

Reminiscences of a Viennese Psychoanalyst

RICHARD F. STERBA, M.D.

Reminiscences Of A Viennese Psychoanalyst

Paul Roazen

Reminiscences Of A Viennese Psychoanalyst:

Reminiscences of a Viennese Psychoanalyst Richard F. Sterba, 1982 Psychoanalytic Memoirs Jeffrey Berman, 2022-11-17 The first book length study of the psychoanalytic memoir this book examines key examples of the genre including Sigmund Freud's mistitled *An Autobiographical Study* Helene Deutsch's *Confrontations with Myself* An Epilogue Wilfred Bion's *War Memoirs* 1917-1919 Masud Khan's *The Long Wait* Sophie Freud's *Living in the Shadow of the Freud Family* and Irvin D Yalom and Marilyn Yalom's *A Matter of Death and Life* Offering in each chapter a brief character sketch of the memoirist the book shows how personal writing fits into their other work often demonstrating the continuities and discontinuities in an author's life as well as discussing each author's contributions to psychoanalysis whether positive or negative

Somatic Experience in Psychoanalysis and Psychotherapy William F Cornell, 2015-03-27 The body of both the patient and the analyst is increasingly a focus of attention in contemporary psychoanalytic theory and practice especially from a relational perspective There is a renewed regard for the understanding of embodied experience and sexuality as essential to human vitality However most of the existing literature has been written by analysts with no formal training in body centered work In this book William Cornell draws on his experience as a body centered psychotherapist to offer an informed blend of the two traditions to allow psychoanalysts a deep understanding in psychoanalytic language of how to work with the body as an ally The primary focus of *Somatic Experience in Psychoanalysis and Psychotherapy* situates systematic attention to somatic experience and direct body level intervention in the practice of psychoanalysis and psychotherapy It provides a close reading of the work of Wilhelm Reich repositioning his work within a contemporary psychoanalytic frame and re-presents Winnicott's work with a particular emphasis on the somatic foundations of his theories William Cornell includes vivid and detailed case vignettes including accounts of his own bodily experience to fully illustrate a range of somatic attention and intervention that include verbal description of sensate experience exploratory movement and direct physical contact Drawing on relevant theory and significant clinical material *Somatic Experience in Psychoanalysis and Psychotherapy* will allow psychoanalysts an understanding of how to work with the body in their clinical practice It will bring a fresh perspective on psychoanalytic thinking to body centred psychotherapy where somatic experience is seen as an ally to psychic and interpersonal growth This book will be essential reading for psychoanalysts psychodynamically oriented psychotherapists transactional analysts body centred psychotherapists Gestalt therapists counsellors and students William Cornell maintains an independent private practice of psychotherapy and consultation in Pittsburgh PA He has devoted 40 years to the study and integration of psychoanalysis neo-Reichian body therapy and transactional analysis He is a Training and Supervising Transactional Analyst and has established an international reputation for his teaching and consultation

Psychoanalysis Under Nazi Occupation Laura Sokolowsky, 2021-09-30 Laura Sokolowsky's survey of psychoanalysis under Weimar and Nazism explores how the paradigm of a psychoanalysis for all became untenable as the Nazis rose to power

Mainly discussing the evolution of the Berlin Institute during the period between Freud's creation of free psychoanalytic centres after the founding of the Weimar Republic and the Nazi seizure of power in 1933 the book explores the ideal of making psychoanalysis available to the population of a shattered country after World War I and charts how the Institute later came under Nazi control following the segregation and dismissal of Jewish colleagues in the late 1930s The book shows how Freudian standards resisted the medicalisation of psychoanalysis for purposes of adaptation and normalisation but also follows Freud's distinction between sacrifice where you know what you have given up and concession an abandonment of position through compromise to demonstrate how German psychoanalysts put themselves at the service of the fascist master in the hope of obtaining official recognition and material rewards Discussing the relations of psychoanalysis with politics and ethics as well as the origin of the Lacanian movement as a response to the institutionalisation of psychoanalysis during the Nazi occupation this book is fascinating reading for scholars and practitioners of psychoanalysis working today **Beyond**

