Remedy For Treason:

Medieval Crime Fiction Anne McKendry, 2019-05-14 Combining elements of medievalism the historical novel and the detective narrative medieval crime fiction capitalizes upon the appeal of all three the most famous examples being Umberto Eco's *The Name of the Rose* one of the best selling books ever published and Ellis Peters' endearing *Brother Cadfael* series Hundreds of other novels and series fill out the genre in settings ranging from the so called Celtic Enlightenment in seventh century Ireland to the ruthless Inquisition in fourteenth century France to the mean streets of medieval London The detectives are an eclectic group including weary ex crusaders former Knights Templar enterprising monks and nuns and historical poets such as Geoffrey Chaucer This book investigates the enduring popularity of the largely unexamined genre and explores its social cultural and political contexts *Great Debates in American History: The civil war; with an introduction by H. Watterson* Marion Mills Miller, 1913

Great Debates in American History: The Civil War Marion Mills Miller, 1913 **The Democratic Rule of Law on Trial** Sonja Grover, 2022-06-23 This book examines selected high profile U S First Amendment cases occurring during the Trump era as a vehicle for exploring a possible fundamental commonality in understanding the democratic rule of law globally In each of these cases the adjudicating body's analytical legal strategy is discussed in terms of how it reinforces or detracts from the democratic rule of law It was and continues to be highly internationally anticipated as to what legal examples are being set by this established democracy when confronted by legal contests between the former Trump administration and those alleging their rights were somehow violated by the executive of that time Thus the book is instructive for an international audience on the essential role of the courts in protecting democracy through providing where supported by the law and the facts a remedy for the aggrieved comparatively powerless The book will be essential reading for academics and researchers working in the areas of constitutional law politics and human rights *The Civil War* Marion Mills Miller, 1913 *Scripta Mediterranea*, 1997 **Espionage and Secrecy**

(Routledge Revivals) Rosamund Thomas, 2016-06-10 This prize winning book first published in 1991 provides a detailed legal account of the development of the UK Official Secrets Acts 1911 1989 In particular the Espionage section s 1 of this criminal law is analysed carefully illustrated by leading cases of UK spies prosecuted under this section particularly during the 1980 s including MI5 officer Michael Bettaney and Geoffrey Prime who worked at GCHQ The author also examines problems of evidence in espionage prosecutions and the consent of the Attorney General in cases under the Official Secrets Acts This book remains the definitive treatise on the UK Official Secrets Acts especially concerning the espionage provisions

This Time They Perceive Todd Andrew Rohrer, 2010-04-12 A man had an accident He lost his sense of time and emotional capacity This is his fifteenth attempt to communicate since the accident *The Kiss of Judice: The Constitution Betrayed* Judge Douglass H. Bartley, 2011-12 This work is the second of a multi volume treatise It covers Federal Judicial Powers the Bill of Rights Individual Rights the 9th Amendment State Powers Powers Denied to States and Separation of Powers The

volume is styled *The Kiss of Judice The Constitution Betrayed A Coroner s Inquest and Report Judice* Latin a pun means pertaining to judges thus denoting the judicial Judas like betrayal of the Constitution Coroner s Inquest denotes that the work is a study into the death of the Constitution Your author is the Coroner He proceeds in the Inquest with the aid of his Coroner s Jury Jefferson Madison Hamilton Story Locke and Blackstone The work in this volume is a dialogue between the Coroner and his jury on the various parts of the Constitution covered The jury members answer the Coroner s questions for the most part in their own words drawn from a variety of their written works Occasionally the Coroner puts words in their mouths those inventions are shown in brackets in the jurors answers The work is novel because to the author s knowledge it is the only Constitutional Law textbook that collects the wisdom of the framers as the Constitution s only authoritative sources it does not as most Constitutional Law texts do emphasize court cases as constitutional authority for more often than not the courts have only warped the Constitution In a broader sense though the work is not novel for it s only an arrangement of the work already done by the jurors The author is pleased to say that the work by and large is not original thought Its beauty is that it only revives long forgotten constitutional discoveries as set in the words of the main jurors and some others within interviewed Note to purchasers For updates to the manuscript check Pastoral Republican <http://douglassbartley.wordpress.com>
