Anzac Memories Alistair Thomson, 2013-11-01 Anzac Memories was first published to acclaim in 1994 and has achieved international renown for its pioneering contribution to the study of war memory and mythology Michael McKernan wrote that the book gave as good a picture of the impact of the Great War on individuals and Australia as we are likely to get in this generation and Michael Roper concluded that an immense achievement of this book is that it so clearly illuminates the historical processes that left men like my grandfather forever struggling to fashion myths which they could live by In this new edition Alistair Thomson explores how the Anzac legend has

transformed over the past quarter century how a post memory of the Great War creates new challenges and opportunities for making sense of the national past and how veterans war memories can still challenge and complicate national mythologies. He returns to a family war history that he could not write about twenty years ago because of the stigma of war and mental illness and he uses newly released Repatriation files to question his own earlier account of veterans post war lives and memories and to think afresh about war and memory.

Death So Noble Jonathan F. Vance, 2011-11-01 This book examines Canada's collective memory of the First World War through the 1920s and 1930s beginning with the Armistice in 1918. This book deals with cultural history more than military history and looks at art, music, and literature during World War I. Comparable to Modris Eksteins *Rites of Spring* and Paul Fussell's *The Great War and Modern Memory*, the author draws on a broad range of sources published and unpublished, making this book an original contribution to the growing literature dealing with World War I. Thematically organized into such subjects as the symbolism of the soldier, the implications of war, memory for Canadian nationalism, and the idea of a just war, the book draws on military records, memoirs, war memorials, newspaper reports, fiction, popular songs, and films. In each case, Vance draws a distinction between the objective realities of the war and the way that contemporaries remember it. *Death so Noble* takes an unorthodox look at the Canadian war experience. It views the Great War as a cultural and philosophical force rather than as a political and military event. It will be of interest to specialists in First World War history and literature as well as a general audience.

The Great War and Modern Memory Paul Fussell, 2009 Paul Fussell's award winning landmark study of World War I originally published in 1975 remains as original and gripping today as ever but now for the first time his literary and illuminating account comes in a beautifully illustrated edition. World War I changed a generation, ushered in the modern era, and revolutionized how we see the world. By drawing from a variety of primary sources including personal correspondence, newspapers, and literary works, Fussell brings the period alive. Not only does he give us a more profound understanding of what the Great War meant to the people who lived through it, he also analyzes our modern perception of its impact. The wide selection of rare and fascinating images, approximately 160 of them, includes photographs, illustrations, and maps from period books, magazines, newspapers, advertisements, and other publications. Not only do they heighten the impact of Fussell's remarkable critical interpretation, they help us fully grasp the true scope of this aptly named and catastrophic war.

Soldiers of Shepshed Remembered 1914-1919 Russell Fisher, 2008 *Soldiers of Shepshed* includes a section on the various memorials erected in the town to honour the dead, and the reader will also hear something of life on the home front from the tragedies incurred by the influenza pandemic of 1918-19 to the euphoria that greeted the signing of the Armistice and the Great Victory Parade held in Shepshed in July 1919.

Reliving the Trenches Alan Filewod, 2021-10-19 In *Reliving the Trenches*, three plays written by returned soldiers who served in the Great War with the Canadian Expeditionary Force in France and Belgium appear in print for the first time. With a critical introduction that references the author's service files to establish the plays as memoirs, these

plays are an important addition to Canadian literature of the Great War Important but overlooked war memoirs that relive trench life and warfare as experienced by combat veterans the three plays include *The P B I* written and staged in 1920 by recently returned veterans at the University of Toronto Parts of this play appeared in print in serial form in 1922 *Glory Hole* written in 1929 by William Stabler Atkinson and *Dawn in Heaven* written and staged in Winnipeg in 1934 by Simon Jauvoish have never been published These plays impact Canadian literature and theatre history by revealing a body of previously unknown modernist writing and they impact life writing studies by showing how memoirs can be concealed behind genre conventions They offer fascinating details of the daily routines of the soldiers in the trenches by bringing them back to life in theatrical re enactment

Trenches Of War Amelia Khatri, AI, 2025-02-17 *Trenches Of War* explores the grim realities of trench warfare focusing on the soldiers experiences amidst the mud barbed wire and constant threat of death It examines the historical origins and evolution of this brutal combat method from the American Civil War to its prominence in World War I revealing the devastating conditions endured on the frontlines The book highlights the psychological toll exacted by trench warfare a factor that significantly shaped the soldiers and the course of military history itself leading to unprecedented psychological trauma and challenging traditional narratives of military history The approach begins by introducing the concept and historical origins of trench warfare then progresses into daily life within the trenches detailing the challenges of hygiene food and disease It also covers major battles and the strategic and tactical challenges involved Drawing on primary sources like soldiers letters and military records the book offers a unique perspective by emphasizing the lived experiences of those who fought in the trenches providing an unflinching account of the horrors and the long term consequences on military doctrine and society