Psychotherapy Barnaby B. Barratt, 2019-04-05 2020 American Board Academy of Psychoanalysis ABAPsa book award winner In *Beyond Psychotherapy On Becoming a Radical Psychoanalyst* Barnaby B Barratt illuminates a new perspective on what it means to open our awareness to the depths of psychic life and restores the radicality of genuinely psychoanalytic discourse as the unique science of healing Starting with an incisive critique of the ideological conformism of psychotherapy Barratt defines the method of psychoanalysis against the conventional definition which emphasizes the practice of arriving at useful interpretations about our personal existence Instead he shows how a negatively dialectical and deconstructive praxis successfully attacks the self enclosures of interpretation allowing the speaking listening subject to become existentially and spiritually open to hidden dimensions of our lived experience He also demonstrates how the erotic deathfulness of our being in the world is the ultimate source of all the many resistances to genuinely psychoanalytic praxis and the reason Freud's discipline has so frequently been reduced to various models of psychotherapeutic treatment Focusing on the free associative dimension of psychoanalysis Barratt both explores what psychoanalytic processes can achieve that psychotherapeutic ones cannot and considers the sociopolitical implications of the radical psychoanalytic take on the human condition The book also offers a detailed and compassionate pointer for those wanting to train as psychoanalysts guiding them away from what Barratt calls the trade school mentality pervading most training institutes today Groundbreaking and inspiring *Beyond Psychotherapy* will be essential reading for psychoanalysts psychoanalytic psychotherapists and all other therapists seeking a radically innovative approach It will also be a valuable text for scholars and students of psychoanalytic studies social sciences philosophy and the history of ideas *A Psychology of Difference* Otto Rank, 2020-07-21 A leading disciple and confidant of Freud Otto Rank revolutionized the field of psychoanalytic theory in *The Trauma of Birth* 1924 In this book Rank proposed that the child's pre Oedipal relationship to the mother was the prototype of the therapeutic relationship between analyst and patient Although Rank is now widely acknowledged as the most important precursor of humanistic and existential

psychotherapy influencing such well known writers as Carl Rogers Rollo May and Ernest Becker Rank's knotty prose has long frustrated readers In this volume of Rank's lectures Robert Kramer has brought together for the first time the innovator's clearest explanations of his most influential theories The lectures were delivered in English to receptive audiences of social workers therapists and clinical psychologists throughout the United States from 1924 to 1938 the year before Rank's untimely death The topics covered include separation and individuation projection and identification love and will relationship therapy and neurosis as a failure in creativity The lectures reveal that Rank much maligned by orthodox analysts invented the modern object relations approach to psychotherapy in the 1920s In his introduction based on private correspondence between Rank Freud and others in the inner circle Robert Kramer tells the full story of why Rank parted ways with Freud The collection of lectures constitutes a readable Rank filled with insights still relevant today for those interested in the humanistic existential or object relational aspects of psychotherapy or in the development of the psychoanalytic movement

