain creative and vital political actors in an era in which welfare programs increasingly subject them to stringent behavioral requirements and monitoring. Joshua Guetzkow

and Bruce Western document the rise of mass incarceration in America and illuminate its unhealthy effects on state social policy efforts and the civic status of African American men For many disadvantaged Americans who used to look to government as a source of opportunity and security the state has become increasingly paternalistic and punitive Far from standing alone their experience reflects a broader set of political victories and policy revolutions that have fundamentally altered American democracy and society Empirically grounded and theoretically informed Remaking America connects the dots to provide insight into the remarkable social and political changes of the last three decades Remaking American Theater Scott T. Cummings, 2006-08-17 Publisher description Making and Remaking America: Immigration into the United States , During the 1980s and 1990s the U S Congress responded to growing gaps between immigration policy and immigration reality by making major changes in immigration laws and their administration In 1986 the United States enacted the world s largest legalization program for unauthorized foreigners and introduced sanctions on employers who knowingly hired illegal foreign workers Instead of slowing illegal immigration however this program allowed more foreigners to arrive legally and illegally which prompted another round of reforms in 1996 aimed at ensuring that new arrivals would not receive welfare payments On September 11 2001 foreigners in the United States hijacked four commercial planes Two were flown into the World Trade Center towers in New York City bringing them down and killing 3 000 people President George W Bush declared war on terrorists and the countries that harbor them and Congress enacted legislation to fight terrorism This includes new measures for tightening procedures for issuing visas to foreign visitors tracking foreign students and visitors while they are in the United States and giving immigration authorities new power to arrest and detain foreigners suspected of ties to terrorism The Immigration and Naturalization Service was abolished and its functions of preventing illegal immigration and providing services to foreign visitors and immigrants were separated in the new Department of Homeland Security However anti terrorism measures have not slowed immigration to the United States America is poised to remain the world s major destination for immigrants and as patterns in U S history suggest most of the newcomers will soon become Americans However past success in integrating immigrants does not guarantee that integrating newcomers will be easy or automatic As immigrants continue to make and remake the country the United States must develop an immigration policy for the twenty first century **BOOK JACKET** **Women Remaking American Judaism** Riv-Ellen Prell, 2007 Description of the changes in American Judaism to ensure that its rituals texts and liturgies reflected the lives of women **Remaking American Power** John Larsen, Sarah O. Ladislaw, Whitney Ketchum, 2014-11-17 This study seeks to help inform federal and state policymakers energy producers investors and consumers about the potential energy market impacts of state and federal policy decisions associated with the Clean Power Plan as proposed The report outlines the potential electric power sector and broader energy market impacts of policy design options and implementation choices by modeling the Clean Power Plan In addition to mapping out the impacts on the electric power sector and consumers the report also assesses the impact of the

Clean Power Plan on potential changes in natural gas and coal production at the national and regional level *Remaking America* Sven R. Larson, 2010-09-02 Despite the American left's admiration of the Swedish welfare state no one has told its true story yet Until now Sven R Larson reveals the dark side of the welfare state how government run health care turns patients into budget items and corpses how government defaults on promise after promise crime is rampant 500 schools are burned to the ground every year and children grow up with no loyalty to their country Larson explains how politicians turn to fiscal fascism to save the welfare state from the people who depend on it *Making an American Festival* Chiou-ling Yeh, 2023-11-15 This provocative history of the largest annual Chinese celebration in the United States the Chinese New Year parade and beauty pageant in San Francisco opens a new window onto the evolution of one Chinese American community over the second half of the twentieth century In a vividly detailed account that incorporates many different voices and perspectives Chiou ling Yeh explores the origins of these public events and charts how from their beginning in 1953 they developed as a result of Chinese business community ties with American culture business and politics What emerges is a fascinating picture of how an ethnic community shaped and was shaped by transnational and national politics economics ethnic movements feminism and queer activism This provocative history of the largest annual Chinese celebration in the United States the Chinese New Year parade and beauty pageant in San Francisco opens a new window onto the evolution of one Chinese American community over the second half of the two

Walt Whitman and the Making of Jewish American Poetry Dara Barnat, 2023-08 Walt Whitman though not a Jewish poet has served as a crucial figure within the tradition of Jewish American poetry starting in the mid nineteenth century until today However the genealogy of Jewish American poets responding to Whitman is wider and more nuanced than often recognized Due to Allen Ginsberg's overt adoption of Whitman it is often believed that Ginsberg is the only Jewish American poet to have engaged with Whitman's poetic style and democratic ethos This book reveals how the lineage of poets responding to Whitman extends far beyond Ginsberg and that Ginsberg himself receives Whitman through earlier Jewish American poets like Charles Reznikoff This project presents such a genealogy of poets in dialogue with Whitman and each other from Emma Lazarus and Adah Isaacs Menken through twentieth century poets such as Charles Reznikoff Karl Shapiro Kenneth Koch Muriel Rukeyser Adrienne Rich Marge Piercy and Alicia Suskin Ostriker Gerald Stern and beyond By researching Whitman's role in this tradition systematically in the work of individual poets and in the framework of Jewish American poetry more broadly this book seeks to fill a gap in the understanding of these dynamics and to invite other scholars to examine the Whitman Jewish connection A major finding in this book is that Whitman has been adopted by Jewish American poets as a liberal symbol against elements in High Modernist literary culture which the poets perceived to be exclusionary and anti Semitic Thus there is a negotiation of the vexed territory of being Jewish in America through an alignment with Whitman As such the turn to Whitman serves as a mode of exploring Jewish and American identity whereby Walt Whitman the poet is imagined to be Jewish and American Race and

