Daniel Curley,2013-03-01 In Daniel Curley s stories passionate rage and cool clear hatred alter the terms of even the most basic human relationships etching odd patterns on the surface of the natural world a man applies the methods of Mata Hari to the task of keeping track of his ex wife the victim of a pickpocket plots psychological revenge on the criminal population of a Mexico City bus line a spurned lover summons all his strength and courage to liberate a roomful of snakes held captive by his rival For the most part the figures in the landscape of these stories are men and women performing the rituals that lead to and away from marriage In The First Baseman a man in the process of getting a divorce falls in love with a player on a woman s softball team but their conversation never goes far beyond the subject of her batting average In Trinity an estranged couple brought together again by the death of their daughter finds that they cannot recreate either their love or their child And in Wild Geese a man s dream about his childhood when flocks of geese patterned the sky is interrupted and finally shot through by fevered images of a tedious dinner party Nature exists as a refuge in these stories but it is a refuge mostly to be found in the shadow of the fear of death in the recesses of memory beyond the bars that isolate zoo animals from an unruly world Demonically honest and sometimes violently funny Living with Snakes tells of a world where love is at best a touch and go sort of thing where sometimes men and women are bound together not so much by affection as by mutual loss mutual pain

Remembering the Forgotten War Michael Van Wagenen,2012 This book answers the deeper question of how remembrance of the U S Mexican War has shaped the complex relationship between these former enemies now turned friends The distant violence becomes a new lens through which to view today s rivalries and resentments Page 7

Nabokov's major writings exploring the tensions, fissures, and failures in Nabokov's attempts to assert aesthetic control over historical time. In reading his response to the rise of totalitarianism, the Holocaust, and Cold War, Norman redresses the commonly expressed admiration for Nabokov's heroic resistance to history by suggesting the ethical, aesthetic, and political costs of reading and writing in its denial. This book offers a rethinking of Nabokov's location in literary history, the ideological impulses which inform his fiction, and the importance of temporal aesthetics in negotiating the matrices of modernism.