Shell Shock, Memory, and the Novel in the Wake of World War I Trevor Dodman, 2015-09-09 This book helps readers understand the extent to which shell shock continues to shape modern memories of the First World War

The Great War in Post-Memory Literature and Film Martin Löschnigg, Marzena Sokolowska-Paryz, 2014-10-14 The twenty seven original contributions to this volume investigate the ways in which the First World War has been commemorated and represented internationally in prose fiction drama film docudrama and comics from the 1960s until the present The volume thus provides a comprehensive survey of the cultural memory of the war as reflected in various media across national cultures addressing the complex connections between the cultural post memory of the war and its mediation In four sections the essays investigate 1 the cultural legacy of the Great War including its mythology and iconography 2 the implications of different forms and media for representing the war 3 national memories foregrounding the differences in post memory representations and interpretations of the Great War and 4 representations of the Great War within larger temporal or spatial frameworks focusing specifically on the ideological dimensions of its remembrance in historical socio political gender oriented and post colonial contexts

The Remembered Soldier Anjet Daanje, 2025-05-13 Longlisted for the 2025 NATIONAL BOOK AWARD for TRANSLATED LITERATURE Superb In its dangerous admixture of truth and reassembled reality The Remembered Soldier develops an unforgettable picture of marital love Sam Sacks in The Wall Street Journal An extraordinary love story and a captivating novel about the power of memory and imagination Flanders 1922 After serving as a soldier in the Great War Noon Merckem has lost his memory and lives in a psychiatric asylum Countless women responding to a newspaper ad visit him there in the hope of finding their spouse who vanished in battle One day a woman Julianne appears and recognizes Noon as her husband the photographer Amand Coppens and takes him home against medical advice But their miraculous reunion doesn't turn out the way that Julianne wants her envious friends to believe Only gradually do the two grow close and Amand's biography is pieced together on the basis of Julianne's stories about him But how can he be certain that she's telling the truth In The Remembered Soldier Anjet Daanje immerses us in the psyche of a war traumatized man who has lost his identity When Amand comes to doubt Julianne's word the reader is caught up in a riveting spiral of confusion that only the greatest of literature can achieve Reading group guide to The Remembered Soldier is available for download free of charge at newvesselpress.com

Parameters, 1977 *Substance, Memory, Display* Colin Renfrew, Chris Gosden, Elizabeth DeMarrais, 2004 Contemporary art and modern archaeology are increasingly seen to share much common ground yet their interactions have yet to be fully investigated This innovative volume explores key themes including the role of display in art in the practice of archaeology and in daily life and the material transformations which underlie the physical reality of the archaeological record as much as the creative processes of the contemporary artist Prominent practising artists Simon Callery and Antony Gormley provide seminal papers considering the role of materiality and embodiment in their own work exploring issues that are directly relevant to current archaeological thinking They are joined by archaeologists actively involved with visual approaches including Anwen Cooper Christopher Evans Steven Mithen Joshua Pollard Nicholas Saunders Aaron Watson and the editorial trio The book is lavishly illustrated in colour

The Monthly Record, 1910 **Postcards from the Trenches** Allyson Booth, 1996-11-07 The unprecedented magnitude of death during World War I forever altered how people perceived their world and how they represented those perceptions In Postcards from the Trenches Allyson Booth traces the complex relationship between British Great War culture and modernist writings She shows that through the experience of the Great War both civilian and combatant modernist writers found that language could no longer represent experience She goes on to identify and contextualize several of the resulting modernist tropes she links the dissolving modernist self to soldiers' familiarity with corpses the modernist mistrust of factuality to the apparent inaccessibility of facts

regarding the rape of Belgium and the modernist interest in multiple viewpoints to the singularity of perspective with which generals studied battlefield maps Though her emphasis is on literary works by Robert Graves E M Forster and Vera Brittain among others Booth s analysis extends to memorials posters and architecture of the Great War This interdisciplinary quality of Booth s study results in a much deeper understanding of how the Great War affected cultural representations and how that culture represented the War *The Great War* Dan Todman,2014-03-04 The First World War with its mud and the slaughter of the trenches is often taken as the ultimate example of the futility of war Generals safe in their headquarters behind the lines sent millions of men to their deaths to gain a few hundred yards of ground Writers notably Siegfried Sassoon and Wilfred Owen provided unforgettable images of the idiocy and tragedy of the war Yet this vision of the war is at best a partial one the war only achieving its status as the worst of wars in the last thirty years At the time the war aroused emotions of pride and patriotism Not everyone involved remembered the war only for its miseries The generals were often highly professional and indeed won the war in 1918 In this original and challenging book Dan Todman shows views of the war have changed over the last ninety years and how a distorted image of it emerged and became dominant **Rays from the Rose Cross** ,1918
