Remembering the Pacific War Geoffrey Miles White, 1991 **Mothers' Darlings of the South Pacific** Judith A. Bennett, Angela Wanhalla, 2016-03-31 Over the course of World War II two million American military personnel occupied bases throughout the South Pacific leaving behind a human legacy of at least 4 000 children born to indigenous mothers Based on interviews conducted with many of these American indigenous children and several of the surviving mothers *Mothers Darlings of the South Pacific* explores the intimate relationships that existed between untold numbers of U S servicemen and indigenous women during the war and considers the fate of their mixed race children These relationships developed in the major U S bases of the South Pacific Command from Bora Bora in the east across to Solomon Islands in the west and from the Gilbert Islands in the north to New Zealand in the southernmost region of the Pacific The American military command carefully managed interpersonal encounters between the sexes applying race based U S immigration law on Pacific peoples to prevent marriage across the color line For indigenous women and their American servicemen

sweethearts legal marriage was impossible giving rise to a generation of fatherless children most of whom grew up wanting to know more about their American lineage Mothers Darlings of the South Pacific traces these children s stories of loss emotion longing and identity and of lives lived in the shadow of global war Each chapter discusses the context of the particular island societies and shows how this often determined the ways intimate relationships developed and were accommodated during the war years and beyond Oral histories reveal what the records of colonial governments and the military have largely ignored providing a perspective on the effects of the U S occupation that until now has been disregarded by Pacific war historians The richness of this book will appeal to those interested the Pacific World War II as well as intimacy family race relations colonialism identity and the legal structures of U S immigration

Senso: The Japanese Remember the Pacific War Frank Gibney,Beth Cary,2015-04-29 This acclaimed work is an extraordinary collection of letters written by a wide cross section of Japanese citizens to one of Japan s leading newspapers expressing their personal reminiscences and opinions of the Pacific war SENSO provides the general reader and the specialist with moving disturbing startling insights on a subject deliberately swept under the rug both by Japan s citizenry and its government It is an invaluable index of Japanese public opinion about the war *Memories of the Japanese Empire* Yuko Mio,2021-07-08 The contributors to this book examine and compare the colonial and decolonisation experiences of people in Taiwan and Nan y Gunt Micronesia who underwent periods of rule by the Greater Japanese Empire Early anthropological theory of Western imperialist countries focused on transforming savage cultures by ruling in a high handed manner When Japan asserted its hegemony through sudden colonisation its culture was perceived as inferior to the civilisation indices previously experienced by those it ruled How did these ruled nations construct their cultural and historical awareness in areas where the strategic design of Japan s civilising mission was not convincing After the end of World War II many emerging countries in the Third World achieved independence through various negotiations or struggles

with their former colonial powers and built new relationships with their erstwhile rulers. However, after Japan's defeat, Taiwan and Nan'yung became ruled by new foreign governments. How did Japan's reign and transplanted Japanese culture affect the formation of historical awareness and cultural construction of present-day communities in these two regions? This book provides a fascinating ethnographic insight into the effects of empire and colonisation on the historic imagination which will be of great interest to historical anthropologists of Taiwan, Japan and the Pacific.

Memorializing Pearl Harbor Geoffrey M. White, 2016-03-31

Memorializing Pearl Harbor examines the challenge of representing history at the site of the attack that brought America into World War II. Analyzing moments in which history is re-presented in commemorative events, documentary films, museum design and educational programming, Geoffrey M. White shows that the memorial to the Pearl Harbor bombing is not a fixed or singular institution. Rather, it has become a site in which many histories are performed, validated and challenged. In addition to valorizing military service and sacrifice, the memorial has become a place where Japanese veterans have come to seek recognition and reconciliation, where Japanese Americans have sought to correct narratives of racial mistrust, and where Native Hawaiians have challenged their ongoing erasure from their own land. Drawing on extended ethnographic fieldwork, White maps these struggles onto larger controversies about public history, museum practices and national memory.

