Remembered Voices Reclaiming The Legacy Of Neo Orthodoxy:

Remembered Voices Douglas John Hall,1998-01-01 Douglas John Hall demonstrates the continuing relevance of several of the twentieth century s greatest theologians Karl Barth Paul Tillich Reinhold Niebuhr H Richard Niebuhr Dietrich Bonhoeffer Emil Brunner and Suzanne de Dietrich suggesting that their neo orthodox roots have much more in common than is traditionally acknowledged Suitable for classroom use and individual study Remembered Voices is a highly accessible introduction to twentieth century theologians [The Neo-Orthodox Theology of W.W. Bryden](#) John A Vissers,2011-11-24

Walter W Bryden was Principal of Knox College Toronto after the Second World War and one of the leading Presbyterian theologians of the period from the 1920s to the 1950s In *The Neo Orthodox Theology of W W Bryden* John Vissers makes an important contribution by analysing Bryden s thought placing it in the context of contemporary European and American theology Vissers emphasises in particular Bryden s role in introducing and popularising the ideas of Karl Barth in North America prior to the translation of Barth s *Commentary on Romans* into English and his Neo Orthodox theology owed much to Barthian ideas In his most important work *The Christian s Knowledge of God* Bryden challenged the modernist emphasis on the rational arguing for a Christocentric doctrine of Revelation Vissers brings a wealth of scholarship and research to his subject revealing Bryden s pivotal role in the development of neo orthodoxy within the Protestant tradition in North America a role that previous studies have often failed to explore

Christianity and Human Rights Reconsidered Sarah Shortall,Daniel Steinmetz-Jenkins,2020-09-24 This is the first global examination of the historical relationship between Christianity and human rights in the twentieth century Leading historians anthropologists political theorists legal scholars and scholars of religion develop fresh approaches to issues such as human dignity personalism religious freedom the role of ecumenical and transatlantic networks and the relationship between Christian and liberal rights theories In doing so they move well beyond the temporal and geographical limits of the existing scholarship exploring the connection between Christianity and human rights not only in Europe and the United States but also in Africa Latin America and China They offer alternative chronologies and bring to light overlooked aspects of this history including the role of race gender decolonization and interreligious dialogue Above all these essays foreground the complicated relationship between global rights discourses whether Christian liberal or otherwise and the local contexts in which they are developed and implemented *Jesus, the Bible, and Homosexuality* Jack Bartlett Rogers,2006-01-01 In this sure to be controversial book former seminary professor and church official Jack Rogers argues unequivocally for the ordination of homosexuals and for the extension of full and equal rights in society to all people who are homosexual Christianity he observes has moved through history in the direction of ever greater openness and inclusiveness Today s church is led by many of those who were once cast out people of color women and divorced and remarried people It is inevitable he believes that gay lesbian bisexual and transgender people will one day walk in the same steps as other Christian leaders Rogers an evangelical begins by discussing his own personal change of

heart and mind on the issue a change that has moved him into the middle of this controversy in his own church the Presbyterian Church U S A He examines how the church misused the Bible to justify slavery and the denial of rights to women and links these efforts to efforts today to use biblical texts to deny equal rights to gays and lesbians He shows how neither the Bible nor the Confessions are opposed to homosexuality and debunks frequently used fundamentalist stereotypes and myths about gays and lesbians Rogers concludes with his thoughts on how the church can heal itself and move forward

What Christianity Is Not Douglas John Hall, 2013-02-12 What really is Christianity If all the religious packaging in which it is wrapped were removed what would remain These were Bonhoeffer's questions and they must be ours today even more urgently For in many quarters Christianity is being so narrowly identified with some of its parts cultural associations and past ambitions that like all militant religion it represents a threat to the planetary future We may no longer speak clearly of the essence of Christianity as von Harnack and other nineteenth century thinkers did but perhaps we may still have a sufficiently shared sense of the kerygmatic core of this faith to be able in the face of these misrepresentations of it to say what Christianity is not

God and the Excluded Joerg Rieger, Rieger offers an enlightening way to understand the chief strands or options in theology today and a valuable proposal for resituating theology around the crucial issue of inclusion He sees four competing vectors at work in Christian today's theology Theology of Identity Theology of Difference Theology and the Postmodern and Theology and the Underside