Edoardo Weiss Paul Roazen, 2017-12-04 Edoardo Weiss 1889-1970 was a favored disciple of Freud and is acknowledged as the founder of psychoanalysis in Italy Although he was the author of six books and over a hundred professional papers he has remained a shadowy figure In this volume Paul Roazen provides a definitive portrait of this notable individual Based on his extensive interviews with Weiss Roazen evaluates the significance of Weiss's own contribution to psychoanalytic thought and practice and presents a fascinating picture of the reception given to Freud's thought in Italy Despite his prominence Weiss's life and work has not been well documented Roazen shows that his links to modern Italian history and culture were extensive and closely bound to the political and social conflicts of the twentieth century Born in the cosmopolitan city of Trieste Weiss was the nephew of the novelist Italo Svevo whose masterpiece *The Confessions of Zeno* remains one of the principle psychoanalytic novels in modern literature Another Triestine Umberto Saba one of the great modern Italian poets was Weiss's patient Weiss's career also intersected with Italian politics The daughter of one of Mussolini's cabinet ministers was one of his patients an analysis that has raised questions about Freud's own relation to the Italian dictator Roazen documents Weiss's tribulations in trying to establish a psychoanalytic culture opposed not only by the fascist regime but the Catholic Church In spite of these instances of opposition Roazen shows that the Italian intellectual world was highly receptive to Freudian ideas and that psychoanalysis is flourishing today in Italy Weiss has never before been recognized as a front rank analytic thinker but he was leader of the movement in Italy a country that mattered deeply to Freud This along with the genuine intimacy of his contacts with Freud makes Weiss a figure of considerable interest to students of psychoanalysis Italian culture and intellectual history

[Unfree Associations](#) Douglas Kirsner, 2009 This is the most thorough revealing and illuminating account of the inner workings of psychoanalytic institutions that has ever been written It comprises ground breaking in depth recent political histories of the four leading psychoanalytic institutes in the United States New York Boston Chicago and Los Angeles based on the author's extensive field work Kirsner

also provides dramatic insights into what psychoanalysts and their institutions have contributed to what has gone wrong with psychoanalysis. The result is a fascinating series of portraits of these institutes, their organizations, their cultures, their ways of mediating conflict and how they have survived. In addition to archival research, the book is built on scores of interviews with prominent psychoanalysts who were often protagonists in the stories of their institutes. Many themes emerge in Kirsner's gripping yet scholarly accounts. Most importantly, he demonstrates that issues surrounding the right to train are central to psychoanalytic disputes. *Unfree Associations* examines the problems of psychoanalysis, a humanistic discipline that has been touted as a science on the model of the natural sciences but has been organized institutionally as a religion. Interest in this book should not be confined to psychoanalysts. It is a rich set of case studies in the vicissitudes of group relations with the ironic twist that the members of these organizations profess to have special insight into human nature and how people get along with one another.

Psychotherapy in the Third Reich Thomas Blomberg, 2018-04-27 The idea for this book sprang from Geoffrey Cocks' curiosity as to what happened in the new dynamic field of psychotherapy in Germany with the advent of Hitler. While traditional views merely asserted that the Nazis destroyed the field of psychotherapy in Germany, a viewpoint justifiably based on the testimony of those in the field who had emigrated from Germany to escape Nazi persecution, Cocks learned that there was more to the story. He looked to several interesting shards of evidence that pointed to the possibility that one could reconstruct a history of morally questionable professional developments in German psychotherapy during the Third Reich. The evidence included existence of a journal for psychotherapy published continuously from 1928 to 1944, accounts of a psychotherapist who assumed leadership of his colleagues and who was a relative of the powerful Nazi leader Hermann Goring, and a strong psychotherapeutic lobby in German medicine that was intellectually impoverished but apparently not destroyed by the expulsion of the prominent and predominantly Jewish psychoanalytic movement. Non-Jewish psychoanalysts and psychotherapists had in fact pursued their profession under the aegis of the so-called Goring Institute with substantial support from agencies of the Nazi party, the Reich government, the military, and private business. Much research has been done in the ten years since the first edition of this book was published, hence the need for a second edition. Included is more information on the history of psychotherapy and psychoanalysis in Nazi Germany, on the social history of the Third Reich, and on the history of the professions in Germany. Three new chapters analyze postwar developments and conflicts as well as broader issues of continuity and discontinuity in the history of modern Germany and the West. In addition, the author has reorganized the volume along chronological and narrative lines for greater ease of reading. *Psychotherapy in the Third Reich* is an important work for psychotherapists, psychologists, psychoanalysts, sociologists, and historians.

