Wölfel, 2011-11-08 Memories of and attitudes to the German Democratic Republic GDR or East Germany within contemporary Germany are characterized by their variety and complexity whilst the debate over how to remember the GDR tells us a lot about how Germans see themselves and their future This volume provides a range of international perspectives *Remembering the Cold War* David Lowe, Tony Joel, 2014-01-21 Remembering the Cold War examines how more than two decades since the collapse of the Soviet Union Cold War legacies continue to play crucial roles in defining national identities and shaping international relations around the globe Given the Cold War's blurred definition it has neither a widely accepted commencement date nor unanimous conclusion what is to be remembered This book illustrates that there is in fact a huge body of remembrance and that it is more pertinent to ask what should be included and what can be overlooked Over five sections this richly illustrated volume considers case studies of Cold War remembering from different parts of the world and engages with growing theorisation in the field of memory studies specifically in relation to war David Lowe and Tony Joel afford careful consideration to agencies that identify with being victims of the Cold War In addition the concept of arenas of articulation which envelops the myriad spaces in which the remembering commemorating memorialising and even revising of Cold War history takes place is given prominence *Just Remembering* Michael Warren Tumolo, 2015-10-29 Just Remembering Rhetorics of Genocide Remembrance and Sociopolitical Judgment analyzes a set of influential discourses of genocide remembrance to explain how public memory discourses inform sociopolitical judgment Within this explanatory context Just Remembering additionally asks how we might remember pasts marked by genocidal violence in ways that commit ourselves to a deeper understanding and more humane practice of justice The chapters are thematically organized focusing on specific sites of memory to highlight symbolic inducements of memorial discourses Chapter 2 analyzes U S public discourse concerning an Armenian Genocide resolution to elucidate the role of politics in the production dissemination and maintenance of memory Chapter 3 offers a historical account of the shift in public discourse concerning the capture of the Nazi war criminal Adolf Eichmann demonstrating how and with what

consequences the discourses shifted from a focus on law to a focus on morality Chapter 4 expands this work by analyzing how competing narrative accounts of historical figures and events Eichmann and the Holocaust influence what we remember how we remember and the ends to which we apply such memories Chapter 5 analyzes the Report of the President's Commission on the Holocaust that produced the United States official remembrance of the Holocaust This chapter argues that the Commission Report provides an exemplary explanation for why we should remember and provokes a complex understanding of what we are to remember Chapter 6 concludes the book by focusing on the productive capacity of the humanitarian aims of U S Holocaust remembrance

German Protestants Remember the Holocaust K. Hannah Holtschneider, 2001 Focusing on the 1980s 90s examines how Protestants in Germany interpret their self understanding as part of the community which is defined by its connection to the Nazi past Analyzes representations of the Holocaust and of the Christian Jewish relationship in three German Protestant theological texts the 1980 statement of the Rhineland synod of the Evangelical Church Zur Erneuerung des Verhältnisses von Christen und Juden Marquardt's theological text Von Elend und Heimsuchung der Theologie Prolegomena zur Dogmatik 1992 and Britta Jüngst's dissertation Auf der Seite des Todes das Leben 1996 The analysis of these texts is informed by the development of narratives of collective memory of the Holocaust in German society in the 1980s 90s from the miniseries Holocaust to the Goldhagen controversy All three texts admit the responsibility of Christianity and Christians for the Holocaust and build theologies that do not reject Jews Contents that contrary to their stated intentions most Holocaust theologians do not truly listen to the Jewish perspective Calls on practitioners of theology after Auschwitz to embrace Jews and Judaism in order to restore the credibility of Christian Churches which abandoned the Jews in Auschwitz

National and Transnational Memories of the Kindertransport Amy Williams, William Niven, Bill Niven, 2023 The first transnational study of the memory of the Kindertransport and the first to explore how it is represented in museums memorials and commemorations The Kindertransport the rescue of ca 10 000 Jewish children from the Nazi sphere of control and influence before the Second World War has often been framed as a British story This book recognizes that even though most of the Kinder were initially brought to the UK and many stayed it was more than that It therefore compares British memory of the Kindertransport to that of other host nations the US Canada Australia and New Zealand It is the first book to ask how the Kindertransport is remembered both in the countries of origin particularly Germany and in the host nations as well as the first to analyze how it is represented in museums memorials and commemorations Seeing memory of the Kindertransport in the host nations and in Germany as significantly different the study argues that the different national memory discourses around the Nazi persecution of Jews shape the respective countries images of the Kindertransport and that those images in turn shape the discourses especially in Britain Yet while national memory frameworks remain crucial to how the Kindertransport is remembered the book also documents the increasing significance of transnational memory trends that link the host nations with each other and with the countries from
