

REMEMBER CREATION

God's World of Wonder and Delight

SCOTT HOEZEE

"Scott Hoezee adds a refreshing new twist to the discussion on the environment. Shouldn't we start by simply enjoying creation and honoring it for what it is?" With illustrations both biblical and personal, Hoezee makes a compelling case."
— Philip Yancey

Remember Creation:

Remember Creation Scott Hoezee, 1998 Why is it that many Christians find a theological scientific debate about creation s ancient origins far more engaging than a speech about how to live responsibly in the creation today Are we more fascinated by academic debates that focus our gaze on what happened long ago than by the hands on discussions that focus our gaze on the world of wonders outside our windows right now In *Remember Creation* Scott Hoezee challenges readers to make today s world more central to the Christian faith by enjoying and preserving God s cosmos as a part of daily discipleship Solidly grounded in a wealth of Scripture passages this book reveals God s ecology of praise which all Christians should want to explore and preserve Throughout the book Hoezee also offers suggestions to help congregations families and all Christians to take more delight in God s world while working to keep alive the wonders that bring God joy Scott Hoezee adds a refreshing new twist to the discussion on the environment Shouldn t we start by simply enjoying creation and honoring it for what it is With illustrations both biblical and personal Hoezee makes a compelling case Philip Yancey Remember Susan Robb, 2023-12-19 *Remember the God who remembers us* God s covenants throughout the Old Testament show the character of God s promises to the people of Israel In this book Susan Robb leads readers through the covenants with Noah Abraham Moses and David followed by the new covenant established on Maundy Thursday The Lenten story culminates with an examination of the cross as another example of God s promise for a new world Susan Robb teaches readers the basic lessons of the covenants through a mixture of biblical history and personal stories Her pastoral character and warm tone provide a basis for understanding God s promises through history and the role of Jesus s passion and crucifixion in the history of the covenants *Remember* can be read alone or used for a six week group study and church wide Lenten program Components include a comprehensive Leader Guide and video teaching sessions featuring Susan with closed captioning *Remembering and Repeating* Regina M. Schwartz, 1993-03 Regina Schwartz presents a powerful reading of *Paradise Lost* by tracing the structure of the poem to the pattern of repeated beginnings found in the Bible In both works the world order is constantly threatened by chaos By drawing on both the Bible and the more contemporary works of among others Freud Lacan Ricoeur Said and Derrida Schwartz argues that chaos does not simply threaten order but rather chaos inheres in order **The Works** John Donne, 1839 Answers to Objections Francis D. Nichol, 2004 After careful study of the supposed reasons offered for not accepting the teachings of Seventh day Adventists the author answers in this volume those which are most commonly encountered It was on this basis that the author compiled the list of objections considered in this book The objections answered in this unique and most helpful encyclopedic volume are not straw men but real problems faced by every minister evangelist literature evangelist layman and youth soul winner who seeks to promote Seventh day Adventist teachings Living in the Lamblight Hans Boersma, 2001-01-08 In recent decades many fundamental Christian assumptions about the nature of God and the world have come under attack No longer can one assume even in many church circles that

historic Christian beliefs about the Trinity and providence are generally accepted or understood Scientific knowledge and new technologies have also presented challenges for the church How for example should Christians understand the ecological crisis And how should the opening chapters of Genesis be understood in an age of genetic research and evolutionary science This collection of essays attempts to chart a faithful path for postmodern Christians exploring the foundational ideas and concepts of a Christian worldview and suggesting their implications for Christian living today