The Freudians, 1997-01-01 Every country unconsciously creates the psychoanalysis it needs, says Edith Kurzweil. Freudians everywhere, even the most orthodox, are influenced by national traditions, interests, beliefs, and institutions. In this original and stimulating book, Kurzweil traces the ways in which psychoanalysis has evolved in Austria, England, France, Germany, and the

United States The author explains how psychoanalysis took root in each country outlines the history of various psychoanalytic institutes and describes how Freudian doctrine has been transmuted by aesthetic values behavioral mores and political traditions of different cultures The Germans for example took Austrian humanism and made it scientific The British developed object relations French psychoanalysts emphasized linguistics and structuralism and developed an abiding fascination with text language subtext and plot structures In her new introduction Kurzweil reexamines her argument that countries develop their own psychoanalysis according to their needs She describes evidence supporting her theories and why they continue to hold true today She also discusses what led her to write this book initially The Freudians is a major work in confirming the importance of psychoanalytic thought across national and cultural boundaries

The Jewish Thought and Psychoanalysis Lectures Harvey J Schwartz, 2020-02-28 Thought provoking explorations of the relationship between psychoanalysis and Judaism which investigate themes of tradition forgiveness hysteria the body unconscious communication religious experience trauma anti-Semitism and victimization Based on the hugely successful Jewish Thought and Psychoanalysis lecture series it contains contributions from Eli Zaretsky Stephen Frosh Sander L Gilman Marsha Aileen Hewitt Eran Rolnik Ruth Calderon and Harvey Schwartz Freud's relationship with his Judaism his by virtue of his self description as a fanatical Jew was framed by two of his convictions He was centered both by his passionate cultural affiliation and by his atheism Within these internal guideposts lay a Jewish life layered by tensions pleasures and identifications His creation psychoanalysis has labored to honor its Jewish influences Recent studies of these insights have contributed to the current interest in listening more carefully to the individual meanings of analysands religious life This lecture series was designed to introduce to the public both the similarities and the differences between the psychoanalytic and the Jewish world views The contributors are among the thought leaders of our generation who work at the interface of the intrapsychic and religious states of mind We learn how each has influenced the other and perhaps how each has been enriched by the other A tour de force delving into the influence of Freud's Jewish roots on the development of psychoanalysis

Philosophical Issues in Counseling and Psychotherapy, James T. Hansen, 2013-11-21 To become a counselor or psychotherapist one must learn a confusing and conceptually disconnected array of theories techniques and ideologies For instance CBT humanistic and psychodynamic interventions have virtually opposite conceptual foundations but they are all used to help clients What principles however connect the various movements trends and methods of helping In *Philosophical Issues in Counseling and Psychotherapy* Encounters with Four Questions about Knowing Effectiveness and Truth James T Hansen asks and proposes beginning resolutions to four fundamental philosophical questions about knowing effectiveness and truth that are designed to unite and give meaning to diverse and seemingly contradictory models of helping What does it mean to know a client What makes counseling effective Are truths discovered or created in the counseling relationship Should counselors abandon the idea of truth Although these questions are complex Hansen provides plain language answers that make the material

