Tin Roof Thomas Adler, 2012-12-07 A Streetcar Named Desire 1947 and Cat on a Hot Tin Roof 1955 are major plays by Tennessee Williams one of America's most significant dramatists They both received landmark productions and are widely studied and performed around the world The plays have also inspired popular screen adaptations and have generated a body of important and lasting scholarship In this indispensable Reader's Guide Thomas P Adler Charts the development of the criticism surrounding both works from the mid twentieth century through to the present day Provides a readable assessment of the key debates and issues Examines a range of theoretical approaches from biographical and New Criticism to feminist and queer theory In so doing Adler helps us to appreciate why these plays continue to fascinate readers theatregoers and directors alike **American and British Writers in Mexico, 1556-1973** Drewey Wayne Gunn, 2014-07-03 American and

British Writers in Mexico is the study that laid the foundation upon which subsequent examinations of Mexico's impact upon American and British letters have built Chosen by the Mexican government to be placed in translation in its public libraries the book was also referenced by Nobel Laureate Octavio Paz in an article in the New Yorker Reflections Mexico and the United States Drewey Wayne Gunn demonstrates how Mexican experiences had a singular impact upon the development of English writers beginning with early British explorers who recorded their impressions for Hakluyt's Voyages through the American Beats who sought to escape the strictures of American culture Among the 140 or so writers considered are Stephen Crane Ambrose Bierce Langston Hughes D H Lawrence Somerset Maugham Katherine Anne Porter Hart Crane Malcolm Lowry John Steinbeck Graham Greene Tennessee Williams Saul Bellow William Carlos Williams Robert Lowell Ray Bradbury Allen Ginsberg William Burroughs and Jack Kerouac Gunn finds that while certain elements reflecting the Mexican experience colors landscape manners political atmosphere a sense of the alien are common in their writings the authors reveal less about Mexico than they do about themselves A Mexican sojourn often marked the beginning the end or the turning point in a literary career The insights that this pioneering study provide into our complex cultural relationship with Mexico so different from American and British authors encounters with Continental cultures remain vital The book is essential for anyone interested in understanding the full range of the impact of the expatriate experience on writers O. intimate knowledge of the town and its residents He photographed his fellow white citizens and Black ones as well in circumstances ranging from the mundane to the horrific family picnics parades river baptisms carnivals fires funerals two of Mississippi's last public and legal executions by hanging and a lynching From formal portraits to candid images of events in the moment Pruitt's documentary of a specific yet representative southern town offers viewers today an invitation to meditate on the interrelations of photography community race and historical memory Columbus native Berkley Hudson was photographed by Pruitt and for more than three decades he has considered and curated Pruitt's expansive archive both as a scholar of media and visual journalism and as a community member This stunning book presents Pruitt's photography as never before combining more than 190 images with a biographical introduction and Hudson's short essays and reflective captions on subjects such as religion ethnic identity the ordinary graces of everyday life and the exercise of brutal power