Heaven in the American Imagination Gary Scott Smith,2011-06-01 Does heaven exist If so what is it like And how does one get in Throughout history painters poets philosophers pastors and many ordinary people have pondered these questions Perhaps no other topic captures the popular imagination quite like heaven Gary Scott Smith examines how Americans from the Puritans to the present have imagined heaven He argues that whether Americans have perceived heaven as reality or fantasy as God's home or a human invention as a source of inspiration and comfort or an opiate that distracts from earthly life or as a place of worship or a perpetual playground has varied largely according to the spirit of the age In the colonial era conceptions of heaven focused primarily on the glory of God For the Victorians heaven was a warm comfortable home where people would live forever with their family and friends Today heaven is often less distinctively Christian and more of a celestial entertainment center or a paradise where everyone can reach his full potential Drawing on an astounding array of sources including works of art music sociology psychology folklore liturgy sermons poetry fiction jokes and devotional books

Smith paints a sweeping provocative portrait of what Americans from Jonathan Edwards to Mitch Albom have thought about heaven

The Bonhoeffer Phenomenon Stephen R. Haynes, 2004 Stephen Haynes's provocative study articulates the many motives and agendas that readers and scholars have brought to their study of Bonhoeffer making it difficult to assess objectively the relationship of his political and religious commitments the real meaning of his theology and his words and actions on behalf of Jews Reading Haynes's book helps us learn not only what Bonhoeffer has to teach us but also what it is we most desire to learn

McCarroll, 2020-11-24 Christian Theology after Christendom Engaging the Thought of Douglas John Hall brings together contemporary thinkers to engage and build upon Douglas John Hall's work and to take up his challenge to reclaim a contextual and decolonizing theology of the cross as a means to speak to the realities of life and faith today With a focus on contemporary issues this edited collection critically analyzes and deconstructs the centuries old colonial triumphalism of Christian theology and the church in the West This book seeks to frame present day crises in ways that honor a deeply rooted theologia crucis that does not colonize the other It explores constructive decolonizing possibilities for Christian theology at the end of Christendom

In Quest of a Vital Protestant Center George Demetrian, 2014-10-06 In Quest of a Vital Protestant Center probes the relationship between Scripture and culture in twentieth century US theology and biblical studies It points to the necessity of turning to what Karl Barth has referred to as the strange new world within the Bible for any revitalization of mainline Protestantism in the tradition of the Protestant Reformers in critical dialogue with serious evangelical theology

The study includes a historical overview underlying what Demetrian refers to as the fundamentalist modernist great divide which continues to resonate powerfully in contemporary US Protestant thought and culture Demetrian offers an in depth exploration of four representative twentieth century Protestant theologians and biblical scholars spanning from the conservative evangelical theology of J I Packer to the postliberal dialectical theology of Walter Brueggemann The book includes a chapter on the neo orthodox legacy as a mediating resource in bringing evangelical and postliberal theology into dialogue with the core issues of theology biblical hermeneutics and religious culture Demetrian concludes with a critically empathetic review of the postliberal dialectical theology of Douglas J Hall and the evangelical narrative theology of Richard Lints In linking evangelical postliberal and neo orthodox theology to a common search for a vital Protestant center this book will facilitate fruitful dialogue among divergent schools of Protestant thought and culture

Mission as Penance Charles J. Fensham, 2023-05-03 *Mission as Penance* explores the posture of Christian mission in Canada while also uncovering the theological roots that gave birth to the sense of cultural and religious superiority that led to profound harm to others and to God's creation The story begins by an examination of Johan Bavinck's famous 1954 claim that mission is thus the penance of the church which is ashamed before God and man By drawing on his work through forty years in theological education and pastoral ministry Fensham prescribes a pathway that liberates the church from power games numerical growth and preoccupation with programs and technology to focus instead on genuine listening solidarity and love in action True penance is never satisfied with passivity nor should it result in a state of paralysis For a posture of humble penance to be fruitful it must lead toward concerted action toward change advocacy for justice compassion for the marginalized and care for creation If mission in Canada is engaged in this way the Christian faith might cease to do harm and build a new life giving community of healing