accessible to readers who have no formal education in philosophy Furthermore he addresses these questions in the context of his personal struggles to find meaning making the book an engaging and highly enjoyable reading experience Treating Mind and Body Geoffrey Cocks,2018-04-24 As historians rediscover human society to be as much about desire fantasy and irrationality as it is about interest reality and reason the history of psychoanalytic thought takes on an increasing significance Its growth and interconnection with other fields appealed to the eclectic and holistic interests of historians so much so that the term psychohistory was coined admiringly ambivalently or perjoratively The methodological intersection of psychology and history also helped move us toward a more inclusive social history through investigation of the institutional history of medical sciences of the mind Treating Mind and Body examines the recent history of psychotherapy psychoanalysis and medicine in Germany through a series of original essays by Geoffrey Cocks The first section Psychotherapy analyzes the history of psychotherapy in the Third Reich and includes such essays as The Professionalization of Psychotherapy in Germany and The Nazis and C G Jung which examines Jung s association with the Nazi regime and the rift between Jungians and Freudians Section two Psychoanalysis considers the repression of memory evident among German psychoanalysts a more disturbing historical reality than the traditional view of a Nazi destruction of psychoanalysis Essays include Psychoanalysis and Psychotherapy in Germany Since 1939 as well as a discussion of Heinz Kohut s self psychology in light of Kohut s life experience in Austria and America In section three Cocks treats medicine the history of professions and the increasing awareness among historians of the place of medicine hi Nazi plans and projects Essays include Jews and Medicine in Modern German Society and The Nuremberg Doctor s Trial and Medicine in Modern Germany As a historian of Germany psychoanalysis and medicine Cocks s writings reflect an abiding interest in the intersections of psychology and history To his selection of previously published essays he adds a new introduction placing the essays in newer richer contexts This book will be of interest to psychologists psychiatrists and psychotherapists as well as those in the fields of medicine history and sociology Old and Dirty Gods Pamela Cooper-White,2017-11-20 Freud s collection of antiquities his old and dirty gods stood as silent witnesses to the early analysts paradoxical fascination and hostility toward religion Pamela Cooper White argues that antisemitism reaching back centuries before the Holocaust and the acute perspective from the margins that it engendered among the first analysts stands at the very origins of psychoanalytic theory and practice The core insight of psychoanalytic thought that there is always more beneath the surface appearances of reality and that this more is among other things affective memory laden and psychological cannot fail to have had something to do with the experiences of the first Jewish analysts in their position of marginality and oppression in Habsburg Catholic Vienna of the 20th century The book concludes with some parallels between the decades leading to the Holocaust and the current political situation in the U S and Europe and their implications for psychoanalytic practice today Covering Pfister Reik Rank and Spielrein as well as Freud Cooper White sets out how the first analysts position as Europe s religious and racial Other shaped the development of

psychoanalysis and how these tensions continue to affect psychoanalysis today Old and Dirty Gods will be of great interest to psychoanalysts as well as religious studies scholars *Freud* Peter Gay, 1998 A biography and study of the psychoanalyst's career family personal life and professional struggles **Clinical Spinoza** Ian Miller, 2022-04-21 Discovering Spinoza's early modern psychology some 35 years into his own clinical practice Ian Miller now gives shape to this connection through a close reading of Spinoza's key philosophical ideas With a rigorous and expansive analysis of Spinoza's Ethics in particular Miller explores how Spinoza's thought simultaneously empowered the original conceptual direction of psychoanalytic thinking and anticipated the field's contemporary theoretical dimensions Miller offers a detailed overview of the philosopher's psychoanalytic reception from the early work of German language psychoanalytic thinkers such as Freud and Lou Andreas Salom forward into its Anglophone reception influencing both mid century humanistic American psychoanalysis as well as anticipating thinkers such as Bion and Winnicott Covering key concepts in psychoanalytic theory and clinical practice this book demonstrates how knowledge of Spinoza's philosophical work can help to both illuminate and improve modern psychoanalytic therapies *Death of a "Jewish Science"* James E. Goggin, Eileen Brockman Goggin, 2001 In this compelling book the role of the continual trauma that the Third Reich had on individual psychoanalysts is used to assess the events of the transformation of the Berlin Psychoanalytic Institute into the Goring Institute Through this investigation it is determined whether or not psychoanalysis survived at the Goring Institute during the Third Reich During the course of the novel the Third Reich is further explained as well as the possible extinction of psychoanalysis *Jewish Exiles' Psychological Interpretations of Nazism* Avihu Zakai, 2020-08-31 This book examines works of four German Jewish scholars who in their places of exile sought to probe the pathology of the Nazi mind Wilhelm Reich's *The Mass Psychology of Fascism* 1933 Erich Fromm's *Escape from Freedom* 1941 Siegfried Kracauer's *From Caligari to Hitler A Psychological History of the German Film* 1947 and Erich Neumann's *Depth Psychology and a New Ethic* 1949 While scholars have examined these authors' individual legacies no comparative analysis of their shared concerns has yet been undertaken nor have the content and form of their psychological inquiries into Nazism been seriously and systematically analyzed Yet the sense of urgency in their works calls for attention They all took up their pens to counter Nazi barbarism believing like the English jurist and judge Sir William Blackstone who wrote in 1753 *scribere est agere* to write is to act **Recollecting Freud** Isidor Sadger, 2005-05-01 This eyewitness account by one of Sigmund Freud's earliest students has been rediscovered for twenty first century readers Isidor Sadger's recollections provide a unique window into the early days of the psychoanalytic movement and also illuminate Freud's own struggles his delight in wit his attitudes toward Judaism and his strong opinions concerning lay nonmedical psychoanalysts As a student Sadger attended Freud's lectures from 1895 through 1904 Although Sadger was not part of Freud's inner circle he was a participant observer of Freud's early years as teacher therapist and clinician In 1930 Sadger published the biography *Sigmund Freud Persönliche Erinnerungen* but with the rise of Nazism and World War II the book was