Decolonisation and the Pacific Tracey Banivanua Mar, 2016-04-26

This book charts the previously untold story of decolonisation in the oceanic world of the Pacific. Australia and New Zealand, presenting it both as an indigenous and an international phenomenon, Tracey Banivanua Mar reveals how the inherent limits of decolonisation were laid bare by the historical peculiarities of colonialism in the region and demonstrates the way imperial powers conceived of decolonisation as a new form of imperialism. She shows how Indigenous peoples responded to these limits by developing rich intellectual, political and cultural networks transcending colonial and national borders, with localised traditions of protest and dialogue connected to the global ferment of the twentieth century. The individual stories told here shed new light on the forces that shaped twentieth-century global history and reconfigure the history of decolonisation, presenting it not as an historic event but as a fragile, contingent and ongoing process continuing well into the postcolonial era.

Race Against Death: The Greatest POW Rescue of World War II (Scholastic Focus) Deborah Hopkinson, 2023-04-18

A thrilling account of the most daring World War II rescue mission liberating hundreds of American prisoners of war. Scholastic Focus is the premier home of thoroughly researched, beautifully written and thoughtfully designed works of narrative nonfiction aimed at middle grade and young adult readers. These books help readers learn about the world in which they live and develop their critical thinking skills so that they may become dynamic citizens who are able to analyze and understand our past, participate in essential discussions about our present, and work to grow and build our future. Following the bombing of Pearl Harbor, America entered World War II and a new theater of battle opened up in the Pacific. But US troops, along with thousands of Filipino soldiers who fought alongside them, were

overtaken in the Philippines by a fiercely determined Japanese navy and many Americans and Filipino fighters were killed or captured. These American and Filipino prisoners of war were forced to endure the most horrific conditions on the deadly trek known as the Bataan Death March. Then the American servicemen who were held captive by the Japanese military in Cabanatuan Camp and others in the Philippines faced beatings, starvation, and tropical diseases and lived constantly under the threat of death. Unable to forget their comrades' fate and concerned that these POWs would be brutally murdered as the tides of war shifted in the Pacific, the US Army Rangers undertook one of the most daring and dangerous rescue missions of all time. Aided by the Angels of the Underground, the Sixth Ranger Battalion, and courageous Filipino guerrilla soldiers, they set out on an uncertain and treacherous assignment. Often called the Great Raid, this remarkable story remains largely forgotten.

Sibert Honor author Deborah Hopkinson presents an extraordinary and unflinching look at the heroic servicemen and women who courageously weathered the worst of circumstances and conditions in service to their country as well as those who answered the call to save their fellow soldiers.

Spies of the Pacific: Forgotten Heroes of World War II Pasquale De Marco, 2025-03-19

In the annals of World War II, the Pacific theater often takes a backseat to the more well-known European and North African campaigns. Yet amidst the vast expanse of the Pacific, a secret war was being waged: a war of shadows and whispers where courage and sacrifice knew no bounds. This is the story of the American Filipino guerrillas and their enigmatic leader, Chick Parsons. Operation Spyron was a daring mission that saw Parsons sail from Australia to enemy-occupied Mindanao in the Philippines by submarine no less than eight times. His objective: to coordinate a guerrilla movement that would strike at the heart of the Japanese forces, disrupting their supply lines, gathering intelligence, and keeping the flame of resistance alive. The American Filipino guerrillas were a diverse group of men and women united by their love of country and their unwavering determination to fight for freedom. They came from all walks of life: farmers, fishermen, students, and even former soldiers. They were poorly equipped and outnumbered, but they possessed an indomitable spirit that would not be broken. Their tactics were as unconventional as their composition. They moved like ghosts through the jungle, striking at the Japanese with lightning speed and disappearing before they could retaliate. They relied on hit-and-run attacks, ambushes, and sabotage to weaken the enemy and keep them off balance. The guerrillas' contributions to the Allied victory in the Pacific theater were immense. They provided valuable intelligence, disrupted Japanese supply lines, and kept the Japanese forces constantly on edge. Their actions played a pivotal role in the liberation of the Philippines and the eventual surrender of Japan. This book is their story: a story of courage, resilience, and sacrifice. It is a tribute to the forgotten heroes of World War II, the men and women who fought in the shadows and whose contributions to victory are often overlooked. If you like this book, write a review.
