Rosen introduces readers to the community of Southern Jews of the 1860s revealing the remarkable breadth of Southern Jewry's participation in the war and their commitment to the Confederacy Intrigued by the apparent irony of their story Rosen weaves a complex chronicle that outlines how Southern Jews many of them recently arrived immigrants from Bavaria Prussia Hungary and Russia who had fled European revolutions and anti Semitic governments attempted to navigate the fraught landscape of the American Civil War This chronicle relates the experiences of officers enlisted men businessmen politicians nurses rabbis and doctors Rosen recounts the careers of important Jewish

Severance, 2020-06-09 An in depth political study of Alabama's government during memory the Civil War Alabama's military forces were fierce and dedicated combatants for the Confederate cause In his study of Alabama during the Civil War Ben H Severance argues that Alabama's electoral and political attitudes were in their own way

just as unified in their support for the cause of southern independence To be sure the civilian populace often expressed unease about the conflict as did a good many of Alabama's legislators but the majority of government officials and military personnel displayed pronounced Confederate loyalty and a consistent willingness to accept a total war approach in pursuit of their new nation's aims As Severance puts it Alabama was a war state all over In A War State All Over Alabama Politics and the Confederate Cause Severance examines the state's political leadership at multiple levels of governance congressional gubernatorial and legislative and orients much of his analysis around the state elections of 1863 Coming at the war's midpoint these elections provide an invaluable gauge of popular support for Alabama's role in the Civil War particularly at a time when the military situation for Confederate forces was looking bleak. The results do not necessarily reflect a society that was unreservedly prowar but they clearly establish a polity that was committed to an unconditional Confederate victory in spite of the probable costs Severance's innovative work focuses on the martial character of Alabama's polity while simultaneously acknowledging the widespread angst of Alabama's larger culture and society. In doing so it puts a human face on the election returns by providing detailed character sketches of the principal candidates that illuminate both their outlook on the war and their role in shaping policy
