Winner of the 2025 AEJMC Knudson Latin America Prize As a young journalist at the Brazil Herald from 1979-81 Stephen G. Bloom spent his early professional years working in Rio's seedy Lapa district surrounded by fugitives drug runners pornographers and stealth CIA agents Bloom shares the wild story of this English language newspaper in *The Brazil Chronicles* The expat newspaper was a breeding ground for a different kind of storyteller audacious risk takers who told madcap tales of Amazon plantations Confederate emigres and lost Indian tribes Several renown journalists cut their teeth at the Brazil Herald including acclaimed New York Times correspondent Tad Szulc Huffington Post CEO Eric Hippeau and an untamed Gonzo reporter by the name of Hunter S. Thompson Drawing from extensive archival research and more than 150 interviews with his former colleagues Bloom's eye-opening narrative dive is both entertaining and academically rigorous With a backdrop of coups nonstop political instability censorship hyperinflation and weekends at sultry Ipanema Beach *The Brazil Chronicles* doubles as a coming-of-age memoir following young Bloom as he embarks on his quest to become a foreign correspondent relocating to a foreign country to pursue under-the-radar stories and tall tales His firsthand experience provides an insider eye-witness account of the newspaper's colorful history transporting the reader to its sweltering newsroom and delving into the multifarious lives of its eclectic trailblazing polyglot staff Even as Bloom weaves between personal narrative history and accounts from journalism luminaries it's clear who the book's main character is the one of a kind newspaper itself

Remembering Roadside America John A. Jakle,Keith A. Sculle,2011-09-30 The use of cars and trucks over the past century has remade American geography pushing big cities ever outward toward suburbanization spurring the growth of some small towns while hastening the decline of others and spawning a new kind of commercial landscape marked by gas stations drive in restaurants motels tourist attractions and countless other retail entities that express our national love affair with the open road By its very nature this landscape is ever changing indeed ephemeral What is new quickly becomes old and is soon forgotten In this absorbing book John Jakle and Keith Sculle ponder how Roadside America might be remembered especially since so little physical evidence of its earliest years survives In straightforward and lively prose supplemented by copious illustrations historic and modern photographs advertising postcards cartoons roadmaps they survey the ways in which automobility has transformed life in the United States Asking how we might best commemorate and preserve this part of our past which has been so vital economically and politically so significant to the cultural aspirations of ordinary Americans yet so often ignored by scholars who dismiss it as kitsch they propose the development of an actual outdoor museum that would treat seriously the themes of our roadside history Certainly museums have been created for frontier pioneering the rise of commercial agriculture and the coming of water and steam powered industrialization and transportation especially the railroad Is now not the time the authors ask for a museum forcefully exploring the automobile s emergence and the changes it has brought to place and landscape Such a museum need not deny the nostalgic appeal of roadsides past but if done properly it could also tell us much about what the authors describe as the most important kind of place yet devised in the American experience John A Jakle is Emeritus Professor of Geography at the University of Illinois Urbana Champaign Keith A Sculle is the former head of research and education at the Illinois Historic Preservation Agency They have coauthored such books as America s Main Street Hotels Transiency and Community in the Early Automobile Age Motoring The Highway Experience in America Fast Food Roadside Restaurants in the Automobile Age and The Gas Station in

America **Weak Nationalisms** Douglas Dowland, 2019-07 The question What is America has taken on new urgency Weak Nationalisms explores the emotional dynamics behind that question by examining how a range of authors have attempted to answer it through nonfiction since the Second World War revealing the complex and dynamic ways in which affects shape the literary construction of everyday experience in the United States Douglas Dowland studies these attempts to define the nation in an eclectic selection of texts from writers such as Simone de Beauvoir John Steinbeck Charles Kuralt Jane Smiley and Sarah Vowell Each of these texts makes use of synecdoche and Weak Nationalisms shows how this rhetorical technique is variously driven by affects including curiosity discontent hopefulness and incredulity In exploring the function of synecdoche in the creative construction of the United States Dowland draws attention to the evocative politics and literary richness of nationalism and connects critical literary practices to broader discussions involving affect theory and cultural representation *Remembering Main Street* Pat Ross, 1994 Describes ten still authentic American towns each of which represents a phase of the country's history and culture **Ely Echoes** Bob Cary, 2000 **The North Carolina Historical Review**, 2001 **Our State**, 1999 *Reagan's "Boys" and the Children of the Greatest Generation* Jonathan M. Bullinger, 2019-10-10 During the 1980s and 1990s aging Baby Boomer parents constructed a particular type of memory as they attempted to laud their own parents wartime accomplishments with the label The Greatest Generation This book is the first to tell the entire story of this particular type of U S World War II memory begun by U S President Ronald Reagan in 1984 and promoted the same year by newscaster Tom Brokaw The story continues in 1994 when it was given academic credence by historian Stephen E Ambrose a sensory realism and ideal American character by director Steven Spielberg and actor Tom Hanks sloganized by Tom Brokaw in 1998 and later interpreted in light of 9 11 and new wars **TV Guide**, 1999