almost lost to the world of psychoanalytic history Recollecting Freud is a long lost personal account that provides invaluable insights into Freud and his social cultural and intellectual context

Cultural Foundations of Political Psychology Paul Roazen, 2018-02-06 Over the centuries all of the great philosophers made psychology central to understanding social life Indeed the ancient Greeks thought it impossible to conceive of political life without insight into the human soul Yet insufficient professional legitimization attaches to the central importance of modern depth psychology in understanding politics Cultural Foundations of Political Psychology explores the linkages between psychology and politics focusing on how rival conceptions of the good life and unspoken moral purposes in the social sciences have led to sectarian intolerance Roazen has always approached the history of psychoanalysis with the conviction that ethical issues are implicit in every clinical encounter Thus his opening chapter on Erich Fromm's exclusion from the International Psychoanalytic Association touches on a host of political matters including collaboration as opposed to resistance to Nazi tyranny Roazen also brings a public private perspective to such well known episodes as the Hiss Chambers case the circumstances of Virginia Woolf's madness and suicide and the matter of CIA funding of the monthly Encounter He deals with the reaction to psychoanalysis on the part of three major philosophers Althusser Wittgenstein and Buber and looks at the link between psychology and politics in the work of such political theorists as Machiavelli Rousseau Burke Tocqueville Berlin and Arendt A chapter grappling with Vietnam and the Cold War illustrates how political psychology should be concerned with questions of an ethical or ought character In examining the social and psychological bases for political theorizing Roazen shows how both psychology and politics must change and redefine their methodologies as a result of their interaction Roazen concludes with a chapter on how political psychology must deal with issues posed by changing conceptions of femininity This volume is a pioneering exploration of the intersection of psychology and politics

This Enthralling Realm of Kindle Books: A Detailed Guide Revealing the Benefits of Kindle Books: A World of Convenience and Versatility Kindle books, with their inherent portability and simplicity of availability, have liberated readers from the limitations of physical books. Reminiscences Of A Viennese Psychoanalyst Introduction

In the digital age, access to information has become easier than ever before. The ability to download *Reminiscences Of A Viennese Psychoanalyst* has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download *Reminiscences Of A Viennese Psychoanalyst* has opened up a world of possibilities. Downloading *Reminiscences Of A Viennese Psychoanalyst* provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the

click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reminiscences Of A Viennese Psychoanalyst has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reminiscences Of A Viennese Psychoanalyst. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reminiscences Of A Viennese Psychoanalyst. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reminiscences Of A Viennese Psychoanalyst, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reminiscences Of A Viennese Psychoanalyst has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