the Making of American Liberalism Carol A. Horton, 2005-09-08 Race and the Making of American Liberalism traces the roots of the contemporary crisis of progressive liberalism deep into the nation's racial past. Horton argues that the contemporary conservative claim that the American liberal tradition has been rooted in a color-blind conception of individual rights is inaccurate and misleading. In contrast, American liberalism has alternatively served both to support and oppose racial hierarchy as well as socioeconomic inequality more broadly. Racial politics in the United States have repeatedly made it exceedingly difficult to establish powerful constituencies that understand socioeconomic equity as vital to American democracy and aspire to limit gross disparities of wealth, power, and status. Revitalizing such equalitarian conceptions of American liberalism, Horton suggests, will require developing new forms of racial and class identity that support rather than sabotage this fundamental political commitment.

Making Ballet American Andrea Harris, 2018 Situating ballet within twentieth-century modernism, this book brings complexity to the history of George Balanchine's American neoclassicism. It intervenes in the prevailing historical narrative and rebalances Balanchine's role in dance history by revealing the complex social, cultural, and political forces that actually shaped the construction of American neoclassical ballet.

Making the American Self Daniel Walker Howe, 2009-09-22 Originally published in 1997 and now back in print, *Making the American Self* by Daniel Walker Howe, the Pulitzer Prize-winning author of *What Hath God Wrought*, charts the genesis and fascinating trajectory of a central idea in American history. One of the most precious liberties Americans have always cherished is the ability to make something of themselves, to choose not only an occupation but an identity. Examining works by Benjamin Franklin, Jonathan Edwards, Abraham Lincoln, Frederick Douglass, Henry David Thoreau, Ralph Waldo Emerson, Margaret Fuller, and others, Howe investigates how Americans in the 18th and 19th centuries engaged in the process of self-construction, self-improvement, and the pursuit of happiness. He explores as well how Americans understood individual identity in relation to the larger body politic and argues that the conscious construction of the autonomous self was in fact essential to American democracy, that it both shaped and was in turn shaped by American democratic institutions. The thinkers described in this book, Howe writes, believed that to the extent individuals exercised self-control, they were making free institutions liberal, republican, and democratic possible. And as the scope of American democracy widened, so too did the practice of self-construction, moving beyond the preserve of elite white males to potentially all Americans. Howe concludes that the time has come to ground our democracy once again in habits of personal responsibility, civility, and self-discipline, esteemed by some of America's most important thinkers. Erudite, beautifully written, and more pertinent than ever as we enter a new era of individual and governmental responsibility, *Making the American Self* illuminates an impulse at the very heart of the American experience.

Making the American Century Bruce J. Schulman, 2014 In this volume, a group of distinguished historians revisit and revise many of the chestnuts of American political history. Blurring the boundaries between political, cultural, and economic history, the contributors raise penetrating questions and challenge readers.

understanding of the broader narrative of twentieth century U S history **The Remaking of a Mind** Hendrik de Man,1919 **Noncitizen Voting and American Democracy** Stanley Allen Renshon,2009 Continuing large scale migration to the United States raises the question of how best to integrate new immigrants into the American national community Traditionally one successful answer has been to encourage immigrants to learn our language culture history and civic traditions New immigrants would then be invited become citizens and welcomed as full members of the community However a concerted effort is underway to gain acceptance for and implement the idea that the United States should allow new immigrants to vote without becoming citizens It is mounted by an alliance that brings together progressive academics law professors local and state political leaders and community activists all working to decouple voting from American citizenship Their effort show signs of success but is it really in America s best interests to allow new immigrants to have the vote Their proposals have been much advocated but little analyzed Neither a polemic nor a whitewash Stanley A Renshon provides a careful analysis of the arguments put forward by advocates of this position on the basis of fairness increasing democracy civic learning and moral necessity and asks Do they really help immigrants become Americans Making American Industry Safe for Democracy Ruth Mary Weeks,1918 The Making of an American Jacob August Riis,1901 In all of which I have made no account of a factor which is at the bottom of half our troubles with our immigrant population so far as they are not of our own making the loss of reckoning that follows uprooting the cutting loose from all sense of responsibility with the old standards gone that makes the politician s job so profitable in our large cities and that of the patriot and the housekeeper so wearisome We all know the process The immigrant has no patent on it It afflicts the native too when he goes to a town where he is not known **The Making of the American Nation** Charles Ellsworth Martz,1926
